

Contract let for New United Church Building

Contract for a new 9-storey headquarters building for the expanding United Church of Canada has been let to the firm of Jackson-Lewis Co. Ltd., of Toronto. It was announced by Rev. Ernest E. Long, D.D., Secretary of The United Church's General Council. Bidding was by tender. Ten firms submitted tenders. Approximate cost of the new building will be \$1,500,000. Building will begin at once on the site already held by the Church on St. Clair Avenue E. at Avoca Avenue. Completion is expected by February of 1959. A Leslie Perry of Montreal is the architect.

The new Church headquarters made necessary by overcrowding of space in the old Wesley Buildings on Queen Street W. will have office space of 75,000 square feet. Parking for 90 cars will be provided. Financing of the new structure was outlined by the Church treasurer, Rev. Victor T. Mooney, D.D. He said: "The Board of Finance has arranged for the financing of the new United Church office building without a special campaign for funds and without the use of any of the annual Missionary and Maintenance givings. The Church will borrow from its own funds to pay the building costs. These will be repaid with interest over a period of years solely by using for this purpose the annual interest on the Stabilization Fund, a reserve fund which has been built up over the last dozen years. Formerly, the interest on this fund has been added to it. It is calculated that, in this way, the cost of the new building will be repaid, with interest, to the borrowed funds of the Church in less than 15 years."

"Many persons, and some organizations, have expressed a readiness to make gifts for new furnishings and the beautifying of the chapel. The Building Committee expects at an early date to publish a list of projects, such as the provision of suitable tables and chairs for the Board Room and the committee rooms and the installation in the chapel of stained glass windows, panelling, carved woodwork, pews, and an organ."

Dr. Long said that the new headquarters buildings will bring together several departments of the church now housed in different locations throughout Toronto. The Berkeley Studio, where movies, radio and film strips are made, will remain where it is for the time being.

Some 17 Boards and Departments such as Overseas Missions, Home Missions, Christian Education, will be housed in the new building. There will be a chapel, library, suitable committee rooms, and a small lunch room. Ceremony of the laying of the corner-stone is being planned for early in 1958.

LICE EAT MEAT
Blood and energy are lost, milk, meat, and egg production go down when livestock and poultry are infested with lice and mites. You'll find it easier, faster and more profitable to get rid of them with a HOWARD PRODUCT.

BALSAM & MT. ZION
Mrs. B. Jamieson
Mrs. Allan Carson and daughter spent last week with her parents at Orillia.
Mrs. Percy Jones and Keith are the latest chickenpox victims.
Mrs. Bob Shank and son of Sudbury spent last week with her parents, Mr. and Mrs. Walter Carson.
Several from here attended anniversary services at Greenwood on Sunday.
Mr. and Mrs. Harold Brooks and son of Guelph visited last Thursday with her mother, Mrs. Frank Coultis.
The Mission Band met last Saturday at the home of Mrs. T. Jordan with 19 children present.
Sunday visitors at the Jordan home were Mr. and Mrs. Neil Weir of Bradford and Miss Shirley Shoemaker and Mr. Richard Pearce of Toronto.
The bazaar and supper will be held on Friday, November 15th. Bazaar will open at 3 p.m. and supper from 5 until all are served.

FOR LICE ON BEEF CATTLE, DRY COWS, HOGS AND SHEEP USE HOWARD STOKPEST SPRAY.
STOKPEST SPRAY contains lindane. It's safe, more effective against lice. Gives better coverage and far better kill. 20 oz. can costs only \$1.40, makes 10 gallons.
(Stokpest is also available in powder form — a 2 lb. duster can costs only 99c.)
FOR LICE ON MILKING COWS USE HOWARD STOKPEST SPRAY OR COWPEST POWDER.
FOR POULTRY LICE AND MITES USE PEN PEST LITTER DUST over the litter. 10 lb. bag costs \$2.25, treats 600 sq. ft. Each rat on your farm costs you over \$20.00 a year. Kill all of them — and mice too — with HOWARD RAT KILL (WAR-FARIN) MEAL or PELLETS in water form.

Neighborhood Notes
Halloween is the big event this week, and on Thursday evening, Oct. 31 at 7 p.m., the neighborhood spooks and goblins will gather at Buttonville school. Playing hosts will be members for a big party to celebrate. If the Home and School Association and a special program has been planned for small children and their parents, from 7 p.m. to 8.45. After 8.45 there will be dancing for the teenagers and young people of the community. Refreshments will be served and each child will receive a "shell-out" gift. Costume parade!

