Ponds Holds Open House For Community Leaders

Markham, Ont., Sept. 11th — Chesebrough-Pond's (Canada) Ltd., last week manufactured for the first time in Markham, its widely known Cutex, Odorono and L'Onglex lines of lipsticks, nail care products and deodorants. These products were formerly manufactured and marketed by Northam Warren Ltd. in Montreal. This firm was acquired by Chesebrough-Pond's (Canada) Ltd. in 1960. The initial manufacture of these products in Markham was celebrated by a gala dinner for officials and prominent citizens of the community.

Serving as official hosts on behalf of the international manufacturer of cosmetics, proprietaries and toiletries were Royal F. Merkley, Chairman of the Board and Norman R. Richardson, President of Chesebrough-Pond's (Canada) Ltd.

The occasion marked the consolidation of Northam Warren's Montreal operation and that of Chesebrough-Pond's in Markham. Cutex, Odorono and L'Onglex products will now be manufactured here in addition to Pond's, Pertussin and 'Vaseline' brand products.
