

Christian Endeavour Convention

Several hundred Christian Endeavourers from various points in the province will be meeting in Fort Erie over the Thanksgiving weekend for the 51st annual Convention of the Ontario Christian Endeavour Union. The facilities of the Central Avenue United Church will be used for the convention sessions as the delegates consider the theme, "Ye Shall Be Witnesses".

Two Internationally known leaders, the Rev. Charles W. Barner and Miss Frances Becker from Pennsylvania, will be the guest speakers. The Rev. Barner is a trustee of the International Society of Christian Endeavour and also serves as Vice-Chairman of the Program Council and Chairman of the Educational Committee for International Christian Endeavour. Miss Becker will teach the three classes in the College of Christian Endeavour Knowledge.

Many special features are being included in the convention program. One of the highlights of these three days of inspiration, information and instruction is expected to be the visit to the beautiful First Church of Evans in Derby, New York. Dr. Earle W. Gates, Pastor of this church, and immediate Past President of the International Society of Christian Endeavour, will bring greetings and conduct the convention delegates on a tour of the church. During the Sunday evening services Dr. Gates will conduct the Installation of Officers service as the

Plant These Hardy Bulbs In The Fall

Planting bulbs about "twice the depth of their diameter" is not always the best garden rule. And what about distance apart? A rule for this can be misleading. Here are some recommendations from the Ontario Department of Agriculture for 5 favorite bulbs.

Bulb	Depth	Apert
Narcissus	7"	6-12"
Hyacinth	6"	6"
Tulip	5"	4"
Snowdrop	4"	2"
Crocus	3-4"	2"

In the case of heavy soils, plant from 1" to 1½" closer to the surface.

Nearly all bulbs do better on sandy loam, which drains better. That is why it is a good idea in a poorly drained soil to place sand in the bottom of the planting hole. This helps the soil drain better and also keeps the bulbs from decaying.

What about food for bulbs? Use bonemeal. Spread it over the soil and work it in so that the basal roots can reach it.

Planting times during September and October vary with the area. However, local distributors usually make a point of advertising the most suitable time. Protective mulches are only necessary in very cold sections and where open beds and borders are used. Straw applied to a depth of 3-4 inches is the best material to use. Remove before plants are much more than 1" high. Tulips are most easily winter-injured.

executive for the coming year takes office.

MT. PISGAH

Sunday School at 1:30 p.m. and communion service at 2:30 p.m. Sunday, October 4.

On Sunday, October 18, the Anniversary Services will be held at Mt. Pisgah Church at 11 a.m. with Mr. Wallace of Newmarket as speaker and the evening service at 7:30 p.m. with Mr. Harold Moddle as speaker.

Mr. and Mrs. R. C. Baycroft accompanied Mr. and Mrs. Bob Monkman of Lansing on Sunday to visit Mr. Fred Terry and Miss Ida Terry at Parry Sound. Mrs. Will Ash, Mrs. Lewis Lehman and Mrs. Meredith Ash and Sheila attended the troupe tea for Miss Joyce Strudwick at the home of her parents, Mr. and Mrs. Ted Strudwick.

Mr. and Mrs. Ross Keffer attended the Harvest Home Service at the Lutheran Church, Maple, on Sunday evening.

Miss Shirley Doner was a guest at the wedding of Miss Evelyn Bennett Saturday afternoon.

Mrs. Harry Smith, Mrs. Geo. Boynton, Mrs. Roy Smith, Mrs. Jack Gamble and Mrs. R. Baycroft attended the Snowball Institute last Wednesday evening. Mrs. H. Smith, Mrs. G. Boynton and Mrs. R. Smith provided a musical number for the program on the guitar and mouth-organ and piano.

Anyone having items of news,

GOOD SCRAPER... Old steel wagon wheel can be put to use that will delight the lady of the house. Paint the wheel and anchor it near the porch steps for use as a foot scraper.

I would appreciate your call to Gormley 5253. Thank you. Mr. and Mrs. Ross Smith of Newmarket spent Sunday with Bob Baycroft.

BALLANTRAE

Friday's soccer game was a real thriller, both teams played hard and fast. The outcome was a one-all tie.

The painting bee at the church is to be continued for another Saturday. The boys didn't quite get the job finished, so you all have another chance to show up this Saturday.

We're sorry to report that Mrs. Henry Davis is ill and has been taken to Newmarket hospital. We all wish her a speedy recovery and hope she will re-

turn home soon. Another member of the community on the sick list is Mr. Workman. He is in the Scarborough Hospital. Best wishes for a quick recovery go to Mr. Wood, hurry home.

The Cubs are sending out an SOS. They are very badly in need of a leader. The untimely death of Mr. Jack Watson has left a big gap to fill. Mr. Watson was a dedicated leader for the boys and no one else has offered to help. Unless help comes pretty soon, the fate of Ballantrae Cub Pack is very uncertain. If there is anyone who feels he would like to help keep a good thing going, please get in touch with Mr. Mowder in Ballantrae.

There is to be a special meeting at the school next Wednes-

The Stouffville Tribune

Edible Coatings

In a former column I told you about edible food wrappers of soluble transparent film and along the same line here is news about a new, edible coating which may revolutionize the packaging industry. Although still undergoing final tests, acetoglyceride compounds will have a number of important applications — a protective coating for rindless natural cheese — it will prevent shrinkage in bacon during curing and in fish and meat during freezing — as a wrap for cut portions of cheese, and as a meat wrap.

This acetoglyceride compound will be brushed or sprayed on, and in some cases used as a dip. It hardens into a flexible, tough transparent skin which will not crystallize during lengthy freezing. It can be stripped off quite easily, coming away cleanly, and should any of you conscientious mothers still have any doubts—it is also reported that the compound even has some nutritional value!

Who knows? They might even come up with mint-flavored edible film for legs-of-lamb!

Less rope is what the groom gets as soon as the marriage knot is tied.

Our sincere congratulations
