Coaches Break Up Playoff Brawl

A threatened free-for-all at the conclusion of a Jr. "B" playoff game at Woodbridge on Thursday night was brought to a rather swift conclusion when the coaches of both Unionville and the "Dodgers" jumped onto the ice and helped to separate the combatants. Harry Watson of the "Jets" and Occar Brooks of Woodbridge acted in the role of peacemakers until the players' tempers subsided. Unionville edged the homesters 5-4.

Gerry Knightley fired a pair of goals for the winners. Singles came from the sticks of Ross Colburn, John Saunders and John Brigdon.

"Jets" Now Meet Weston

The Weston "Dukes" will provide the next hockey obstacle in the path of the Unionville "Jets" as they battle their way to the Jr. "B" group finals. They disposed of Woodbridge "Dodgers" quite handily, sweeping the series in three straight games.

The "Dukes" will be the visitors on Unionville ice next Tuesday night at 8.30. The two clubs will swing back to Weston on Friday. The series is expected to draw sell-out crowds.

For Canadiens

Tom Benson fired two goals The second game was played and picked up an assist on one iods and were bunched two and at Huntsville on Wednesday other to lead the Canadiens to a 3.3 tie with Pittsburg in a scheduled Bantam House League game on Monday night. He potted a pair. The victory gave Unionville a threegame sweep of their series and knocked Woodbridge out of further competition. The "Jets" now meet Weston. The series opener will start on Unionville ice, Tuesday night.

The balance of scoring power

It was the trio of Bill Johnston, Jerry Rowarth and Ross Colburn that sparked the Unionville attack. The threesome was rolling at full throttle all night. Rowarth's tally, the game's second goal was a picture effort. He split the defence wide open and yanked netminder Dave Kelly out of position to deposit the puck in the cage. Glenn Boon's effort was a similar play. Other markers were counted by John Brigden, Garry Milroy; Ken Naples, Barry Watson, Gerry Knightley, Ross Colburn and Doug Kelcher.
