

SAVE YOURSELF THE INCONVENIENCE OF AN ACCIDENT

Make sure your snow tire treads are good. Carry tire chains in your trunk. Have brakes balanced and make sure the steering system's in shape for winter. Install anti-freeze. Check windshield wipers to make sure you'll see where you're going. Heaters and defrosters should work properly, so should headlights and tail lights. And do you recall any news stories about carbon monoxide poisoning? Check your exhaust system for leaks. Get your car in shape for winter now. You might save yourself the inconvenience of an accident!

Driving conditions are worse in winter—winterize your driving as well as your car

Postal Dept. Asks Care In Christmas Mailing

As the Christmas mailing season arrives again, we would appreciate receiving the co-operation of the mailing public in the following ways: (1) Full and complete postal addresses on cards and parcels; (2) Return addresses should be placed on all items of mail; (3) Mailing

Christmas mail as early as possible, for example— Mail to the U.S.A. posted by Dec. 8th; to Newfoundland Dec. 10th; to B.C. Dec. 10th; to Alta. Dec. 12th; to Man. & Sask Dec. 12th; to the Maritimes by Dec. 14th; to Ontario and Quebec by Dec. 15th; for local delivery by Dec. 17th. Wrap and tie parcels strongly and securely. Make separate bundles of cards for local and out of town delivery.

Federation Wants Gov't to Define Farmer

At the 21st Annual Meeting of the York County Federation of Agriculture held at Vandorf Community Hall, the president, Mr. Francis Redelmeier, urged all farmers to group together and discuss a plan for the marketing of milk and milk products suitable for all and that could be followed throughout the Province of Ontario.

A number of guests were present at the meeting, notable among whom was Mr. Julian Smith of the United Co-Operatives of Ontario. He gave an address on Livestock Marketing in the Province and went into all phases of marketing in this province as well as in the western provinces. A member of the press was present in the person of Mr. Hunter of the Globe and Mail. He made notes on the meeting and a firm and concise report appeared in his paper the morning of the 25th.

Lively discussion followed the reports given by each member township and a number of problems were debated. Among these was the hardship on farmers under the present assessment Act.

The following resolutions were read and adopted by the meeting:

1.—Whereas: Indiscriminate drilling for water has caused hardship in some areas and serious complications, be it resolved that the Ontario Water Resources Commission prepare a map of all the potential danger areas and all drillers, before drilling a new well in these areas, must have a permit before starting work.

2.—Whereas: Farm lands do not require servicing for fire protection or police protection. And whereas, there is some recognition of this in both the Assessment and the Police Act at the present time—recognition that is usually unknown to those concerned or unusable because of the preponderance of Urban councillors on the Municipal Council,

Be it resolved—That Section No. 37 of the Assessment Act be changed to make it mandatory that all farm lands be 90% exempt from taxation for police and fire protection.

3.—Whereas: In the 1961 Court of Revision in Whitchurch Township re Section No. 33, Sub-section No. 3 of the Assessment Act regarding the definition of farm and farmer as contained in the Act; be it resolved that the Municipal Board be asked to give the definition of a farmer and what constitutes a farm so that assessment may be made on a fair basis to the farmer.

4.—A Taxpayer is put to considerable expense and trouble when he appeals his assessment before the County Judge or Municipal Board. And where as—

A Municipality has much greater resources than the private individual. Be it resolved that the Assessment Act be changed so that a taxpayer be reimbursed for all costs as well as his own time by the municipality concerned in any assessment appeal that the taxpayer may win at the County Court or Municipal Board level.

BROUGHAM

Mrs. Lemon who has spent some time in the Ajax Hospital, went to Toronto on Sunday afternoon where she expects to spend the winter with friends.

The Committee of the Scouts and Cubs are holding a Christmas dance in the Township Hall on December 23. Mr. Ivan Fuller is providing the music. Proceeds are for Scout activities.

Mr. and Mrs. Gordon Campbell of Toronto called on Mrs. Matthews on Sunday afternoon.

Our local firemen were called to the farm of Mr. Oscar Carter one day last week when his tractor took fire. The blaze had a good start and the tractor was badly damaged.

Mrs. W. C. Willson who has been in Ajax Hospital was removed to Fairview Lodge last week where she expects to receive special treatment.

Little Denise Pascoe is the

Ajax-Pickering Hospital Starts Fund Drive

Facts for the 35,000 people living in this space between metro Toronto and Oshawa:

• The present hospital, Ajax-Pickering, has up to 65 beds jammed into space for 45.

• 17 babies are often packed into one small room.

The need for a new hospital is desperate.

Over a third of the patients served live in Pickering Township.

Give generously to the campaign for the new Ajax-Pickering Hospital.

The Scouts and Cubs wish to say a special 'thank-you' to all for the papers for the drive on Saturday. Please continue to save your newspapers for the boys. When you have them ready, please phone WH 2-5127 or WH 2-5387 and a Scout or Cub will pick them up. They will be stored until the next paper drive.

EXTRA TOUCH

If you have a number of children on your Christmas list and consequently must settle for small-size toys, you can make each child's package more attractive by decorating the outside of the wrapped package with bright lollipops and other "treats".
