**Girls are lucky...look at the presents they get!**

Whoa there son! Wedding presents are for both bride and groom. That's why modern electric household appliances make such ideal gifts. The easy, carefree living that electricity provides is meant for sharing. No wonder electrical wedding gifts are most wanted by brides and

grooms. "Hers" ... the anticipation of work-saving, time-saving convenience. "His" ... the appreciation of dependable, economical service. "Theirs" ... the shared pleasure in a gift that is as modern as they are ... in tune with today's way of life.
