CLAREMONT

Girl Guide, Susan Sherin, Gets Coveted Award

Thirteen year old Susan Sherin, a member of the Claremont Girl Guides for only two years, will be presented with the All-Cord Award at a special presentation ceremony on Thursday evening, May 31st. Susan, a grade 8 student at the Balsam Public School, is the daughter of Mr. and Mrs. J. C. Sherin, Ashburn R.R. 1.

The award will be made on the occasion of the annual Mother and Daughter banquet to be held in the Masonic Hall in Claremont.

"It's a remarkable achievement," said Guide Captain, Mrs. Jessie McGuire, in conversation with The Tribune this week. Susan has been a member of the Claremont Guides for only two years but in that time she has earned a total of 19 proficiency badges and the All-Round Cord. She is the first girl in the local Guides to achieve such recognition. The organization has 28 members.

Susan obtained her first class certificate last year, mainly through knowledge gained at Guide Camp near Haliburton. She, along with her Guide Captain and several other girls were in camp from July 25th to August 4th. Susan passed all the required tests including the arts of swimming, sewing, first aid, cooking, etc.

Susan was a member of the Claremont Brownies for two years before moving up into Guide company. A number of other girls are also in line for first class certificate awards which will be presented at the same time.

Museum Opened Holiday Weekend

The Pickering Township Museum, situated at the western extremity of Brougham, opened for visitors on Friday, May 18th and will be open until Autumn.

A story of adventure can be told of groups of workers who assisted in bringing an early log barn to the premises, the logs hewed by pioneer axe, the doors operated by wooden hinges. This barn will be re-erected this summer, near the log house, which is furnished in the traditional pioneer furnishings of the early nineteenth century.

At a recent meeting of the Museum Committee and Historical Society, plans were made for new attractions at the museum ground. Picnic tables are set up for groups who wish to spend the day on the grounds, and examine the exhibits at their leisure; an early Rumley tractor, an old threshing machine, both in operating condition, will be placed on the grounds for the summer.

Mr. and Mrs. Jack Gillman are Curators of the Museum and workers, in early costumes, are on hand to greet visitors to the log house.

This summer a beef ring building will be placed on the Museum grounds.

Robert Miller, Chairman of the Museum Committee, has announced that a new Indian Display will be added to the Museum this year, and a Mill display.

Historical Meeting June 14— The Annual Meeting of the Pickering Township Historical Society will be held on June 14. Election of Officers will take place, and an interesting programme has been arranged, including an excellent film shown by the Metropolitan Toronto & Region Conservation Authority, which includes enlightening coloured views of the Pioneer Museum at Edgely. Everyone is invited to the Annual Meeting. There is no charge, and it is hoped that the Township Hall in Brougham will be filled to capacity, at 8 p.m., on that occasion.

Make a visit to the Pickering Township Museum at Brougham one of your summer plans this year. Groups are welcome. Contact Mrs. Elsa Storry, Secretary, or Robert Miller, Museum Committee Chairman, both of Brougham, for further information.

Maybe it's because love makes the world that some couples act dizzy.

You don't have to wait for any particular season to can a certain brand of sour grapes.

garet Pugh and Mrs. R. Cresswell. It included a skit, a piano selection, Scripture and a Missionary story. Mrs. Aldene Evans and Mrs. Mil. Taylor provided a lovely lunch.

On Wednesday evening, May 30, the combined U.C.W. units will meet at Claremont United Church at 8 p.m. Mrs. Wm. Wallace will preside and an interesting program has been arranged.

On Thursday, May 31st at 3 p.m. everyone is invited to a Tea and program at the home of Mrs. Geo. McConnell. The program was planned by the afternoon unit and will include musical selections. Members of the afternoon unit will meet at 2 o'clock for a short business meeting prior to the Tea.

SCOUT GUARD FOR TRAFFIC VICTIM

Final Scout Honors were given on Wednesday, last week, at the funeral of William T. (Billy) Mitchell, 13, of RR 1, Brooklin, who died in a traffic accident at Kinsale.

