Check With Malton Weather Bureau Fails To Impress Magistrate

Richmond Hill. informed Mag- driver's failure to stop at an istrate N. P. Kelley that he had obtained a report from the Malton Weather Bureau after he was charged by Markham Twp. Police with failing to stop at the intersection of Bayview Avenue and No. 7 Highway on the morning of Oct. 14th. The case was aired in Buttonville Traffic Court on Friday morning. The driver was fined \$14.00 and costs.

The accused, in his defence, stated that the Malton Weather Bureau described the area as being very toggy. He said he wasn't aware of No. 7 Highway until his front wheels hit the pavement. "Who would want to go through the street without

stopping?" he asked. "We are laying charges a that intersection every day," an swered Constable Cliff Cox. Mr. Doyle contended that the

fog was so dense he could not

see the stop sign. "It was a genuine accident," he said. "If it was so foggy as the accused states, he shouldn't have been travelling at 35-40 miles per hour through an inter-

section," stated P.C. Cox. "The police are only doing their duty," warned Magistrate

James Doyle, Palmer Ave., Kelley. He pointed out that a intersection was responsible for many accidents. "

RINGWOOD

Mrs. Bruce Taylor entertained a number of ladies on Wednesday evening by having a jewelry demonstration at her house.

A number from here attended the Fall Rally of the Whitchurch Township Convention at Bethesda on Thursday night.

The ladies of Peach's W.M.S. held their annual bazaar at the home of Mrs. Ruth Painter on Friday evening. Mr. and Mrs. C. Morgason.

Bradley and Penny of Oshawa attended the anniversary services and visited Mr. and Mrs. Walter Vague on Sunday.

Mr. Mervin Brownsberger visited Mr. Ross Vague and family on Saturday. Mr. and Mrs. Harry Preston,

Mr. and Mrs. Harvey Preston and son had Sunday night supper with Mr. and Mrs. J. Fockler and attended the church

Mr. and Mrs. James Ridgeway of Agincourt called at the home of their uncle, Mr. and Mrs. F. Atkinson on Sunday afternoon.

Mr. Harvey Pipher will show pictures of his World Tour on Friday night at the Stouffville Youth Centre, under auspices of Dickson's Hill United Missionary Church. Everybody wel-

Cold Water, Sun **Bad For Violets**

It's fine to know that the African violet is a tropical plant. But what good does that do when you pour cold water

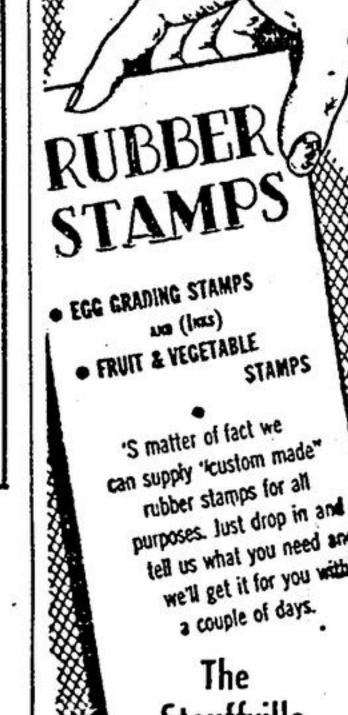

paulia leaves.

Although it is impossible to match the humidity of a steaming jungle in a house, African violets can do quite well under most degrees of humidity. So to make them feel at home, here

into the soil. These salts are responsible for the ugly, yellowish deposits on the soil and along the rim of the pot.

degrees F. at night, and about ten degrees warmer during the day. Windows and curtains can be used to advantage in this re-

African violets. To be exact, test light with a photographic light meter - anywhere from 800 to 1200 foot candles is good.

all over the poor thing?

The African violet, or Saintpaulia, originally came from Africa's jungles. It cannot tolerate conditions that are overly contrary to that of the home front. Take that cold water, for example; it gives irregular spots or streaks on the leaves. The low temperature destroys the green colouring agent of Saint-

Don't just stop at watering, either. Horticulturists with the Ontario Dept. of Agriculture say the African violet should be given a bright diffused source of light-not direct sunlight, because this plant is used to a canopy of jungle trees. Too much light will cause the leaves to turn yellow. Not enough, and the plant will cease to flower.

is what to do. Water with slightly warm water. If you water from the bottom, also water from the top occasionally, to wash salts back

Try to keep plants at 65 to 68

Use bright, diffused light for

Clinging gowns are always appreciated by husbands-when they cling for years and years.
