Action was taken by the Council after a petition containmitted in favour of a plebiscite.

## Two Youths Hospitalized in Separate Outbreaks of Teen-age Violence 15-Yr.-Old Beaten After School Dance

Two youths were hospitalized and two others have been charged with assault following an outbreak of violence in Stouffville and district last week.

The latest incident involved a 15-year-old grade 9 student at the conclusion of a dance in the Stouffville Dist. High School on Friday night. Wayne Keeler, son of Mr. and Mrs. John Keeler, Vandorf Road, Whitchurch Twp. was walking a giri companion home after leaving the school bus on No. 48 Hwy. He was beaten by a gang of seven youths who had apparently followed the bus from Stouffville to the stop-off point in a car. A neighbour notified the boy's parents.

The lad's injuries were so serious that he had to be carried into his house. He was later admitted to the York County Hospital at Newmarket for treatment and observation and released on Saturday. He returned to regular classes on Monday but was still feeling the effects of his injuries.

Ontario Provincial Police of the Vandorf Detachment are investigating the attack. Six local youths have been questioned and a charge of assault will be laid against Donald Harnden, Loretta Cresc., Stouffville.

Mrs. Keeler told The Tribune that the family had been living on their present premises for only a short time. "We're beginning to wonder if we came to the wrong place," she said. P.C. John Lizotte is in charge of the case and the charge against Harnden will be aired in court in October.

Main St. Brawl
