

Family Free-for-all In Claremont Dist. Home Aired in Whitby Court

Charges of assault causing bodily harm and countercharges of assault involving four persons from RR 1 Claremont and RR 1 Pickering, continued in Whitby Magistrate's Court.

On Thursday, Sept. 21, Shirley Ann Cammack of RR 1, Pickering, testified that her husband, Edward Cammack, her brother-in-law Thos. Cammack and Doreen Bainbridge had assaulted her causing an inch long gash in her forehead on Aug. 23.

Thomas Cammack and Doreen Bainbridge have laid assault charges against Shirley Ann Cammack.

During yesterday's hearing by Magistrate R. B. Dnieper, Shirley testified that she had struck Doreen and Thomas only in self defence.

A. C. Stone of RR 1 Pickering, Shirley's father testified that he had driven his daughter to the residence of her mother-in-law in Uxbridge Township but remained in the car while his daughter went to get her baby which had been placed in her custody at Whitby Family Court earlier that day.

A few minutes later Thomas Cammack drove into the driveway like a maniac, he said, and was swinging his arms as he approached the house. He was cursing and hollered: "Don't let her take that baby," when he came closer to the door of the house, stated Mr. Stone.

Called for Police — Mr. Stone said that while he was waiting in the car he heard his daughter shout from inside the house to get the police because they (the Cammacks) were beating her up.

Mr. Stone said he then drove three or four miles to telephone the police and when he returned to the Cammack house Edward Cammack's truck was gone. The next time he saw his daughter was at the Oshawa General Hospital where Shirley spent three days.

When Mr. Stone was asked why he had not entered the house to go to the aid of his daughter he replied: "Had I gone in and seen the blood on her, I think I could have licked the whole Cammack family."

He stated he did not go in because Shirley's attorney had told him not to get into trouble with the Cammacks.

Shirley's husband Edward Cammack testified that after Family Court he had arranged to pick up Shirley at her house, after lunch, drive to his mother's house to pick up the baby and return them to Shirley's house.

When he arrived at Shirley's house to pick her up, there was a note on the door stating that she had waited until 2 p.m. and had gone to fetch the baby herself.

Edward testified that his mother had asked Shirley to stay outside while he went upstairs to get the baby because his mother was afraid of Shirley. He had also asked her to stay outside while he went upstairs to get the baby and its clothes.

Edward claimed that when he got back downstairs Shirley was standing in the hall and when Thomas came in she hit him in the nose causing it to bleed. He then took Shirley by the arm and sat her on the chesterfield.

Choked with Tie — When Thomas walked through the hall into the kitchen, Shirley grabbed him by the hair and took the stove lifter off the stove to hit him. Edward grabbed the stove lifter and put Shirley on the chesterfield again. She then grabbed him by his tie and began choking him, stated Edward.

Edward told the court that Shirley then threw herself at the door and when he assisted her in getting up he noticed the blood coming from her head.

Edward testified that he then, with the aid of his brother Thomas, put Shirley in his truck and went to the doctor in Stouffville.

When Shirley refused treatment by the Stouffville doctor, he drove her to the Oshawa General Hospital. On the way to the hospital she again assaulted Thomas who asked him to stop the truck and get out, stated Edward Cammack.

Lift Rail Tie — Edward told the court that when a nurse in the hospital asked Shirley what had happened she replied that they were having a free for all. He also told the court that his 120-pound wife was very strong because she could carry a 150-pound railway tie.

Magistrate Dnieper intervened at this point and asked what Shirley's waist measurement was. She claimed it to be 23 or 24 inches but could not tell the Magistrate the measurement of her biceps.

Edward told the court that his wife handled the baby roughly and handed the infant to him because she wanted to fight.

Doreen Bainbridge testified that she had changed the baby's diaper upstairs and when she came downstairs Shirley kicked her on the pelvic bone.

Doreen claimed she was sitting in the kitchen when she saw Shirley jump on Thomas' back as he was coming through the kitchen door. Shirley then grabbed the stove lifter which Edward took away and they went back into the hall again. She stated that she did not kick Shirley at any time.

