

Why is it that most people think that a person with a tender heart has a soft head? There is nothing wrong with having nothing to say, unless you insist on saying it.

Enjoy Little Luck

For much of the game, it was Dickson's Hill who carried the rabbit's foot in their baseball jerseys. Uxbridge had to earn their runs, and even then, they were cut off on the sacks. Ken Nendick, Neil Irwin and Dave Noble were thumbed out at the plate. Howard Young hit into a double play. Willy Moyer "robbed" Bob Ashenhurst of an extra-base hit with a brilliant catch. Willy Moyer scored the tying run in the ninth when catcher Dave Noble dropped the ball. That was the story of the game.

Too Much Power

What Dickson's Hill may have lacked in pitching depth, they more than replaced by power at the plate. A two-armed delivery by Uxbridge's Ken Nendick had the Dickson Hill lads more than confused in the early innings. They re-adjusted their sights and started to roll up the runs in the late stages. An early 8-1 lead built up by Uxbridge rapidly melted away. The lead changed hands on three separate occasions until Dickson's Hill put it in the bag in their final turn at bat.

THE BAFFLES

By Mahoney

BALLANTRAE

The ratepayers meeting held at the school last Wednesday was fairly well attended. Mr. D. Danford was the chairman and gave the views of the ratepayers of the Lake, with regards to a bus service for the school children. There were many arguments for and against and the outcome was a motion by Mrs. H. Crowhurst that the Trustees investigate all possible angles and report their decision at a later date.

Thursday was an eventful day for little Debbie McDermott. She went to Uxbridge Hospital to have some bothersome tonsils removed. She's home again, now and doing nicely. Get well soon, Debbie.

