

News Of Gormley

Mrs. C. Millsted
Mr. Wm. Ash had the misfortune on Wednesday to, break his arm while drawing brush for A. E. Rule Construction Co. on the town-line. Luckily Bill jumped from his tractor when he did, or his injuries would have been much worse.

Mr. and Mrs. Jos. Heise entertained at a surprise birthday party on Thursday in honour of Mrs. Norman Church's 88th birthday. Those present were Mr. and Mrs. Norman Church of Ridgeway, Mr. and Mrs. Edgar Stickley, Mr. and Mrs. Alvin Winger, Miss Idellus Sider, Miss Vera Hiltz and Miss Arvilla Forester.

Congratulations to Mr. and Mrs. John Reesor on the birth of their third daughter on Wednesday.

In a recent letter from Mrs. Allan Doner of Iorin, Nigeria, Africa, she tells of Mr. and Mrs. Roy Hawkins and Sharon of Lagos, Nigeria, spending several days holiday with them. Then, too, Rev. and Mrs. Willis Hunking, Edith Faye and Garth spent two days with the Doners after their recent return to Africa.

Mr. and Mrs. Norman Church of Ridgeway visited friends and relatives here during the past two weeks.

Mr. and Mrs. John Farquharson left early Monday morning for Eugene, Oregon, where Mr. Farquharson will be conducting special services for several weeks.

Mrs. D. Fennell returned on Sunday after spending the summer at her home at Glen Orchard, Muskoka.

Mr. and Mrs. Allan Heise and family put on the Christ Crusaders' Programme at Springvale on Sunday.

Miss Erma Nigh left on Sunday to spend the winter with her brother-in-law and sister, Mr. and Mrs. Lowell Brown and baby in Welland.

Miss Eleanor Moyer of Port Arthur spoke on Sunday evening at the United Missionary Church on her work with the Canadian Sunday School Mission.

Special Rally Day and Promotion Sunday will be held on Sunday, Sept. 27, at the United Missionary Sunday School, Rev.

Mr. and Mrs. W. Moutoux will be the special speakers. You are cordially invited to attend.

A speedy recovery is wished for Miss Ruth Steckley, who has been in Western Hospital, Toronto, for over two weeks.

Miss Carole Steckley left this week to resume her studies at Messiah College, in Grantham, Penna.

Mr. and Mrs. Eric Masby and family visited Eric's parents at Stayner on Sunday.

Mr. and Mrs. C. R. Wilcox spent the weekend at North Bay.

A number of people attended the annual Sunday School Convention of the United Missionary Churches in Kitchener on Saturday.

Mr. and Mrs. Bray of Swift Current, Sask., and Mr. and Mrs. Sykes of Toronto visited their cousin, Mrs. Geo. Leary, last week.

Mr. and Mrs. Elias Elliott spent Sunday evening with Mr. and Mrs. Geo. French.

Mr. Ernest Hunt, Mr. Percy Tripp, and Mr. Mrs. Albert Leek had dinner on Friday with Mr. and Mrs. Wes Hoover of Toronto.

The first meeting of Whitchurch Township Teachers' Association will be held at Lloyd School, S.S. 7, Whitechurch, on Thursday afternoon, Sept. 24th at 3 o'clock. Educator Supplies of London will present a Library book display for the teachers.

Mr. and Mrs. Elias Elliott had supper with Mr. and Mrs. A. Leek on Saturday night.

We welcome Mr. John Mullings to Lloyd School as the Intermediate teacher. Mr. Mullings spent the summer in Jamaica and has many interesting articles to show and stories of Jamaica to tell the children.

Mr. and Mrs. Chas. Horner of Headford had dinner on Sunday with Mr. and Mrs. Elias Elliott.

Mr. and Mrs. Lester Peckman of Chambersburg, Penna., spent the weekend with their cousins, Mr. and Mrs. Melvin Henderson.

Mr. and Mrs. Elmer Leek and children of Headford had Sunday dinner with Mr. and Mrs. A. F. Leek.

