LEHMAN'S

Mary's not contrary now..

Outgrown shoes, badly designed shoes, or shoes that are worn and no longer give support are often the cause of poor posture, general fatigue, irritability, and inability to concentrate at school. In light of these facts, proven by clinical research, you can understand why it doesn't pay ever to take chances with growing feet. Play it safe. Bring your child in regularly for size check-ups—we understand the importance of proper fit. If new shoes are needed we have a complete selection of Savage shoes for girls and boys. Savage shoes are well made of good materials over Black Patent correct lasts.
