## Base Line as County Road

At the July meeting of the Pickering Township Council, R. E. Sims of Whitby, county road engineer, discussed the county proposal that the Base Line from Whitby Town Line to Liverpool be assumed as a county road providing the Department of Highways would give sufficient grant leaving Highway 2 to be used as a by-pass road, and the Township would agree to close the Pickering Beach road, Station road and Brock road at 401 Highway. Council agreed in principle to the closing of the Pickering Beach road and Station road but felt that the Brock road should be served with a cloverleaf as it is the main artery to Brock Township.
