to the border of Ontario and also from Kapuskasing souththis province. As a matter of in expediting the business of Mr. and Mrs. Frank Collins fact, very little explanation was loan them this huge amount of taxpayers' money.

Even though the Opposition Clatsop, Lewis and Clark's 1805- was unable to change the mind Prayer meeting will be held 06 winter quarters, has been of the government in respect to products such as gypsum prodwas it able to block this bill past products.

the deadline set by the government, it nevertheless produced tainly aroused a great deal of interest amongst Canadians throughout Canada. This was evidenced by the number of letters and telegrams that came pouring into the House of Commons addressed to various members as well as leaders, and by ple who crowded the galleries of the House every afternoon and evening, staying as late as 2 and 3 o'clock in the morning. with many hundreds waiting in the halls hoping to be admitted. It will be many years before such interest will again be displayed in what is happening on Parliament Hill. To those of us who were here as yewitnesses, it was an experience that we shall always remember and

benefit from. With this bill now out of the way, there is still a great deal of work to be done. There is some talk that parliament will be recessed and be recalled in the fall of this year in order to complete its business. It is a question whether the new rules applied in the House which have shortened the time and length of debate have had any effect the House.

Figures recently issued by the Dominion Bureau of Statistics show that new motor vehicle sales in the first quarter of this year were up nearly 12% over of March were the sharpest, almost 22% in number and 39% in value. There have been increases shown over last year in production of building and consumer
