LIFE...**

Family handyman, carpenter, plumber and electrician, this is the family breadwinner. He wants his family to have the best things in life now, and he wants his wife to enjoy life no matter what happens to him. That's why he owns a Sun Life policy which guarantees her a lifetime income if he dies before she does. This is a policy you should know about too. May I talk to you about it?

SUN LIFE ASSURANCE COMPANY OF CANADA

Receives \$50 Bursary

Mr. W. L. Clark, Reeve of Markham Twp. and Warden of York County, presented a \$50 bursary to Miss Helen Busato, Conc. 10, south of Stouffville, at the annual Commencement Exercises in the Stouffville Dist. High School on Thursday evening. Miss Busato, a grade 11 student, ob-

tained the highest academic standing of any pupil residing in the Twp. of Markham. She was also the recipient of numerous other awards. —Staff Photo

DICKSON'S HILL

Mrs. Chas. Mallett accompanied Mrs. Sam Barkey of Mongolia to Kitchener last Friday afternoon. With them were Anne Barkey, Marilyn Mallett, Evelyn Doner and Pat. Gibbins, who remained to take part in the activities of the Look-in

week of Emmanuel Bible College. Reg. Gibbins and Willard Moyer brought them home Sunday evening. We are glad that Mrs. Ken Walker who has been confined to her home for a number of weeks, is beginning to get out again. A broken ankle bone is responsible for this enforced

rest. A neighbour to the south, Mrs. Frank Pipher reached her ninety-fourth birthday last Saturday. Congratulations! Mr. and Mrs. Lloyd Moyer and Dorothy, Mrs. A. Doner of Markham, Mr. and Mrs. Roy Moyer attended the funeral of their cousin, Mrs. Stanley Moyer in Toronto on Saturday afternoon. On their return home, they called at the Henry Steckley home in Scarborough. We hope Mrs. Steckley, who is suffering an attack of arthritis, may soon be well again.

An interesting event at the local school last Thursday afternoon brought together teachers, mothers and pupils. Principal Irwin and Junior teacher, Miss Brubaker, welcomed the guests, and had arranged a display of work done by the children. The older girls served tea. This was a fine way of fostering parent and teacher cooperation, a feature which was being stressed during Education Week.

The local prayer meeting was withdrawn last week, in favour of the special anniversary week of services at Markham, conducted by Pastor Grace. Rev. Mr. Bell of Toronto Grace Chapel, ministered the Word and also showed pictures taken on his extensive trip to various mission fields, including the Holy Land.

Young David Moyer was delighted to have his aunt, Miss Helen Johnson, spend the weekend at his home. He is the delighted recipient of a chihuahua pup for his birthday.

The farmers are thankful for the fine weather for finishing up the outside fall work. The Hoover brothers, Carl and Howard, have harvested an acreage of fine cabbage.

Congratulations and welcome to Mr. and Mrs. Ivan Harris who were recently married and have taken up residence in an apartment in the spacious stone home of Mr. and Mrs. George Clark.

Mrs. Perkins and Mrs. Jim Barker of Victoria Square, Mrs. Ladd, Mr. and Mrs. Marsaw of Syracuse, N.Y., were guests in the Eby home Friday evening.

Callers at the R. Moyer home include Mr. Ed. Raymer, Montreal; the Kennaby family of Toronto; (Rev.) Mr. and Mrs. Herb. Shantz, New Dundee; Mr. and Mrs. Fred Pugh and Miss Bertie Clark, Mr. and Mrs. L. Johnson and Helen of Stouffville; Mr. and Mrs. Murray Johnson and family of Claremont. Mrs. Clare Bolander and Mrs. Burn Preston, Doris and Ivan of Bethesda, Dr. and Mrs. R. Osborn.

When mom uses whipped cream it looks as if the frost is on the pie instead of the pumpkin.

We'll soon be in the midst of what it takes to make the need for galoshes soak in—sloppy weather.

Re-potting House Plants

What agony those large house plants in thimble-pots must go through! Their roots hardly know which way to turn. To make matters worse, few home-makers want to take the "trouble" to re-pot them. So they sit and suffer.

When shifting a plant to a larger pot, use a coarser, richer soil than you would for cuttings. Turn the pot upside down. Tap the rim on the edge of the table or bench, being careful not to damage the plant. Remove the drainage pieces and take away some of the old topsoil. Add new soil on all sides of the plant when you re-pot.

If your houseplants are not thrifty, the cause can often be traced to a water-logged soil. A remedy is to take the plant from the pot and shake and wash away as much soil as possible. Re-pot the plant in a pot just large enough to hold the roots. Use a sandy soil, low in nutrients. Water with care and when the plant recovers, re-pot in a better soil.

Horticulturists with the Ont. Dept. of Agriculture say there are other reasons for re-potting house plants. One case is when the soil has become exhausted and can supply no more food. Another is when the soil is sour, resulting in an unhealthy plant.

When is the best time to re-pot? The experts say "the spring," although anytime is the best time if the plant really needs re-potting.

Only teen-agers will be able to remember all the names given to the many new 1961 model cars.
