

## Ballantrae News — Musselman's Lake News

We say goodbye to another family in Ballantrae. Mr. and Mrs. J. McKee have sold their lovely home on the 8th and moved back into the city. Mr. McKee has not been too well lately; we all hope he improves in health in his new surroundings.

Last Friday's Euchre was pretty good, considering the amount of illness in the community — 9 tables. Everyone had a nice time and the lucky ones were Mrs. Oliver, Mrs. Yake, Mr. Davis Sr. and Mr. H. Thomas. The next one will be held on Friday, Nov. 8th at 8:30. Try to make it. In regard to the Euchres, they are badly in need of chairs and tables — mostly chairs, though. If any of you have any chairs you'd like to donate to the cause, please phone either Mrs. Watson 6628, or Mrs. Wylie 5431, and they will be only too pleased to pick them up.

The Brownies held their swearing in service last Saturday morning and 8 little girls are now full-fledged Brownies. There is still lots of room in the pack for new applicants, so if your little girl is between 7½ and 11 why don't you bring her along to the Church on Saturday morning at 10 o'clock. We know she'll enjoy the other girls and have a lot of fun as well as getting some good sound training for the future. The Brownies meet every Saturday from 10 to 11:30 at Ballantrae Church. Mrs. Muriel McDermott is their very capable leader and if there is any information you would like concerning this

Don't be a "Wait-a-while"

# BE WISE . . . WINTERIZE Now

You'll get better service, faster, if you do.

Many of us do "wait-a-while" before we have our car winterized. We wait until that first snowflake falls — and then it seems that every other motorist wants winter service at the same time.

Why stand stalled in that last-minute line-up, when your local service mechanic is waiting right now to make an early appointment for complete winter Car Saver Service. He can service your car faster, because he can schedule his work load better. He can

give you a more complete check-up, because he is not rushed. Often, he can service your car more economically, too, because he does not have to pay for overload "extra hours."

But the real benefit is in the peace of mind you have: when you winterize early, you know you are ready for that first sudden cold snap. You know the small investment you make now will more than pay for itself in protection against costly winter repair bills — and those embarrassing "can't-get-started" stops.

For greater safety, comfort and appearance make your appointment early for
