W.M.S. Meeting -

The January meeting of St. James Auxiliary of the W.M.S. was held at the home of Mrs. A. G. Thompson. The president, Mrs. Stevens, opened with New Year's message. Annual reports were given and were very gratifying, showing a substantial increase in giving. The devotional period was in chargeof Mrs. Thompson's group, the theme being "What doth God require; of me?" Several meditations were read from different passages of Scripture. Addiscussion on the theme was presented in an inspiring and soul search. ing manner, which called for serious thoughts toward the New Year.

The following quotation was read at the close: "Stewardship has been described as a commitment, or dedication of life to God through Jesus Christ. It is man's grateful response to God's redeeming love." Mrs. Thompson installed the new officers for 1958, and a vote of appreciation was tendered the two retiring officers, Mrs. C. Morris as 1st vice president, and Miss A. Duncan, treasurer, for their years of service which had been given to the society. A social time was very much enjoyed at the close of the meeting.

CONCENTRATE balanced feeding

You don't get maximum. results from your poultry or live stock with grain alone. Grains are deficient in minerals, vitamins and certain proteins. But the feeder who adds Co-op Concentrates to his, own grains does have a balanced ration and can expect to get the "last ounce" of results from his feeding program.

Use Co-op Concentrates to balanced ration.
