"SAVE A LIFE"

BLOOMINGTON

Mrs. A. W. Storry visited friends at Zephyr last week.

The July W.A. meeting was held in the church Thursday evening, with Mrs. O. Harding in the chair, in the absence of Mrs. C. Lemon. Mrs. E. Baker was Secty., and the Roll Call was answered by a Bible verse containing the word "home".

Based on this theme, Mr. T. Simmons gave the devotionals. The program was conducted by Mrs. E. Nesbitt. Mr. and Mrs. Simmons sang a duet and Miss Betty Woodland showed slides in color of her recent jet plane trip to Europe, starting from Malton airport to England, then to France, Belgium, Germany, Italy, Austria, including historic spots such as the Eiffel Tower, great cathedrals, leaning tower of Pisa, a number of military cemeteries confirming the report that the graves of our World War II heroes are carefully tended and beautiful with flowers. There were over seven hundred scenes, all very realistic, and many very beautiful. Mrs. O. H. Trimmer closed the meeting with prayer.

Mr. and Mrs. P. Dyer of Hamilton were weekend guests of Mr. and Mrs. T. Simmons.

Between ninety and one hundred of the Wagg clan held a re-union at the home of Mr. and

Mrs. Vincent Wagg, on July 10th.

Conservative Assoc. Plans York North Activities

York North Progressive Conservatives have an interesting series of activities ahead of them, according to association president Don Findlay of King.

More than 20 executive members from all corners of the riding met recently at the Ridge Inn, Oak Ridges, to consider plans for public forums, discussion groups and social events. Of particular interest was the growing "accent on youth" through the whole Progressive Conservative riding association. Major "Lex" McKenzie, MPP, and C. A. "Tiny" Cathers, MP, reported on the encouraging interest in public issues being shown by York North constituents through the many letters coming to their respective desks in Queen's Park and Ottawa.

CARING FOR CUT FLOWERS PAYS GOOD DIVIDENDS

If you are the timid type and have never dared immerse roses in hot water, you may be encouraged to try this treatment by horticulture specialists with the Ontario Department of Agriculture. They say roses respond to the hot water treatment.

The stems of roses, placed in two to three inches of hot water (100 deg. F.), are allowed to remain there until the water becomes cool. Then they are placed in deep, cool water for a hardening period. Like all flowers given this treatment, however, blossoms and foliage must be protected from steam by covering them with a paper or cloth.

Peonies, roses, carnations, lilacs and violets like a liberal sprinkling with cool water, using a fine spray which will not bruise the blossoms. Lily blossoms, sweet peas and petunias resent this treatment, however;

Resting at the Wright and Taylor Funeral Home, 126 Yonge St. N., Richmond Hill, till 1 p.m. Tuesday; thence to Heise Hill Brethren in Christ Church, for service at 2 p.m. Interment adjoining cemetery. Flowers gratefully declined. A living memorial fund will be established for Heise Hill Church.

and their flowers will become spotted if subjected to it.

Shortening of stems with the increasing of age also will give more lasting freshness to the remaining parts of bouquets. Flowers in an arrangement can be kept looking fresh by picking off wilted blossoms and yellowing foliage. Keeping flowers out of drafts will greatly increase their lasting qualities. Drafts and wind cause rapid evaporation, too.

To condition tulips, wrap them in damp newspaper and place in deep, cold water to which a good sized piece of laundry starch has been added.

Every Dollar You Spend "At Home" Helps Our Community to Grow

Just think about it for a minute

A good part of every dollar you spend with our local business goes directly into circulation in our own community in the form of salaries and wages, and taxes which make possible the improvement of educational, health and recreational facilities.

That's why it makes such good sense to spend those precious dollars "at home", especially when quality, style, selection and price of the merchandise and services offered compare quite favorably with those in the "city".

The local businesses depend on your support, just as you depend on them for convenience, and for the contribution they make to the betterment of our community.
