SPORTS

Don't complain if you don't get everything that's coming to you. Maybe you're lucky.

no different whether it be in a small city lawn or a farm them up all his life and finds it pasture.

Four-Leaf Clovers Easy to Find

Do four-leaf clovers bring good luck? You can ask Alfred Hannusch of Kitchener, who is 79, who laughs at the superstition or right here in Stouffville you could ask Mrs. Innis Nolan. Mr. Hannusch has collected a dozen in less than an hour. Mrs. Nolan who is an enthusiastic golfer, has picked up almost a dozen while tramping the fairways of the Markham Golf & Country Club. Mrs. Nolan has picked up a number of five-leaf clovers and one day recently came up with one sporting six leaves. She appears to have an uncanny knack of spotting the "lucky" clovers and can be sure to pick up several almost every trip around the course. Mr. Hannusch who made the daily press last week with his clover finds says he's been picking them up all his life and finds it pasture.
