

HERE AND THERE

Mr. Tom Wedsetoff, a rabid football fan, has purchased a season's ticket and has acquired a seat on the 50 yard line for all Argo home contests. The Red Sox are appreciative of the donation...

IMPORTANT STEP

The Intermediate Softball Club has taken an important step forward this summer in attempting to organize a minor league setup whereby future talent will be available when some of the seasoned veterans decide to hang up their spikes and call it quits...

A POSSIBLE EXPLANATION

This week we received a letter from a Mr. "Anonymous" of Toronto, a spectator at the Brooklin-Stouffville girls softball on Wednesday evening of last week. The neutral bystander was rather critical of the plate officiating...

MUSSELMAN'S LAKE

Five miles north of Stouffville lies a picturesque body of water known as Musselman's Lake. During the week, the entire area is strangely quiet. Only the laughter of children playing on the sandy beach or the put, put, of a distant motor boat disturbs the silence...

Thornhill Blanks Sluggers 4-0, a No Hitter

Right hander Bill Bowen twirled a sparkling no-hitter to blank Buttonville 4-0 in the first game of a home and home round robin series played at Thornhill on Tuesday night. For nine straight innings, the powerful Sluggers were held off the score sheet...

Red Sox Smother Port by 21-5

Stouffville Red Sox climbed to within two points of first place Orillia on Monday evening when they soundly trounced Port Perry 21-5. The local squad hope to meet the Couchiching crew this week.

Monday's game was never in doubt from the first inning as Stouffville jumped into a four run lead. They added a pair in the second and fourth innings, four in the third and climaxed the route with a nine run outburst in the seventh. The visitors counted single tallies in the third and fifth and pushed three across in the seventh.

In the second inning, the Red Sox continued their batting spree and added two more runs to their total. Bob Hassard rapped a single through the infield and Don Haynes was safe when the shortstop bobbled the ball. Ken Schell singled, pushing Hassard and Haynes in with Stouffville's fifth and sixth tallies. Les Clarke went down swinging. Lorne Schell grounded out short to first but Hal Gibson and Graham Frisby received bases on balls to load up the sacks. Ken McFarlane was a strike-out victim to retire the side and leave the runners stranded.

Shorthanded Claremont Team Beaten 13-2

Mt. Zion took advantage of a weakened Claremont club to pound out a one-sided 13-2 victory in the second half of the Community League double-header on Monday night. In the other game, Greenwood took over sole possession of fifth place in the group by white-washing Raglan 19-0.

Claremont, minus six of their top performers, Geo. Gerome, Will Glidden, Jack Bradshaw, Lloyd Pascoe, Gary Evans and Bill Towner, looked like mere ghosts of the team that last season walked off with the league championship. For three complete innings, the homesters played with only eight men until Jack Hall arrived to fill the gap at second base. Jim Cruikshank worked on the mound with Gord Gauslin behind the plate. Ron and Murray Jones formed the battery for the winners.

Mt. Zion counted runs in every inning. They jumped into a 3-0 lead in the opener on tallies by Grant Jones, Doug Bryant and Jack Hill. They added three more in the second on a single by Grant Jones, walks to Ron Jones, Jack Hill and Grant Carson and an error on Doug Bryant's ground ball.

Eight more Mt. Zion players paraded to the plate in the third inning as, the 8th, concession squad moved into a 9-0 lead. Grant Jones was safe on an error. Lorne Disney singled and moved to third on a two base outfield error and Grant Jones walked, putting runners on first and 3rd. Mt. Zion's hard-hitting second baseman, Doug Bryant, clipped pitcher Cruikshank for a double, pushing the two front-runners across the plate. Claremont counted their only runs in the third inning. A pair of walks to Reg Sanderson and Earl Pilkey and a single plus a two-base error on Bob Redshaw's

the third inning. Bill Venning led off with a single and Redman walked. Jeffrey went down on strikes but McKee singled to score a run. Cawker, the pitcher grounded out Hassard to Ken Schell but Owen received a free ticket to load up the sacks. With two out, Lorne Schell caused Mark to bounce out second to first to end the attempted rally.

Soccer Team Bump Lindsay Booters 9-0

Although the Stouffville Senior soccer team is fighting an uphill battle to catch a spot in the group playoffs, their chances are quite good. On Saturday night they blanked Lindsay 9-0 to boost their goal average past that of their Markham rivals. The important game of the year will be played on Saturday, July 28th, at Markham. The result of this contest will possibly decide which club enters the money series. Stouffville is idle on Saturday night of this week while Markham and Aurora have a scheduled game. The Stouffville club may play Claremont in an exhibition tilt. On Saturday evening, the homesters unleashed a potent scoring attack and whitewashed their rivals. The Stouffville line-up was completely re-arranged for the contest. Nick Aland and Bill Assinck formed the defence while Helms Fronska, John Vlynkramer and Pier Vanacker were in the centre line. Jack Vera, Herman Humerlink, Frank Hulshof, Tony Boerstra and Al Hathaway played on the forward line. The top performers on the night's play were Frank Hulshof with 4 goals and Al Hathaway with 4 tallies. Goalie Walter Koster chalked up his second shutout of the season. It took Stouffville only six minutes to notch their first goal.