The funeral service took place at the Robinson Funeral Chapel in Brooklin and from there a 30-car cortege followed the remains to the Hillman Cemetery, Utica, for the interment.

The deceased was in the 1st Greenwood Scout Troop and fellow scouts paid their final tribute as pallbearers and presenting a guard of honor.

The pallbearers were: Patrol Leaders, John Moore, Bruce Rogers, Brian McTaggart, Patrol Seconds, Ken Gardner and Hal Pegg and Scouts, Edward Henning, Bill Lee and Lloyd Morden.

William is survived by his parents, Mr. and Mrs. Walter Mitchell and a brother, Walter, aged 4.

The funeral service was conducted by Rev. T. H. Fleetham of Greenwood United Church.

4-H MEMBERS ACHIEVEMENT DAY

Eighty-nine south Ontario County 4-H Homemaking Club girls will complete their spring project on Saturday, May 26th. This will be the Achievement Day for the project "Being Well Dressed and Well Groomed". The Achievement Day program will be held in Uxbridge United Church Hall and will begin at 9:00 a.m.

This is the first of two Achievement Days to be held in the county. On Saturday, June 2nd, another eighty club girls from the north part of the county will complete the same project.

JAILED 3 YRS. DRUG CHARGE

William Warren Hastings, 27, of RR 2, Pickering, was last week sent to Kingston Penitentiary for three years, when he pleaded guilty to two charges of being in possession of narcotics. He was sentenced by Judge Alex. C. Hall, Q.C. in the Ontario County Criminal Court at Whitby.

Evidence in the case was given by Cpt. Gordon Tomalty, of the RCMP drug squad, who said that on the nights of Sept. 11 and Sept. 12 last year the accused's home, on the second concession of Pickering Township, near the Altona road had been under watch by squad members.

During the first night, he said, officers dug in a flower bed near the house and found 25 packages of a white powder, samples of which showed it to be heroin. They also found two envelopes which later developed to have contained marijuana.

On the following night a further search was made of the flower beds and 23 capsules and two envelopes were found. A search was also made of an area where the accused appeared to have been digging on the previous night and eight capsules, an eye dropper, a syringe and two needle holders were found. Capsules were identified as containing heroin and the envelopes were said to have contained marijuana.

The accused was arrested as he came out of his house on the night of Sept. 12.

Vern Rose, a twenty-two year old operator of a 20-ton earth-moving machine, had a close call with death on Monday morning when his big diesel tractor flipped over on its nose. The accident occurred during construction on the County improvement road, east of Goodwood in Uxbridge Twp. The driver remained at the controls and escaped injury. The unit was not badly damaged. —Staff Photo

Pickering Twp. to Pay \$2300 an Acre for Industrial Land

The Township of Pickering has taken steps to secure a parcel of industrial land, west of the Brock Rd. in the southern part of the township, at a price of \$2300 per acre. The site contains about 35 acres for a total cost of \$80,500. The land can be serviced by water and sewers. A five year debenture issue will be arranged to handle the expenditure.

Councillor Ross Deakin suggested that the purchase proposal should be made known to the Toronto Industrial Commission "to let them know what we are doing."

The council will arrange a tour of the industrial area in June or July to acquaint realtors and industrial promoters with the area and its services.

Councillor Milton Mowbray suggested at a special meeting of council Tuesday, that a policy on gravel pits should be formulated. The proposal was recommended on receipt of a request from Consolidated Sand and Gravel

Ltd. to have the zoning altered at lot 22, con. 6. The pit site about 25 acres, is on the Gladys White Estate west of Brougham.

The council has turned down a request for a salvage yard at lot 27, con. 2. In a letter, aired before council Tuesday, Thomas Newman requested permission to re-open the subject.

The council agreed that they would have no objection to Mr. Newman attending a meeting but the members had already handed down their decision on the matter.

Lowest Tender Mr. L. A. Weatherston of Greenwood submitted the lowest of two tenders for remodeling work in a portion of the municipal building at Brougham. The price was \$1,011.71.

