IT IS REQUIRED THAT YOU SEE **PSYCHO** FROM THE VERY BEGINNING.

Surely you do not have your meat course after your desert at dinner. You will therefore understand why we are so insistent that you enjoy PSYCHO from start to finish, exactly as we intended that it be served.

We won't allow you to cheat yourself. Every theatre manager, everywhere, has been instructed to admit no one after the start of each performance of PSYCHO. We said no one — not even the manager's brother, the President of the United States or the Queen of England (God bless her).

To help you cooperate with this extraordinary policy, we are listing the starting times below. Treasure them with your life — or better yet, read them and act accordingly.

Cancer Workshop

In Woodbridge, October 19th two hundred enthusiastic Canadian Cancer Society members gathered at Christ Church to participate in Workshop No. 2, sponsored by District Council No. 12. North and south Halton, north and south Peel, Dufferin and York Counties were represented from various Units and Branches which comprise District No. 12. Mrs. I. G. Henderson, President of Maplewood Unit, welcomed the guests. Reverend A. B. Cathcart offered prayer.

Mrs. Gordon Purves, Unionville, President of District Council No. 12, expressed satisfaction at the splendid response of the various areas as evidenced by the large attendance. "I know," said Mrs. Purves, "that you feel as I do that it is a privilege to work for a Society which is devoted to saving lives, eliminating fear and prejudice and alleviating suffering." Continuing, Mrs. Purves explained the function of District Council, its scope and aim. In one year, 13 units and 57 branches have been organized.

Mr. Ronald McFarlane, Field Secretary, spoke briefly on the mechanics of the Workshop, after which the assembly dispersed into various groups, under the headings of Women's Services, Education, Publicity, Campaign, Finances and Extension. The leaders were Mr. R. McFarlane and Mrs. Ann Bowman from Ontario Division, assisted by the chairmen of the standing committees.

The highlight of the day was the noon luncheon. Guest speaker Dr. W. D. Rider, Senior Radio Therapist of the Princess Margaret Hospital, was introduced by Dr. Peter Morse of Thornhill. Dr. Rider gave the history of Radio Therapy, its use and effects in the world of medicine.

X-rays were discovered 65 years ago. Two years later Eve Currie discovered radium. Since that time, intensive study of the effect and causes of skin diseases has gone on. Nowadays, treatment by means of radiation is recognized as one of the most effective means of destroying foreign cells within the human frame.

Dr. Rider, who is a recognized authority on radio therapy, pointed out that Princess Margaret Hospital is a specialized centre for treatment only. Its equipment, staff and method of treatment is unique on the north American Continent," said Dr. Rider. He emphasized that the discomforts of radiation have been greatly exaggerated and that it can now be applied with a minimum of discomfort.

Mrs. F. E. Rostance, Lorne Park, expressed thanks to Dr. Rider for a most informative address.

Services given by the Victorian Order of Nurses were outlined by Miss Woodburn, V.O.N. of Richmond Hill. Dr. Lillian Langstaffe of Richmond Hill, spoke briefly on the psychological side of Cancer, emphasizing the fact that people who are "cured" should tell others of their recovery, thus building up morale.

PINE ORCHARD

Mr. and Mrs. Harold Pyle of Huntsville visited his parents here last week.

Mr. and Mrs. Allan Feasby and Mrs. Leslie Feasby of Wilfordville were guests Saturday night with Mr. and Mrs. Edson Johnston.

Mrs. Lorne Shropshier was hostess at a Tupperware party on Thursday night.

The W. A. Ladies spent Wednesday at the home of Mrs. Mason where a quilt was in progress. The quilt was completed Thursday and a large quantity of good clothing was packed for Unitarian relief.

Spring flowers are budding. Strawberries (not the everbearing kind) were picked on the Hope farm last week. Junior ball games were in progress. But Monday morning changed all that with the ground covered with snow. Now we'll be waiting for Indian Summer.

Plan to attend the Union Church Friday, Nov. 4, where Miss Dianne Parks will show slides, and musical numbers will be given.

