Most Serious Water Break in Town's History

Stouffville's waterworks system suffered the most severe break in its seventy year his-Telephone construction crew For Santa Claus sliced through the main 12-inch feed line coming from the reservoirs. Never before has this pointed up most forcibly the 3rd. The prize list and all the town's dependence on this single pipe line to the source of

The accident occurred on the 9th concession of Whitchurch, near the corner of the first sideroad. Telephone workmen layalong the pipe line and then through it. With the full cooperation of the works department, the PUC commissioners and the phone company, a new section of pipe was installed and service restored at 10 p.m. Poppy Day Monday night after a shut-down of more than half a day. Unfortunately, the digging

machine had cracked a second section, and a second shut-down had to be made on Wednesday morning in order that another new section could be installed.

Stouffville Council convenes in regular meeting this Thursday evening.

details that go to make up this gala Christmas affair, will be announced shortly.
