Truck Plunges Through Barn Floor — Riders Escape

Mr. Ray Wood and Barry, and Mr. John Hodgkinson had a rather harrowing experience of plunging through a barn floor with the truck on the cutter farm at Zephyr last Friday. The service of a house-moving crew was required to extricate the truck, the operation lasting a day and a half. No one was hurt and the damage to the truck was negligible, which, unfortunately cannot be said about the barn floor. Mr. Hodgkinson (Gramp) is having a few days holidays with the Wood family.

Those of our number who attend the Stouffville Sales Arena would like to extend sympathy to Mrs. Scott in the death of her daughter last Saturday. Deanna was a popular figure in the restaurant there and will be greatly missed by all her friends.

Mr. and Mrs. Roy Zeller and Kenneth motored to Burlington on Saturday, visited with Mr. and Mrs. Joe Harrison (formerly Alta Zeller) and brought home a load of Elberta peaches. Guess what Peggy's doing this week.

Mr. and Mrs. John Sheridan attended a shower for a cousin, Miss Leona Atkinson, at the home of Mr. and Mrs. D. H. Fines, Newmarket, on Saturday night.

Miss Swift of Toronto visited with her niece, Mrs. Jim Harris and family on Sunday.

Three couples in our neighborhood celebrated wedding anniversaries on Wednesday, Sept. 26th. Mr. and Mrs. Elmer Bentley and Mr. and Mrs. John Sheridan have been married fourteen years each, while Mr. and Mrs. Clarence Pipher have reached twenty-eight years. It was also Mrs. Bentley's birthday. Congratulations everyone.

Mr. Ernest Taylor had the misfortune to step on a nail the other day and he has been laid up since with a very sore foot. This is a bad experience for any farmer this season, but especially for a tomato grower, since the crop is at its peak. Last week's frost did little damage to the tomatoes.

Mr. Thomas Harding of Milliken visited Sunday with his daughter, Mrs. Sam Barkey and family.

FILM COUNCIL NEWS

How Time Flies!
 It hardly seems any time since we closed off operations of the film council for the summer. But now it's time to begin thinking about our fall and winter program.

Our film programs are being lined up, and we will soon be getting in films, so as soon as we have a list of them, we will let you know the titles, and when they should be in each district. There are quite a few new operators to be trained. And also a few who would like a refresher demonstration. So, if you would like to sit in on training, please advise one of the undersigned immediately.

There are spots in our booking program where we can accommodate a couple more members — either new members or renewals. As you know, we supply a projector and a block of films each month for 10 months for an annual fee of \$15 for a one-roomed school (\$5 additional for each room in the school), or \$15 per year for an organization, such as a club, association, institute or business.

And now for the good news! The Annual Meeting and Fall Conference of the Federation of Film Councils of Eastern Ontario is being held this year at the Public Library, OSHAWA, on Friday evening and Saturday, September 28th and 29th. That's this weekend. The conference begins at 7 p.m. Friday night, and goes through until mid-afternoon Saturday. Can you plan to attend?

This is the first time that I can recall that the conference has been held in this part of Ontario. Previously we have travelled to Pembroke, Picton, Belleville and Prescott to attend these meetings, but now that it's so close to home, we hope you will make it a point to attend.

There is no registration fee, but Miss Kathleen Healey, secretary-treasurer of the Federation would like to know how many to cater for on the Friday evening at the get-to-know-the-other-fellow-film-user Coffee Party.

She also requests the names of our official delegates, so if you can attend, we would like to advise her right away, as official delegates have the opportunity of voting and taking an active part in proceedings.

Dr. H. W. Curran, professor at Queen's University will introduce a new N.F.B. film "World in a Marsh". Mrs. Mackey-Smith of Ottawa will introduce the latest film in the Ages and Stages series "Tens to Twelves". Mrs. Mackey-Smith wrote the script for the film and helped in its production. The above takes place Friday evening, then on the Saturday at the luncheon, the guest speaker will be Mr. John Barnes, Supervisor of Presentation, C.B.L.T., C.B.C., who is an excellent speaker and will be well worth hearing.