Skipped Over 3 Lanes Of Highway, Fined \$48

Mr. A. Nicholas of Lake Wilcox, was fined \$35 and costs of \$13.50 when he appeared in traffic court last week. He had been driving south on Bond Lake when his car went off the pavement. In bringing the car back suddenly, he swerved across the three-lane highway and struck a car going in the opposite direction.

The car struck was driven by Mr. Nagey who did not appear. Nicholas stated that he was driving fifty or better. Police contended that if he had reduced speed he would not have lost control.

Paul Seebey, charged with operating a car in a manner as to be regarded as careless driving, was fined \$25 and costs. According to police, he had been travelling about three feet off the pavement, and struck a parked car, although the standing vehicle was facing the wrong direction. Lloyd Boyle who owned

the car that was hit, told the court that he had swung across the highway with his left hand signal light going. However, he found the lane into which he was about to drive, filled with cars, so he swung back to the right again and stopped.

Magistrate Hollinrake said that showing his signal lights and then turning right down the highway, might confuse any driver.

Seebey blamed the collision on the lights of another car passing him at the time. The Magistrate stated that the signal lights ahead should have warned him to slow down.

AUDLEY—
The anniversary service will be held in the church this Sunday, September 27, at 2:30 p.m. The Rev. C. P. Shapter, Whitevale, will be the guest speaker.

There will be a father and son banquet in the church basement on Friday evening, October 2, at 6:30. All the men, and boys over six years of age in the community, are invited. The Rev. T. Fleetham will be guest speaker.

The men's choir sang at Kendal United Church on Sunday afternoon and at Kinsale in the evening.

John Puckrin is recuperating from a tonsillectomy, performed in Oshawa Hospital on Tuesday of last week.

School Lunches

September sees the tempo increase for busy homemakers, many of whom must add the packing of school lunches to the end-of-summer routine. While this chore often is a year-round one in homes where adults carry lunches to work, special care and attention must be given to school lunches because children are more apt to be poor eaters than grown-ups.

School lunches should be attractive, tasty and nutritious. Food should be varied to avoid monotony. If it is not possible to obtain a hot dish at school, include soup, cocoa or a main dish in a vacuum bottle. Plan the lunch the day before, so that supplies will be on hand. Then, too, you can plan the school lunch to complete the breakfast and dinner eaten at home. If food and equipment are assembled the night before, lunches can be packed quickly in the morning.

These are the necessary foods to use in every lunch: Milk, to drink or in food; fruit or vegetable or both, raw or cooked; meat or cheese, egg, fish, beans or peanut butter; whole wheat bread or muffins or tea biscuits made with whole wheat flour, wheat germ, bran or rolled oats.

In the last few years a great deal of information has been gathered about the kind of food eaten by thousands of school children. Nutritionists of the Home Economics Service, Ont. Dept. of Agriculture, report that many public school children get less than the amounts of milk, vitamin C and vegetables recommended for good health. Most children are eating too much sweet food, such as pie, cake and candy, they say.

Be sure to distribute the fertilizer evenly. See that all lumps are finely pulverized. It is a good idea to apply about one-half the required rate over the entire lawn. Then repeat at right angles to the first application. To avoid a checkerboard effect, try not to leave any unfertilized strips and don't overlap areas that have already received the required amount.

A high nitrogen grade of fertilizer like 10-6-4 is good for lawns. Apply it at a rate of 1 pound per 100 square feet. Be

Fall Feed Your Lawns

The cool-season grasses of Ontario respond best to fertilizers applied in the spring and fall, say lawn experts with the Ontario Department of Agriculture. One last application of plant food now will bring sluggish midsummer grass to top form this fall.

What grade of fertilizer will you use? Let's suppose you have a 6-12-12 general fertilizer mixture. For the gardener who is not too familiar with such notation, here's the picture: a 6-12-12 mixture contains 6 percent nitrogen, 12% phosphoric acid and 12% percent potash. Specific plant needs warrant specific fertilizer grades. For example, a common grade used for turf is 10-6-4.

When you spread your fertilizer, you'll probably use one of these methods: hand broadcast, rotary bag, drop-from-hopper, rotary throw or liquid spray.