Youth Steals "Coke" Truck

It was a rather optimistic Toronto youth that stole a large Coca-Cola truck from the premises of Uxbridge Beverages Ltd. last week, and drove it to Gormley where it was spotted by PC Evan Kelley of the Markham Twp. police force.

Constable Kelley later rechecked the vehicle and discovered it had been moved. The driver, Philip Maurice Gouzeau, was later arrested behind the wheel of the big van in Unionville by Sgt. Wm. Shearn. He was turned over to Metro Police where other charges are pending against him.

BAHA'IS INCORPORATED

The Spirit Assembly of the Baha'is of the Township of Pickering was recently incorporated under an Act of Parliament. The Nine Member Assembly is elected annually by all Pickering members of the organization who are of legal age and is the governing body of the Baha'is in the district.

MIKE'S THE MAN AGAIN FOR ONTARIO RIDING

Another problem is school. Sometimes we feel that it is there only to get us up early, to take away much of our valuable time and to give us constant worry with homework and examinations. When we are sixteen, we must make the decision whether to remain in school or drop out. The degree of education we acquire will have a vital influence on our future life. If we remain in school, with more education, we will not only obtain a better position with increased salaries and better opportunities, but we will enjoy a better life all way round. That is why, as a teenager, we must be very careful in making a wise decision on the school question.

"Problems of the Modern Teen-Ager" Wins Contest

(By Joy Green) Grade 8, Claremont P. School (The following essay by Joy Green, a grade 8 student, won her a first prize in an oratorical competition conducted recently in Claremont Public School)

Have you heard about the problems of a modern teenager? First, what is a teenager? All you have to do to become a teenager is reach the age of thirteen years. It may sound simple, but it is not quite that easy to become a happy, successful teenager, one that is on top of the world.

From the age of thirteen to nineteen years, we are faced with many of the problems that will help to determine the kind of adults we are to become. To become a mature adult, we require teen years filled with meaningful experiences. We require knowledge and most of all, help to solve the difficult problems with which we are confronted. The real problem, however, is discovering our real selves and developing our personalities. We must create within ourselves, character and develop the qualities which we admire in other people but still retain our own individuality.

One of our greatest problems may be adults, parents, in particular. For instance, every time I approach the door, they want to know where I'm going, why, and what time I'll be home. They are always telling me that I'm too young for this. I mustn't do that and something else that isn't proper. As a teenager, I feel that I am entitled to more privileges and more free time. Sometimes I feel as though they are just around to make life miserable for me. But we must consider our parents' point of view.

From the time we are born to the time when we are fully matured, it is their task to bring us up as citizens of the future. They have been through the trials that we are now enduring and they know what is best for us. If we listen to our parents now, we will be better equipped to cope with our own problems in the future. They are willing to give us more privileges, but we must prove ourselves first by taking on more responsibilities.

As a child, we were content with a small weekly allowance. Now, we suddenly require more spending money. Girls require more clothes and boys require more money to buy gas for the car and take his best girl out. Our parents are willing to give us more money, but it is often not enough. The best way to solve this problem is to get a part-time job, after school, on weekends or during the summer vacation. When we acquire our own hard-earned money, we are more likely to spend it wisely and make it fit our needs.

A Teen's life is full of problems and a teenager must be constantly alert. It is so easy to go astray and perhaps ruin our future. There is always someone in the crowd who will tempt us to do something we will later regret. Two of the bad habits teenagers can acquire are smoking and drinking. Dating too young may often lead to trouble, early marriages, broken homes and much unhappiness. When we have successfully solved all our problems, then we are ready to become adults. There is no short-cut to adulthood and while we are teenagers, a good guide are these ten commandments. They may seem difficult to follow—easier said than done. One easy way to avoid trouble is to keep occupied in worthwhile activities. Remember — you are what you believe, if you will only believe in something worthwhile.

Teen-Age Commandments
1. Stop and think before you drink.
2. Don't let your parents