Nearly 50 Boys To Play Softball At Brougham

A full-scale softball organization program has been started in Brougham and the response by young boys in the district has been very encouraging. To date, close to 50 boys have shown interest in catching a position on one of the three teams. Bantam, Midget and Juvenile clubs have been formed and these entries will move into O.A.S.A. competition next month. Messrs. Grant Johnston and Bob Miller have been assisting in coaching the teams and other sports-minded citizens of Brougham have also been lending the scheme their support. Boys from Locust Hill, Green River, Brock Road, Audley, Atha, Greenwood, Kinsale, Mt. Zion and Brougham have been attending the practice sessions and exhibition games. It is hoped that in this way, replacements may be found for the men on the Intermediate team who may wish to retire in a few years time.

With the opening of Brougham's new floodlight park, chances of organizing minor league teams are much better. Previously, the Intermediate team was the only club in Brougham. The Minor League Management hopes that an even better organization program may be arranged when another season rolls around.

Soccer Team To Play Markham for Final Playoff Position

The two arch rivals, Stouffville and Markham, will battle it out on Saturday evening for the final playoff position. Kick-off time in Markham's Morgan Park has been set for 7 o'clock. At the present time, both clubs are deadlocked in second place, each with 9 points. The local team has 3 wins, 1 loss and 3 ties, while Markham has 4 victories, 2 losses and 1 tie. Either a win or a tie will put Stouffville in the finals, since their goal average is better than Markham's. The two winners in the other group are Camp Borden and Barrie. In the one-meeting between Stouffville and Markham, earlier in the schedule, the two teams battled to a 3-3 tie. Saturday evening's game is a rain-out contest that was scheduled for June 23rd. The standing to date is as follows:

Table with 5 columns: Team, W, L, T, Pts. Rows include Aurora, Stouffville, Markham, Newmarket, Lindsay.

Newmarket Here Thursday Night

Doug James and his Newmarket Legion softball team will be the visitors here on Thursday evening of this week. They will meet Buttonville in the second game of the round-robin Markham Twp. semi-finals. Three teams, Newmarket, Thornhill and Buttonville are presently battling for the right to meet in the finals. Bob Marriott will

Local Girls' Team Beats Brooklin with 19 Hits

The Stouffville-Peach's girls softball team clubbed its way to a decisive 29-17 victory over Brooklin on Wednesday evening of last week. The homesters whacked two visiting pitchers for a total of 19 hits in the nine inning contest. Joan Haynes and Doreen Jarvis shared the pitching chores for the winners. Mary Cole completed the battery.

Stouffville jumped into a one-sided lead in the early innings, and although Brooklin narrowed down the score on a number of occasions they couldn't pull back on even terms. At the end of the fifth inning, the local squad held a tight 16-15 edge but they pulled ahead in the sixth and salted the game away with a five run attack in the seventh.

Stouffville's utility catcher, pitcher and third baseman, Doreen Jarvis, paced the homesters plate attack with 3 singles and a triple. Centre fielder Betty Brooks clubbed three singles and a double; Gwenn Kennedy clouted four singles as did left fielder, Barb Rennie. Joan Haynes and Muriel Byer pounded out a pair of singles while Mary Cole and Joyce Roberts clipped Brooklin pitchers for one hit. Muriel Byer worked the visiting hurlers for 4 walks. The Brooklin girls committed 10 errors.

Stouffville held a 4-0 lead in the first inning on singles by Barb Rennie, Betty Brooks and an error on Gwen Kennedy's

Milk Industry Has Long History

Farmer Jones' ancestor's milked cows as far back as 9,000 B.C., judging from ancient records. Ancient Sanskrit writings over 6,000 years old list milk as one of the most essential foods.

Hippocrates, often called the father of medicine, is said to have recommended milk five centuries before Christ. Ancient stone carvings on buildings depicted milk containers and strainers in use 3,500 years ago.

The first cows were brought to North America by Christopher Columbus on his second voyage to this continent in 1495. Ever since then the dairy cow has been a vital source of food and has played a big part in the North American economy.

In Canada today, the milk cow population numbers over 3,312,000, statistics show. These cows produced a total of over seven billion pounds of milk during 1955, or at a rate of 2.58 lbs. of milk to fill a quart - about 9 billion quarts of milk!

Gross value of the Canadian dairy industry is estimated at over \$900 millions. About 66 percent of Canada's dairy production comes from Central Canada, 22 percent from the Prairies, seven percent from the Maritimes, and five percent from British Columbia.

Figures reveal butter used up 46 percent of Canada's milk production in 1954. An other 30 percent was sold as fluid milk, while cheddar cheese called for 6 percent of all milk produced. Evaporated and powdered milk

took up 5% of the milk supply and 3% was made into ice cream. Ten percent of all milk produced was consumed on our farms.

The prices of foods generally in Canada have risen 33% more since 1939 than the price of milk, according to statistics released by the Ontario Milk Distributors' Association.

Foods in the aggregate have risen 124% since 1939, the O.M.D.A. reports, while the price of milk has risen only 91% ability to keep the lid on milk prices is attributed by the O.M.D.A. to the industry's improvement in methods of producing, processing, and distributing of milk and milk products.

This "streamlining" in operations has improved cleanliness from farm to refrigerator, authorities say. Today's dairy cows they point out, are fed and milked, groomed and housed in sanitary, disinfected barns.

Most of the milk for fluid milk consumption sold to dairies is drawn quickly and efficiently from the cows by sterile milking machines into thoroughly cleaned and sterilized containers. Chilled at once to give utmost assurance against bacterial infection, it is kept chilled and covered on its way to the dairy.

As soon as the milk enters the dairy, it is sample tested for quality. Only milk up to health standards is accepted. In recent years Ontario bottle milk producers have established an enviable reputation in this respect.

After weighing and sampling, (continued on back page)