Magistrate Dnieper adjourned the case until this week.

Predict Tax Drop in 1962 — Scott

Ratepayers in the Township of Pickering were presented with the best news in some years at a regular meeting of council on Monday night when the Reeve, Mr. Sherman Scott predicted a tax decrease in 1962.

The rapid growth of the township in addition to a complete land re-assessment across the municipality has produced a population increase of 12.8% and an assessment jump of 45%. The population now stands at 18,698. The total assessment has reached \$26,359,180. In individual wards, the Bay Ridges development has upped the assessment in Ward 3 to over \$8,000,000.

"The mill rates should come down drastically," suggested Reeve Scott, "and taxes should be reduced in 1962".

Reeve Scott advised members of council that they should confine the 1962 budget for current requirements and not on a fixed basis with the previous term. He pointed out that the cost of services was not on a par with the area's growth.

The total assessment of land has more than doubled for an increase of 109.63%. Building assessment is up 19.64%. In a break-down of land assessments in individual wards, all are up considerably. Ward 3 shows an increase of 157%.

Pickering Twp. Jr. Farmers Do Well At Oshawa Fair

Sixty-seven boys and girls from Ontario and Durham Counties exhibited livestock in the Junior Farmer Section of Oshawa Fair. These exhibitors, all twenty years of age or under, showed calves in one of the keenest competitions of the fair.

Four breeds of dairy cattle and three beef breeds were shown by the participants, each of whom has been responsible for the care of his or her calf since early spring.

Later the members of these clubs, as well as other young farm people, competed in the open classes competition of the Junior Section of the fair.

These two champions had to prove their ability to show both their dairy and beef calves in competing for the trophy.

In the Oshawa 4-H Dairy Calf Club, fourteen boys and girls showed calves representing 4 breeds. Each was awarded points, both for their calf and

\$3,142.25 Damages Awarded Motorist

A Sunderland district resident has received damages of \$3,142.25 following a jury trial at the Fall Assizes in Whitby. William R. Prentice, R.R. 1, Sunderland, was granted the special and general damages in a claim against Norman James, of Uxbridge. The court awarded James damages totalling \$94.62.

The action arose out of a car-truck crash on Highway 7 and 12, one mile north of Manchester on Aug. 4, 1960. Prentice claimed that he was proceeding north and overtaking a truck, also proceeding north. Near the intersection of a township road, he said, he sounded his horn and started to pass the truck.

As he neared the truck, he claimed, the truck suddenly made a left turn in front of him and they collided.

Prentice spent nine days in hospital and lost six weeks' work.

Plaintiff and defendant had earlier agreed on the special damages each claimed. Prentice's special damages were set at \$2,778.15 and James' special damages were set at \$473.10.

The Supreme Court Jury found Prentice 20 per cent negligent and James 80 per cent negligent. They set Prentice's general damages for pain and suffering at \$1,150. Prentice then received 50 per cent of the total award of \$3,923.15, which is \$3,142.25. James received 20 per cent of his claim, which was \$94.62.

Police Continue "Crack-Down" On Drinking Parties

A Pickering Township investigation of a teenage drinking party on the lakefront recently, resulted in two Toronto youths being convicted of drinking while minors.

Convicted were Arthur O'Connor, 132 De Grace street, and Richard Aitken, 173 Morse St., who were fined \$100 and costs or 15 days.

Const. Cyril Cooper of the Pickering Township Police Department told the court that on Sunday, Sept. 24 at 10 p.m. he drove down the Old Rosebank road to a park where he found several teenagers fighting.

He said that the breath of the two accused smelled strongly of

alcohol and that they were unsteady on their feet.

Both youths admitted drinking beer and whiskey, he said.

O'Connor and Aitken appeared in court with cuts, bruises and swollen eyes sustained in the fight.

Each pleaded that they were unsteady on their feet because they had been struck on the head with a tire wrench.

The court learned that a third member of the party, an 18-year-old girl, was also summoned to appear in court on a similar charge at a later date.

"When you want a drinking party, boys, don't do it in Ontario County," stated Magistrate Dnieper.