Grace Rodick spent last weekend here with her parents. She came from London with Western University students for the Varsity-Western football game at Varsity last Saturday.
On Wednesday evening of last week, Mr. Richard Tribbling held a stag party at his home for John Brumwell, a bridegroom of last Saturday. After a hilarious evening, John's friends presented him with a gift of money.
Margaret Hood, a popular bride of the season, was entertained by many friends prior to her recent wedding. Former business associates at the Toronto Dominion Bank, North Yonge Street, entertained at a miscellaneous shower at the home of Mrs. MacIver. Imperial Oil office associates also held a shower. Other miscellaneous showers were given by members of the bride's family at the home of Mrs. Harry Broadway, Unionville, with Mrs. H. R. Paterson assisting; and members of the groom's family met at the home of Mrs. Reld Brumwell, Victoria Square, and the hostess's daughter, Mrs. Richard Tribbling assisted. A community shower was held at Leitchcroft Farms with Misses D. Hood and M. Gough hostesses. Miss Mary Gough entertained at a kitchen shower. The Junior Farmers and Brown's Corners Church choir each presented gifts. At a trousseau tea held at the home of Mrs. Wm. Hood, the bridegroom's mother, Mrs. Bill Hood, Mrs. James Hood, Mrs. Bob Hood and Mrs. Keith Hood, the bride's four sisters-in-law.

BRUMWELL - HOOD
Floral arrangements of autumn toned chrysanthemums graced the altar of Brown's Corners United Church on Saturday, October 26, when Margaret Eva, daughter of Mr. Leslie A. Hood, and the late Mrs. Hood, became the bride of John Gooderham Brumwell, nephew of Mr. and Mrs. John Donaldson. Rev. W. G. Burton officiated at the double ring ceremony, and the wedding music was played by Miss Dorothy Hood, a cousin of the bride. Mr. Gough was soloist, and sang "I'll Walk Beside You" and "Because." Given in marriage by her father, the bride was beautiful in a gown of white nylon chiffon and lace. The fitted lace bodice featured a picture neckline with shirred chiffon trim and the long bouffant chiffon skirt was banded with wide lace inserts. Her tulle illusion veil was caught to a double coronet of iridescent pearls and sequins, and she carried a plumage cascade of white chrysanthemums and yellow sweetheart roses. Her attendants were Miss Mary Gough, maid of honour, and Mrs. Robert Hood, bride's maid. They were attired in similar heavy satin waist-length gowns of jewel-toned green, with contrast in the deeper tone of the dull reverse side. They were fashioned with Empire yokes of full reverside satin, crossing in front, forming a low décolletage, and cap sleeves. The skirts were princess line, faring into crisp bouffant folds. They wore crescents of leaves in their hair, and carried plumage bouquets of autumn toned mums. At the reception, which was held at the Summit View, Mrs. Wm. Hood, a sister-in-law of the bride, received wearing a gray tweed sheath dress with wide white collar, large black velvet hat and accessories. Her flowers were garnet sweetheart roses.

Mrs. John Donaldson, receiving for the groom, chose a gown of green wool, with matching hat and accessories and a corsage of token roses. For travelling, the bride changed to a russet-toned sheath dress with fitted jacket and a beige wool coat. Her hat and accessories were brown, and her corsage was a Cypripedium orchid. On their return from a motor trip, Mr. and Mrs. Brumwell will live on No. 1 Highway in the Button-

ville area. Out of town guests attended from Windsor, Delhi, Buffalo, and Cleveland. The groom's grandfather, Mr. Gooderham of Wexford, attended, but the bride's grandmother, Mrs. Rachel Walker, was unable to be present, so the bride and groom visited her following the wedding and presented her with the bridal bouquet.

Glasgow

About 75 boys of newly formed 242 Scout Troop and Cub Pack (East York) held their first all-day hike at Pleasant Valley Farm last Saturday.

Our community extends their deepest sympathy to the family of the late Mrs. R. Brown; also to Mr. and Mrs. Brethour and the many friends of the late Mrs. Clarence Stafford.

MT. PISGAH

Mr. R. C. Baycroft attended the Jack Steckley Night and presentation held at Langstaff last Wednesday evening. It was sponsored by the Judging teams and Short Course Class, while Mr. Steckley was Agricultural Representative for the County of York.

Mrs. Alma Underhill of Aurora and Mrs. Isaacs of Lindsay called on their cousin Mrs.

BLOOMINGTON

Mr. and Mrs. H. Mills and son Paul of Toronto were Sunday guests at Mrs. Tait's. Our community was quite shocked when informed of the sudden death of Mrs. Clarence Stafford on Sunday. We extend sympathy to the relatives of the deceased.

