Two of our neighbors find it necessary to move their houses to make way for the new highway. We hope they will like their new location after they are settled on a new foundation, and lawn level and green again. **Counties to Pick Prettiest Dairy Maids for C.N.E.**

The C.N.E. Dairy Queen Competition which was so successfully started last year will be held again this year, sponsored by the Milk Producers co-ordinating Board, C.N.E. and the Toronto Telegram.

Last year 50 contestants for the competition were arranged for by the Dairy Breed Assoc. and were selected from the vicinity of Toronto, and many of the folks from the rest of the province wondered why they hadn't been given an opportunity to show off their milkmaids.

This year the committee felt that the counties and districts should each be given a chance to display their best milkmaid so that when the final competition was held the winner will truly be The Dairy Queen of Ontario.

In order to make it possible for York County to participate and try to bring the laurels to this county, a local committee has been formed from the farm organizations and a preliminary contest will be held in York County to select a York County Dairy Princess that will go on to the finals at the C.N.E.

The Contest is open to girls (married or single) 16 to 29 inclusive, resident of York County. Judging will be on appearance, self expression, and the ability and efficiency in operating a milking machine in milking a cow.

For further information or entry forms contact George Hooper, Gormley R.R. 2, secretary of the committee.