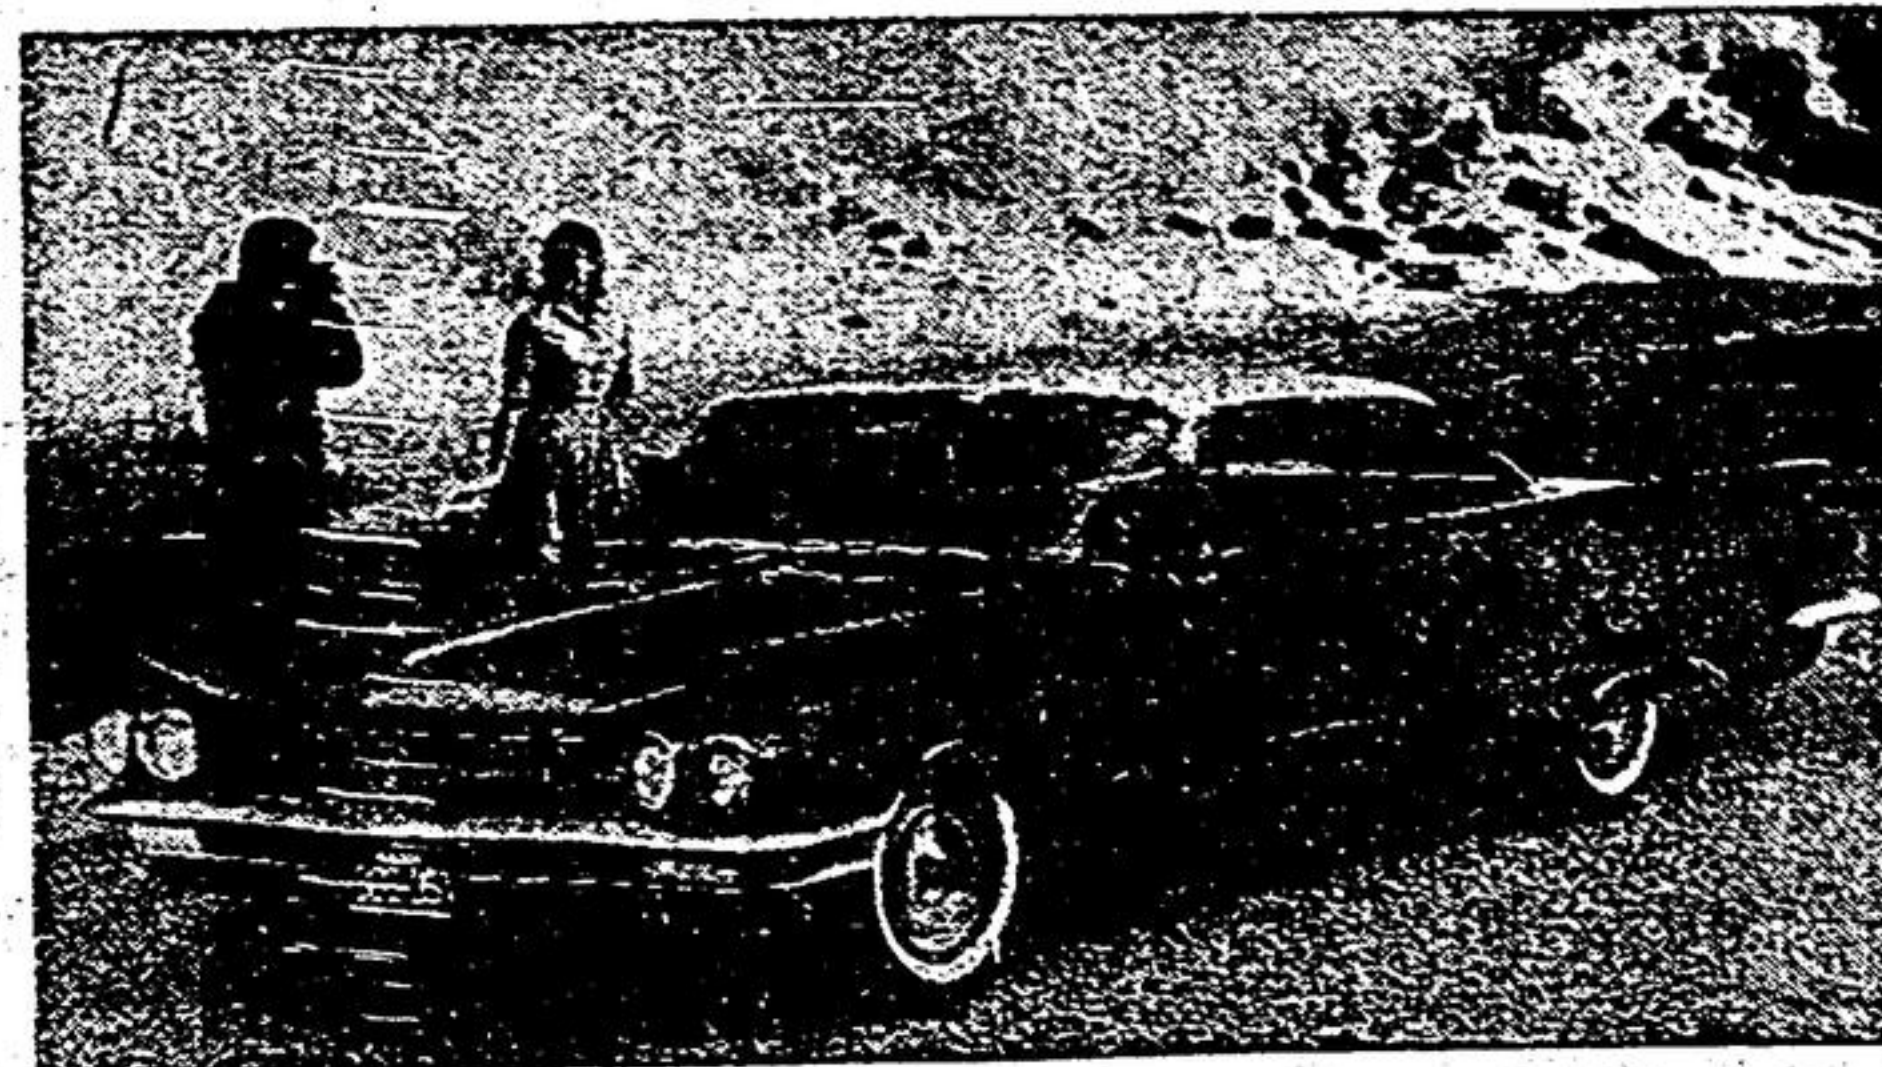

Monday was a red letter day in the Palmer Household. A boy was born to Mr. and Mrs. Jack Palmer, Lakeshore Rd. They haven't decided on a name yet. He has three sisters, all very happy about a baby brother.

There is some very unhappy news this week, as well. The sympathy of the whole community goes out to Mrs. Blacklock and family, Valley Rd. The tragic accidental death of Mr. Blacklock last Thursday was a shock to all. Because of the seriousness of the accident, we know it will be written up in complete detail elsewhere in the Tribune.

Once again it's Scout Apple Day time. This year the Ballantrae Cubs and Scouts will be out in force on Saturday morning, Oct. 17th. All Cubs and Scouts are asked to be at the school Saturday morning at 9 o'clock sharp and bring Dad along to drive. Cars will be needed to take the boys on their rounds. Remember, help a cause, buy an apple — Saturday, Oct. 17th.

In this respect there is to be a meeting at Ballantrae School next Thursday evening, October 15, at 8 o'clock. All fathers interested in helping out in Apple Day are urged to attend in order that areas for canvassing may be designated ahead of time. Do come, it's important. Special Thanksgiving service at the Church, was very nice. The young people did a wonderful job decorating the Church with beautiful leaves, flowers, fruit and vegetables. Many thanks to the folks in the community who so very kindly donated fruit and vegetables. We must mention, too, that the W.A. ladies held their regular monthly meeting last Wednesday at the home of Mrs. Les Ogden. They made some special plans but we're not to disclose them until a later day. Keep watching.

1960 BUICK

The new Buicks for 1960 are now on display at Neil Patrick Motors Ltd. General Motors have announced major advances in transmission, suspension, brakes, and soliders. You're invited to visit the show-room today, open until 10 p.m.
