Winners for the evening were Mrs. Russell Boyington, Mrs. E. Coakwell, Mrs. Gordon Spring, Peter Sider, Don Brodie and Elmer Hill. There were two lucky draws and these went to E. Hill and A. Robinson. Mr. and Mrs. Gordon Spring and Messrs. M. Sherman and Russell Boyington were freezeout winners.

The next euchre will be held January 5, 1962, 259 at Lions' Children's Party—
It seems Santa Claus underestimated the junior population of the area when the Victoria Square and District Lions held their children's Christmas party at Buttonville W.I. Hall on Saturday. Mr. Gordon Morton provided three busses for transportation, and according to one appreciative small tyke, the Hall was "stuffed full o' kids," and the last ones had to sit in the aisles.
Santa had to resort to emergency measures when it came to passing out Christmas cheer, and his Lions helpers acted quickly to keep his supply flowing.
Assisting the Lions were Mrs. Donnelly, Mrs. VanderKooey, Mrs. McCague and Mrs. Stephenson.
The programme consisted of cartoons, a full length feature and short films, and there was pop for everyone during intermission. The official attendance count was 259.

with a NEW CO-OP BATTERY

The new Co-op Batteries containing Silver Cobalt are ideal for farm conditions. Silver Cobalt gives the same kind of protection to battery plates that galvanizing gives to iron. Silver Cobalt covers the plates and keeps the charge sealed in. It also prevents harmful deposits from forming on the outside of the plates. Consequently the Co-op Battery can sit idle for up to 6 months and still be ready to leap into action for you — ideal for the irregular driving conditions of farm tractors, trucks and of course your automobile.