Mr. and Mrs. E. Lemon and Jonathan were at his brother's, Mr. and Mrs. M. Lemon at Morrisburg over the weekend.

Mrs. Lemon Paisley has gone to visit at her daughter's, Mr. and Mrs. J. Jonson's, Brampton.

RINGWOOD

The Excelsior Club met at the home of Mrs. Holt. The Thanksgiving program was enjoyed, especially were we grateful after hearing Mrs. Holt read an account of the mission work among the Indians and Eskimos by Bishop and Mrs. I. Stringer in the nineties and early nineteen hundreds. Our visiting soloist was Mrs. Oldham.

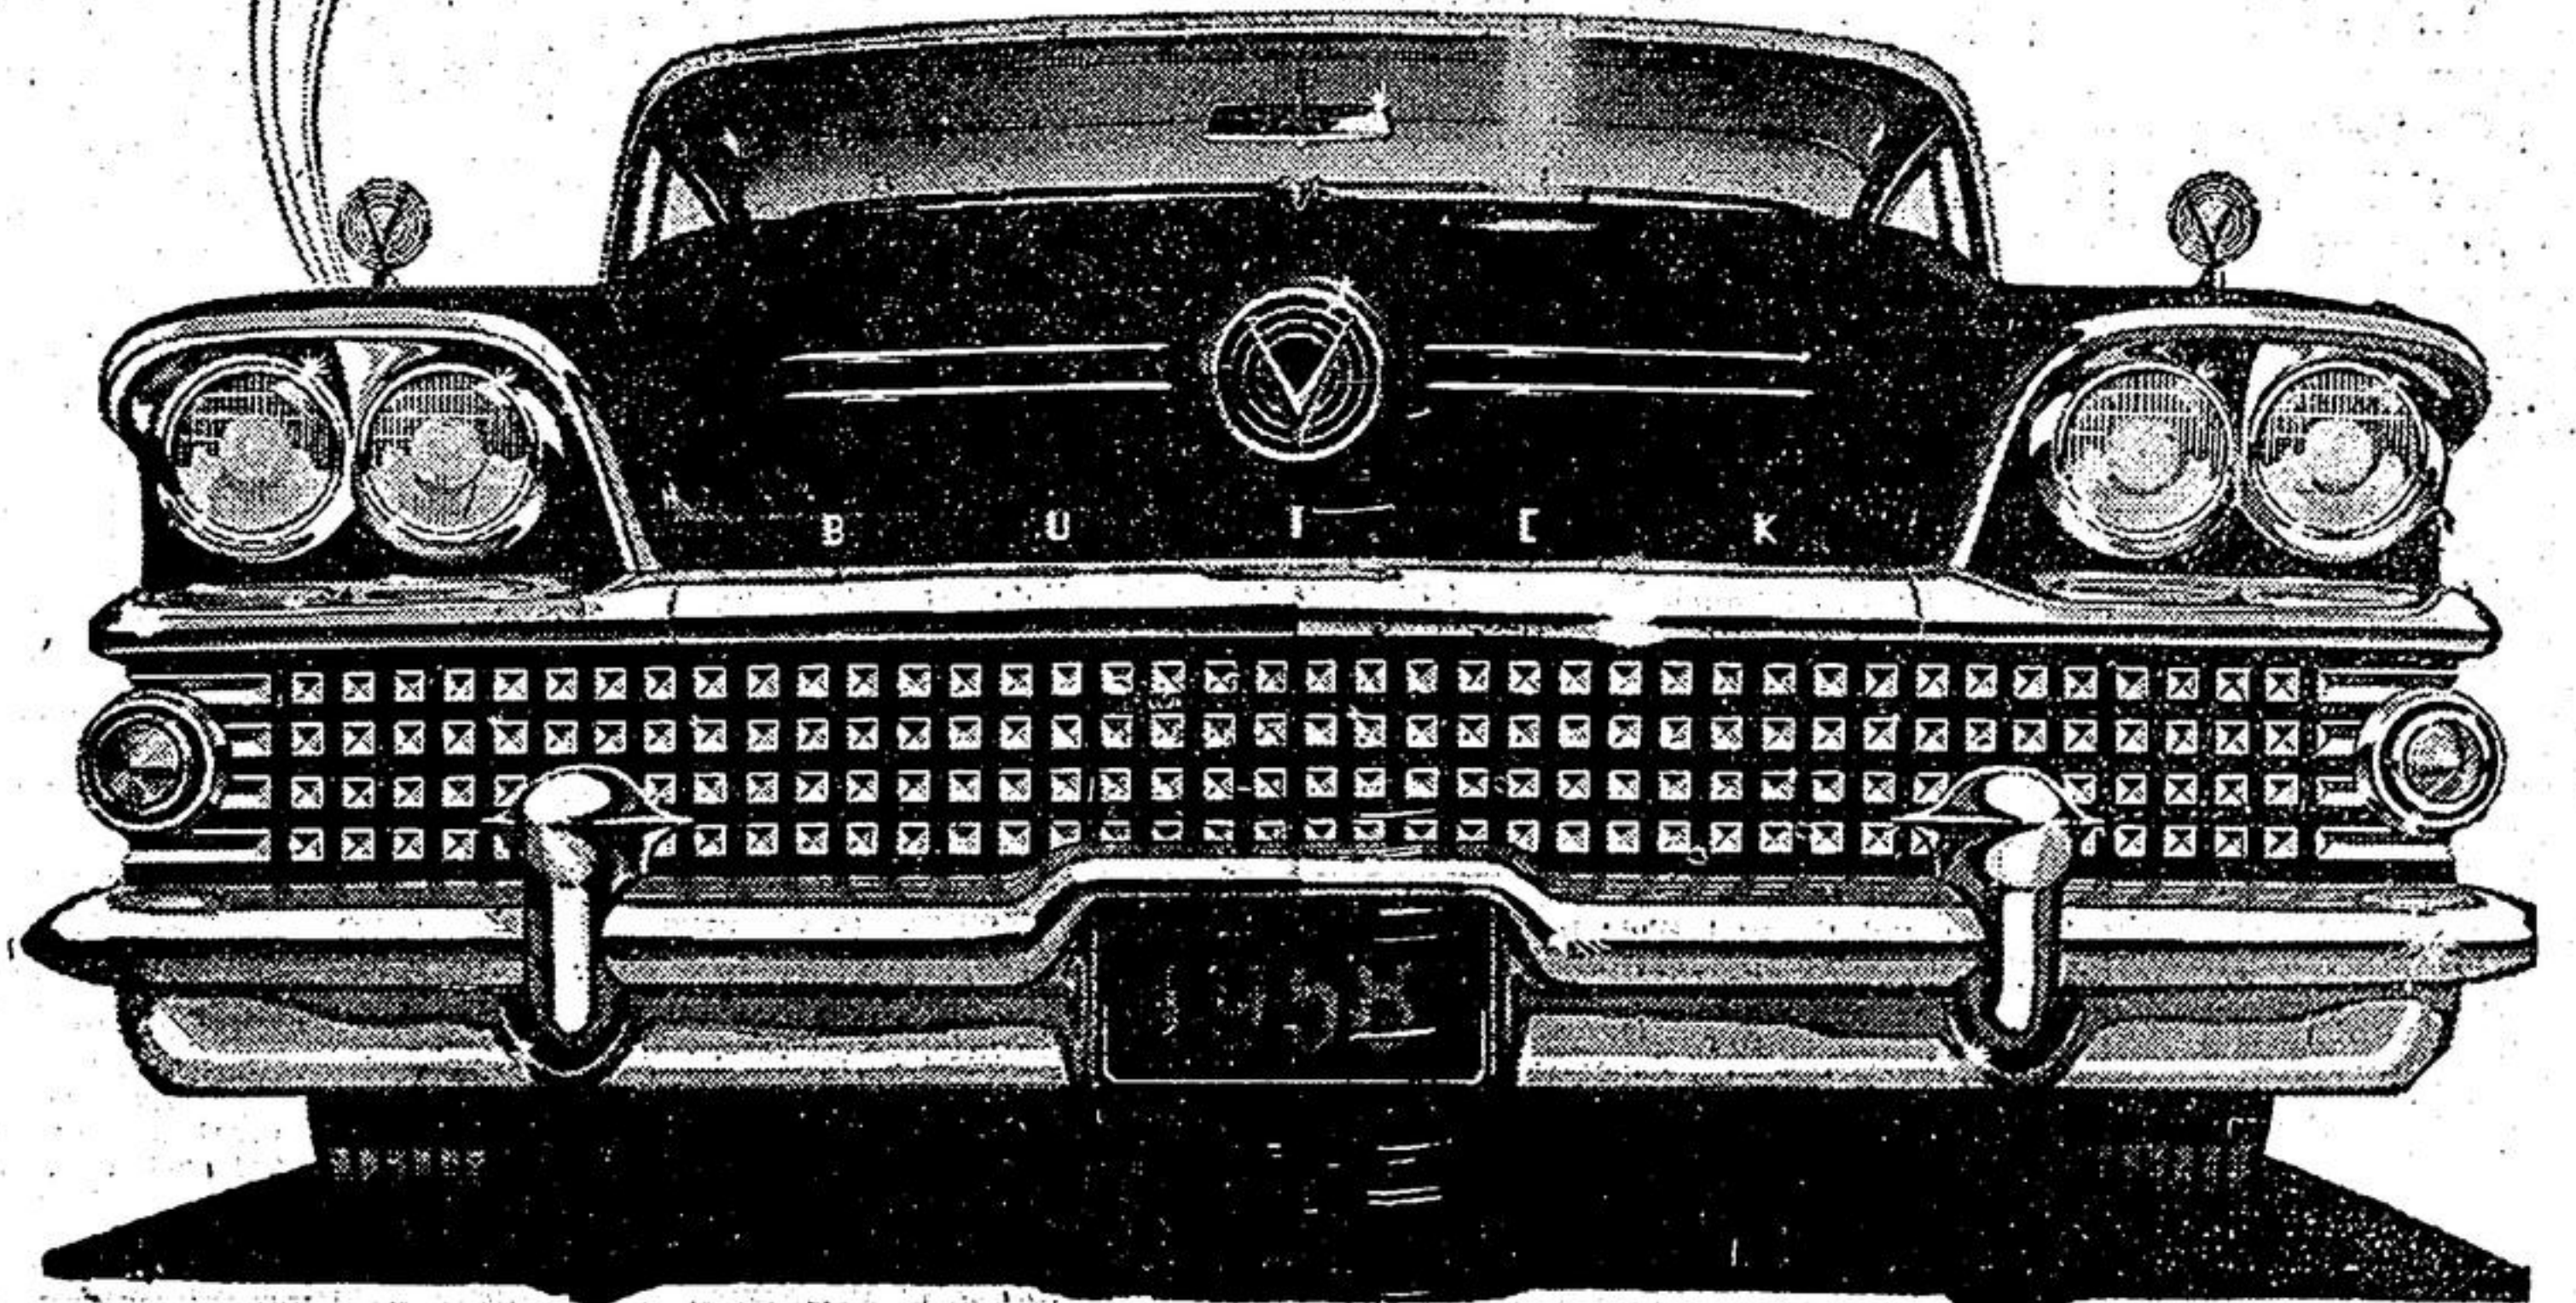

Mrs. J. Fockler, Mrs. E. Brownsberger, Mr. and Mrs. A. Fockler, Mr. and Mrs. Fred Steckley motored to Toronto on Thursday evening to attend congregational supper of manual Church on Wetherlaw on Thursday.

The many friends of the Rev. D. C. Percy are thankful to know of his speedy recovery from a condition which is not so serious as first suspected.

We extend our sympathy to the family of the late Mrs. Stafford whose sudden passing on Sunday was a shock to the community.

