What about tomorrow?

There's nothing so trusting as a little child. He looks to his mother and father for all his pleasures and comforts. But what if something happens to his father and there is only his mother left to look after him? In these days of high prices, it takes a fairly sizeable income to provide the necessities, let alone pleasures and comforts. Fortunately a Sun Life of Canada life insurance program, tailored to your individual needs, can ensure your family an adequate income in the event of your death. All in all, life insurance should be the young father's first investment. Has it been yours?

WHAT KIND ARE YOU?

A lot of people are like wheelbarrows—no good unless pushed. Some are like canoes — they need to be paddled. Some are like kites — if you don't keep a string on them, they fly away. Some are like kittens — they are more contented when petted. Some are like footballs — you can't tell which way they will

bounce next.

Some are like balloons — full of air and ready to blow up. Some are like trailers — they have to be pulled. Some are like neon lights — they keep going on and off. And we would like to add — some are like a good watch — open faced, pure gold, quietly busy, and full of good works.
