

LET'S TALK CARS

Some Thoughts On Christmas

The biggest build-up of the year emotionally, commercially and in a religious sense always precedes the holiday we're just getting into — a week when we can all take it easy and rest on the cars a little.

Neil Patrick

This flowering of goodwill and happiness and charity has an effect on all of us and acts as a pep rally for those ideas that make life worthwhile after all. No matter how many worries we have they get shelved for a while while we become a little more human.

If proof was needed that Christmas fills a deep human need then observe that this holiday and the thought and spirit associated with it has prevailed for almost two thousand years. That's two thousand times when kindness took a new lease on life.

It's been said before but a re-issue always helps — a little less money spent on expensive gifts and a little more time on trying to do something Christian would help us all. Every minister has some names of people who could use a little cheer right now.

We're grateful if you've found these articles of our informative. We hope the commercials have been accepted as well as the other information as our honest thoughts, which they are.

The streets and highways are filled this week with the cars of shoppers and party goers, some of whom have been celebrating. The accident tragedies that happen at Christmas are always the most tragic of the year. Don't let one happen to you.

And incidentally . . . Merry Christmas.

Find True Meaning For Happy Christmas

"I am come that you might have life and have it more abundantly."

In these words are the true meaning of Christmas. Jesus himself said it . . .

"For the Son of man is come to seek and save that which was lost."

The birth of the Infant Saviour is more than the birth of a child; it is the fulfilment of the promise of God.

The happiest Christmas of all will belong to those who reach out with their heart for the true spirit of Christmas.