Reasonable speed allows more time to act. Drive Safely.

You're face to face with the **B-58 BUICK**

It looks and feels like flight on wheels

It runs on gasoline and rolls on wheels. But beyond that, all similarity between this 1958 Buick and any other car you've ever known comes to a decisive end.

This B-58 Buick is literally born of aviation principles—starting with a greater use of aluminum than ever before, and going on from there.

With this stunning automobile you're in the forefront of styling's freshest advance.

With it you boss the B-12000 engine—command through a transmission that's the big talk of the automotive world—feel a modern miracle in buoyancy of ride, plus the never-before wonders of Buick Air-Poise Suspension.

With it you can drive with more magnificent advances in automobile design and engineering than history shows in any single year.

This B-58 Buick is ready now in look and line and lift and life to thrill you to a tingle. Go see—at your Buick dealer's.

—ALL IN ONE YEAR

IN THIS BIG, BUOYANT BUICK

Miracle Ride Plus Buick Air-Poise Suspension*—You ride on four self-levelizing columns of compressed air—stay on a constant level, regardless of passenger load or road conditions.

Flight Pitch Dynaflow™—Lets you switch the pitch a million ways for exact power delivery at every phase of travel—gives smooth, instant response.

B-12000 Engine—Up to 10 to 1 in compression, and with 12,000 pounds of thrust behind every piston's power stroke. Most modern engine possible to build for today's fuels.

Sparkling Fresh Styling—From wide-sweeping Dynastar Grille to steeped tail towers, this is the bold face of fashion for '58.

Air-Cooled Aluminum Brakes—Heavier-lined, extra-powerful brakes with 45 radial fins that fan in cooling air. Smoother, more positive braking and longer lining-life. (Standard on front wheels only on most models.)

Magnificent Changes Through and Through—"Velvet-wall" sound silencing, hidden exhausts, centre-of-parcussion vibration control, ball-joint handling—plus many others.

When better automobiles are built Buick will build them