BLOOMINGTON

Mr. Percy Brown is not recovering as quickly as we would like, and Mr. Earl Davis was on the sick list all week.

Mr. and Mrs. E. Baker visited their daughter and family, Mr. and Mrs. Fisher at Windsor and Mrs. O. H. Tranmer accompanied them to Merill.

Master Grant Nesbitt underwent a tonsillectomy in Uxbridge Hospital last week.

Mr. and Mrs. J. K. Tranmer and family spent Sunday at Belleville.

Mr. and Mrs. E. Nesbitt were at the funeral of Mr. Reaman at Pickering on Sunday afternoon.

Miss Dorothy Wagg spent a week with Mr. and Mrs. Caulfield at Oakville.

The Misses M. McLean and A. Robinson of the Bible College Trio were guests of Mr. and Mrs. Noel Story on Sunday and Mr. and Mrs. T. Simmons entertained Mrs. Samson and Miss Jean Withers. Rev. Maxwell was the speaker at our Anniversary Services.

Moving the Cabin

BY ANDREW GLEN

The old log cabin which has been standing in the museum grounds of the Pickering Historical Society has been moved to its permanent location. On October 11th Mr. Joe Harrison of Mount Albert and his crew of husky helpers, arrived on the scene with all the necessary equipment. Jacking up the cabin, two long heavy timbers were placed under it and a set of dual wheels were run onto the ends of each and firmly clamped. Chairs were then attached and two trucks, in tandem, hauled the 25-ton load to the Southwest corner of the property alongside the concrete foundation already prepared.

The cabin was raised again, the carriage wheels run off, cross-beams put under the long timbers and the whole set down on rollers on the runways. The truck with the winch backed in to position in the corner close to the fence. The chains were changed for a side pull, the motor roared and slowly the cabin started to move over into place.

"Hold it, Jack!" called out the foreman who was moving around watching the corners. Sledges were used to angle some of the rollers to swing the cabin up square. The chain was shortened; then, "Try her again, Jack!" The winch started, the chains rattled, the timbers creaked and inch by inch she came over, till directly above the concrete posts. More jacking up and blocking, the long timbers were drawn out and the cabin lowered down solidly into place.

This brief description of the operation gives a little impression of the careful detailed work involved in a good day's job, and as interesting as the operation itself, was the way the men worked without any fuss; but quietly and efficiently under the watchful eye of Mr. Harrison who has been carrying on this business since 1906.

Being over eighty, he is not far removed from the pioneers himself. He has been married twice and has raised ten sons and seven daughters. Although he has had a serious illness, he can still step smartly about among the timbers and equipment watching the operation with his keen practiced eye. Hundreds of buildings of all kinds, even churches, he has successfully moved intact and we can understand his reluctance to quit even at his ripe old age.

Much work remains to be done before this old log cabin, built in 1832, is ready for inspection. The roof has to be replaced and the interior restored to, as nearly as possible, its original simplicity. Then, furnished with pioneer antiques, it will stand proudly in its quiet corner of the Museum grounds, a quaint reminder of an age that is gone.

Church service 11.10 a.m. on Sunday, Oct. 30th. On Thursday evening, Oct. 27, the "Excelsior Class" ladies group will have as guests the Lemonville ladies.

The speakers, Mr. and Mrs. G. Middleton, missionaries from Ethiopia, at the Conference W. S. Rally held in the church last Friday afternoon and evening gave us interesting information, thereby challenging us to be grateful for the situation in which we find ourselves in the homeland and a desire to share with those of other lands, especially to pray for both missionary and native. With man, the situation is impossible.

On Saturday morning, Oct. 22nd we had the first heavy frost of the season and two days later, our first snowfall.

Mr. and Mrs. Walter Vague celebrated their wedding anniversary by spending Sunday with her sister, Mr. and Mrs. Cliff Morgason, Oshawa. The family accompanied them.

Mrs. J. Bullock and daughters of Agincourt spent a week with her parents, Mr. and Mrs. J. Fockler.

Mr. Larry Higginson and son Ivor of Orillia called at the Steckley home on Thursday evening. He has a church in Orillia.
