## Neighbourly News from The Ballantrae District

The ladies at Vivian Church put on a Pot Luck Supper last week which was well attended.

The Home and School held their General meeting on Nov. 14. The parent attendance was not too good but we feel that sickness has played a big part in keeping the parents at home. All the teachers were on hand, which is greatly appreciated.

Mr. Herbert gave us a brief outline on how participants in the public speaking contest receive their points. Frank Harris of Bloomington, age 14, who was placed fourth in the finals held at Newmarket for Public Speaking, was our guest speaker. His speech was very impressive, the topic being the dangers of alcohol.

Mrs. Wylie, president of the Home & School Assoc., presented Frank with a dictionary as a tribute of our appreciation. Mrs. Windsor's Class has the banner for this month. We wonder which class will have it next!

It was decided at the general meeting to enter a float in the Christmas parade in Stouffville December 1st, being sponsored by the Spofford's Store in Stouffville. A Committee was formed with Mrs. K. Rogers acting as chairman, assisted by Mrs. H. Crowhurst, Mrs. G. Mitchell, Mrs. H. Manuel and Mrs. S. Hubbard. Their plans sound very interesting; we can hardly wait to have a peek at their float.

Mrs. Mel Baker gave a Ronald demonstration on Monday with 22 ladies attending.

Bill and Eleanor Simpson have chalked up another year, their wedding anniversary being on Tuesday, Nov. 20th. The family planned a surprise party and it is our hope that it was a success.

Mr. and Mrs. B. Babcock were supper guests on Saturday of Mr. and Mrs. J. Clarke.

Children's meetings are being held this week at the Vivian Church between 4 and 5 p.m. Rev. John Boyd is on hand to make the program very interesting. All children are welcome. Pie Social Nov. 30

Stop! Read! and Remember this date — Friday, Nov. 30th, 7.30 p.m. The W.A. members of the Ballantrae United Church have planned another pleasant evening for everyone, called a Pie Social with all the ladies attending bringing a pie, yes, this means you, too! You don't have to be a member to bring a pie. A touch and take table has been planned also. Each member has been requested to ask six friends to donate a gift already wrapped that will be of a value of 25c. These gifts will be placed on a table for the people attending the pie social to touch and buy for 25c each; also each member has been asked to make up some fancy goods which will all be on display to help those wonderful people who will be attending to solve their Christmas problems. It is the hope of the W.A. that each member will make an apron. Remember, everyone is welcome.

Mrs. Marg Pollard is staying with Mrs. O. Flewell while Mrs. G. Cook is spending a few days with her granddaughter, Mrs. B. McBride of Newmarket.

Sorry to hear that Fred Jaynes and Audrey Bennett are on our sick list this week. We do wish them a speedy recovery.

Mr. and Mrs. T. Phillips attended the wedding of Miss Kay Hull to Mr. Ross Flint at the

Kingston Road United Church at 3 o'clock on Saturday, Nov. 14th. The reception was held at the Fantasy Farm.

We don't know if this is a sign that a cold winter is ahead but Mr. Bob Radford Sr. has been cutting wood for the past week and that pile is mighty big.

We thought that perhaps everyone would be interested to know that the teacher problem is over at the Ballantrae United Church Sunday School. Mrs. A. Watson teaches the kindergarten, Mrs. G. Hineman the junior class, Mrs. T. Phillips the intermediate girls and boys class, Mrs. M. Wright the senior girls and Mr. J. Watson, Supt., the senior boys.

Mrs. Dorothy Morning and girls spent the weekend with Mr. and Mrs. B. Radford Sr.

Mr. and Mrs. James Paterson of Edmonton, Alberta, were weekend guests with Mr. and Mrs. J. Paterson.

Mr. and Mrs. G. Christenson of Willowdale and Mr. and Mrs. N. Simmons of Toronto were Sunday guests with Mr. and Mrs. G. Hineman.

Remember the euchre being held at the Ballantrae school this Friday, Nov. 23rd, at 8 o'clock. We would like to mention that all money taken in at these euchres will be turned over to the Home and School Assoc. as a help towards their goal this year to provide the school with a projector. All reports on the Christmas Carnival to be held on Dec. 8th sound very exciting. The school will be open early that day for any one wishing to send baked goods; also remember if you have anything else you wish to donate get in touch with Mrs. McLennan, Mrs. J. Wallwork or any of the executive members. We will be only too pleased to pick up your donations.

## YOUR HEALTH

### OFF DAYS

Everyone has "off days". Of course in the average routine of business this is not dramatized as it is when the Home Run King strikes out four times in one game, or when one of our Hockey Stars goes scoreless three games in a row.

But then everyone is entitled to one occasionally. That we might say is human. But when they come too often, it is wise to look for a cause. When the cause is found in time, the correction is usually easy for the average person comes into the world equipped with a good body and a good mind.

Still there are trivial little mishaps and disorders that can pave the way for major disorders. These are the ones that

at first may be the cause of that occasional "off day". If not corrected, there may be later on, more off days than good ones. And, if you have a potentially good mind or body, which is below par because you are neglectful, well—you are really an invalid to the degree that you are below your normal best.

For keeping the body in tune and in tune, millions have found that the science of Chiropractic has the answer to their needs. By careful analysis of spinal distortion and body balance, and release of nervous tension by manipulative adjustments, Chiropractic has reduced to a minimum the number of their "off days".

## Musselman's Lake News

The last Home & School meeting was not too well attended. There was quite a bit of competition. Almost all the men folk in the area were off hunting or bowling and then too there are still several families in quarantine. Let's hope the coast will be a little clearer come December.

Those who were able to attend enjoyed a very interesting evening. Mr. Herbert gave the parents some idea about how the Board of Education marks the children who enter public speaking contests and to illustrate, the winner of the local contest, Frank Harris from Bloomington School, gave the same address that won him the contest. It was well done and proved why he won over the others. The two important business items that came up during the meeting were the Christmas Carnival and participation in this year's Christmas Parade in Stouffville. Plans for the Christmas Carnival are going along well and the date has definitely been set for