Can you attend? Please call... right away if you can arrange it.

Frank (Bill) Baker, Port Perry 478, Clare Keevil, Past President, Claremont, phone 81.

Box Grove

BOX GROVE
 Our English weather continues and time flies on. Just think, only three months till Christmas! And this weekend we go back to standard time, so don't forget to put your clocks BACK an hour.

Sunday, September 30th, is Rally Sunday at the Box Grove United Church and the Church Service and Sunday School will both be held at 11:30. All parents of Sunday School children are asked to attend this special service.

Happy birthday to Edgar Connor on Thursday, to Lalla and Laura Armstrong who will be 7 years old on Friday, and to Clarence Deeger whose birthday is on Saturday.

The October meeting of the Box Grove W.A. will be held on Wednesday, October 3rd, at the home of Mrs. Harmsen at 8:30 sharp. Projects for this meeting are a "white elephant auction" and the completion of unfinished articles for the bazaar.

DICKSON'S HILL

Mr. and Mrs. J. W. Wideman and Carol, also Mr. and Mrs. A. J. Pickering and Shirley, were Sunday dinner guests with Miss Elizabeth Wideman. The Widemans have just returned from a trip West, where they visited relatives before continuing to the Pacific coast.

Ladies from Stouffville, Mt. Joy and Gormley were present at the Women's Missionary Society meeting at the church on Tuesday evening. Mrs. Lloyd Wideman presided. Mrs. S. McKuen and daughters gave a musical selection, and Miss Eleanor Moyer showed slides of the Canadian Sunday School Mission Camp at Dorion. Eleanor accompanied Miss Mary Nell, worker at Saul Ste. Marie by motor as far as Sandbury, thence to Fort William by rail to be greeted by frost and snow.

Relatives and friends gathered in the spacious home of Mr. and Mrs. Ward Hallman last Friday evening to honor Miss Doris Lott, who is soon to be married to Mr. Wm. Clark of Toronto. Mr. Ben Gayman presided over a short program consisting of chairman's speech, piano solo by Mrs. Geo. Sala, accordion selections by Janet Hallman, and a reading by Mrs. Fred Nicely. Lovely gifts were presented to the couple who expressed sincere thanks and pleasure in meeting those present.

Mr. and Mrs. Wm. Grove were present on Sunday at the silver wedding anniversary of Mr. and Mrs. Ivan Leadley of Uxbridge. A number of years ago the Leadleys were residents of Dickson Hill and their friends here extend their congratulations.

Running expenses are hardest to keep up with when you are a fast stepper.

BALSAM

The Active Service Class met last Wed. night at the home of Mrs. Lloyd Wilson. The meeting opened with a hymn followed by prayer by Mrs. Walter Carson. The Scripture from Heb. 11 was read by Mrs. Leslie Hart. It was decided for the next meeting to have a 'community Halloween party' at the school October 31st. Mrs. Allan Carson then gave a talk on her recent trip to the Western provinces. The meeting closed with a hymn and benediction.

RINGWOOD

On Monday evening, Sept. 24, all the employees and families of Reid's at Ringwood gathered at the home of Mrs. A. Emmer-son and held a surprise party for Mr. and Mrs. A. Reid who were celebrating their 24th Wedding Anniversary. A corsage of red roses was presented to Mrs. Reid. A photo was taken of the couple as they were cutting the beautifully decorated anniversary cake. After an enjoyable evening of games, a delightful lunch was served.

Bungalows by Burro

The United Nations estimates that 150 million families in underdeveloped areas lack adequate housing.

One answer is a frameless, build-it-yourself house designed by Canadians of Canadian aluminum. It needs no foundation; is non-corrosive and verminproof; is so lightweight that it is packed in cartons easily carried by plane, jeep or even burro.

The Colombian government has ordered 3,200 of them to help relieve the shortage of rural housing in that South American country. So it's not surprising, with aluminum travelling so far and doing so much, that Akan is again increasing its smelting capacity in both Quebec and British Columbia.
