APPRECIATION

My sincere thanks is expressed to the electors in Whitchurch Township for the support they accorded me at the polls on Monday, in electing me to the office of Reeve.

It will be my earnest endeavor to give the township the best municipal government possible; to the best of my ability.

Best wishes of the season to all the ratepayers in Whitchurch.

Cliff Wallwork.

AT HOME in a pouch

THE KANGAROO, the largest of the Australian marsupials, roams the countryside in large bands. Although a full-grown kangaroo is nine feet high and weighs 200 pounds, the baby is only an inch long when it is born. It stays inside its mother's pouch until it is five or six months old, at which time it weighs several pounds and is able to shift for itself.

When the young kangaroo leaves its "home," it is ready to take its rightful place in the world. To help your children take their rightful place in the world, there is nothing better than life insurance. Let me tell you about Sun Life's Educational Policy which can so easily provide funds for their college education.
