**Studying Farm Job Plan**

The government is studying a plan to bring farm workers under unemployment insurance coverage on a voluntary basis. Informing the Commons of this during study of labor department estimates, Labor Minister Starr said Thursday he considers this to be "a feasible plan."

He explained that, as now conceived, it would work like this: A farmer who found hired hands refused to work for him because they wouldn't be covered by unemployment insurance, would be able to register as an employer if he wanted to and thereby make coverage possible.

"We have studied every possible form of coverage—universal coverage, territorial coverage—and at the moment we are studying what I consider to be a feasible plan, that is, inclusion on a voluntary basis," Mr. Starr said.

This "might be the start of the inclusion of the farm employees" under unemployment insurance.

Mr. Starr expressed sympathy with members' arguments that young people who go back to class when they lose their jobs should be able to collect unemployment insurance benefits for which they have contributed.

He also said he has asked for a new slate of candidates for the unemployment insurance advisory committee, terms of whose chairman, four labor nominees and four from employers, expire June 27. The committee meets once a year to report to the cabinet on the state of the unemployment insurance fund.

Its labor representation was depleted recently when the Canadian Labor Congress accused the cabinet of ignoring CLC nominees for a vacancy on the three-man Unemployment Insurance Commission by appointing trade unionist Alastair F. MacArthur. In protest, three labor members of the advisory committee resigned.

**65 Gormley Holsteins Average \$549 Each**

The fourth annual sale of animals from the noted Romandale Farm Holstein herd of S. B. Roman at Gormley, Ont., saw 15 bulls bring an average of \$755 each. The entire offering realized \$35,730 for 65 head, an average of \$549 each. The sale was held in a tent at the farm on May 18, and attracted a crowd of 700.

Five of the 15 bulls brought \$1,000 or more. The top price of \$1,650 was paid by Paul Kilian, Leon, Mexico, for Romandale Supreme Kent, a three-month-old bull calf. His dam is the Very Good cow, Pluto Spofford Hope, with yearly records of 26,381 lbs. milk and 24,495 lbs. milk. This bull is sired by a son of the famous "Extra" bull A.B.C. Reflection Sovereign, and his dam is a daughter of another famous sire Spring Farm Fond Hope.

Wilfred Leslie, Georgetown, Ontario, paid the second highest price of \$1,400 for Romandale Marcus, a four-month-old son of the Excellent cow, Governor R.A. Supreme, who was a member of the All-Canadian produce of dam in 1956.

An eight-month-old bull calf went to Ralph Helmley, Central City, Nebraska, at \$1,275. He is Romandale Gratuity, a son of the All-Canadian two-year-old heifer of 1954.

D. S. Dunton & Sons, Brampton, Ont., bought a four-month-old bull with the prophetic name of Romandale Destiny. This bull is out of Mary Ann Snowflake, an Excellent daughter of A.B.C. Reflection Sovereign, with a 20,000 lb. record. His sire is the Excellent bull Forest Lee Hope King.

Milton N. Porter & Sons, Port Dover, Ont., paid \$1,075 for Romandale Grover, a six-month-old son of Romandale Highcroft Rose, the Honorable Mention All-Canadian two-year-old heifer of 1958, and the Honorable Mention All-American senior yearling heifer of 1957. She was Reserve Junior Champion at the International Dairy Show at Chicago in 1957.

The highest price for a female was \$1,025, paid by Cakes Bros., Jackson Centre, Pa., for the five-year-old Very Good cow, Cleave View Kate Highcroft.

Other good prices paid included: \$950 by Agro Bros., Hamilton, Ont., \$900 by A. A. Whalling, St. Pauls; \$850 by Cameron H. Boake, Maple; \$775 by Murray P. Holtby, Pt. Perry; \$825 by E. King, Markham; and Marsdale Farms, St. Catharines.

Wm. J. Murphy, Lindsay, Ont., paid the two top prices for bred heifers, \$775 and \$725, both daughters of Bond Haven Rag Apple Maple. Murphy also bought the top open yearling at \$625, she too being a Maple daughter.

Fifteen bulls averaged \$755; twenty-seven milking females \$488; seventeen bred heifers \$440; four open yearlings \$437; and two heifer calves \$262.

**Conservation Board Conserves \$206,200**

Sixty members of Metropolitan Toronto and Regional Conservation authority lopped \$206,200 from their budget for 1959, set previously at over \$1,000,000, when they held a "conservation" meeting at King township municipal building.

This cut was made possible by reducing levies on all municipalities in the watershed, of which the Humber River is a part, by a total of \$602,316 made on the basis of 38.99 cents per capita. The per capita levy was 50 cents.

To make this sharp reduction the Authority slashed the purchase of conservation lands by \$3,800, and delayed the building of the bath house at Hart Lake, near Brampton, for a time. This was to cost \$36,400.

A saving on the dam in the Albion Hills was estimated at \$1,500 and architect fees, of \$1,500 for a camp school at the same site were eliminated. Acquisition of buildings for the pioneer village was reduced by \$5,000 and maintenance of conservation area was also cut by the same figure.

Warden William Hodgson welcomed the Authority at its largest attendance. King councillor Ray Jennings represents the township on the board.

**"EVEN GREATER PROGRESS LIES AHEAD"**

Premier Leslie Frost in his Report to the People of Ontario 4th May, 1959.

On June 11, the people of Ontario will exercise their democratic right to chart the future course of our province.

Before them will be the record of achievement of a decade of wise policies and sound management under the government of Premier Leslie Frost... ten years in which Ontario's advances in the development of resources, business expansion and human betterment on all fronts have been unprecedented in Canada or anywhere in the world.

Under Progressive Conservative administration, the stage has been set for even greater progress in the years ahead. The Premier has announced far-reaching and far-sighted plans for government action to continue and increase this dynamic development which has become the envy of the entire world.

The election issue is therefore simple and straightforward. The accomplishments of the past have been tremendous, but *even greater progress lies ahead*. It can and will be achieved only under these same wise policies and with the same skilled and steady hand at the helm of the ship of state.
