THROWN PUMPKIN DAMAGES AUTO

A large pumpkin, tossed carelessly out of a car window, inflicted serious damage to another auto in an unusual accident on No. 48 Hwy. Monday night. It crashed into the front of a small Morris Minor, smashed the grill and drove the radiator into the motor. Following the incident, the culprits shut off their car's headlights and sped away. The driver of the stranded vehicle, a Toronto man, was unable to give police any description of the other auto.
