

Mr and Mrs Robt. Hicks are pictured here following their recent marriage in St. Andrew's United Church, Markham. The bride is the former Carole Arlene Mears, daughter of Mr. and Mrs. James R. Mears of Markham. The groom is the son of Mr and Mrs Vern Hicks of Greenwood. —Cadieux Studio.

The bride chose a teal blue suit with gray and black accessories, and a corsage of pink roses, for the couple's wedding. They have now taken up residence in their home at Greenwood.

Out of town guests present at the wedding were from Tillsonburg, Woodstock, Port Perry, Oshawa, Whitby, Toronto, Aurora and Stouffville.

The reception, attended by approximately one hundred guests, was held in the Christian Education Hall of Brooklin United Church. Receiving, the bride's mother wore an aquamarine sheath dress of organza over silk taffeta, with white accessories, and a corsage of pink sweetheart roses. She was assisted by the bridegroom's mother, wearing a chocolate brown crepe sheath, with beige accessories, and a corsage of yellow roses.

As the couple left for the wedding trip by motor to northern Canadian points, the bride was wearing a light wool power blue suit, white accessories, and a corsage of pink sweetheart roses. Upon their return Mr and Mrs Vernon W. Ferguson will take up residence at 23 Baldwin Street, Brooklin.

Out-of-town guests attended from St. Catharines, Woodstock, Toronto, Uxbridge, Claremont, Whitby, Goodwood, Oshawa, Zephyr, Stouffville and Ringwood.

LINTNER — Mr. and Mrs. Arnold Lintner are happy to announce the birth of a daughter, Kimberley Ann on September 16, 1962 at Mt. Sinai Hospital, Toronto.

WILSON — Susie is pleased to announce the arrival of her baby sister, Jacqueline Leslie (Jackie) on Sept. 21st 1962 at York County Hospital, Newmarket. Weight: 5 lbs., 11 ounces. Proud parents are Ron & Ethel Wilson, who both wish to extend a special thank-you to Dr. Mitchell.

Markham Township council Monday last week voted to spend \$474 to improve the heating system in the well-known municipal building on the Don Mills Rd. A \$429 canopy is also to be installed over the front entrance to the building. The St. Andrew's Construction Co. is to do both these jobs.

On Saturday evening a family gathering with all members present, was held at the home of Mr and Mrs George Timbers, Edward St. to honour her father, Mr Fred Pilkey, who was celebrating his 75th birthday. The family presented him with a gold wrist watch.

Anglican Church News
This week sees the congregation of the social events for the adults, which heralds in the annual congregational meeting. The meeting is held this year on October 10 at 8 o'clock at the Parish Hall. It is the high point of the Stewardship and economic programs of the church.

Morningstar, (Helen) 20 years married, Sept. 19. Mr and Mrs Fred Armstrong 14 years married on Sept. 25 and Mr Elgin Hastings' birthday on Sept. 24.

LET'S TALK CARS
Some Common Sense On Oil Changes
Through improved filters and higher detergent quality of modern oils, the once standard 1,000-mile oil change has crept upward to 2,000 to 4,000 miles in newer manual recommendations to the point where these recommendations have now become selling features of various models.

Car makers' figures often differ from oil company suggestions for crankcase drainings, perhaps because the oil firms have a commercial interest in frequent changes. In any case, the owner manual should be the final guide.

Theoretically, a metal engine part continuously bathed in clean oil will never wear out. Where reality catches up with theory though, is that starting immediately after an oil change your oil starts to accumulate unburned fuel and water from condensation along with dirt. Though your oil will never "wear out" as such, this chemical adulteration weakens it and starts the creation of engine-pitting acid.

For this reason, dusty roads and short trips involving starting and stopping a cold engine are the hardest on your oil and hence your engine. If you do nothing but this kind of driving, then you would be wise to halve the mileage of oil change recommendations since these guides were made for "normal" driving including 50% highway trips.

Modern high compression engines CAN be seriously harmed by deteriorated engine oil. Think of oil changes as a kind of insurance. Because the cost of a major engine failure is many, many times the cost of the additional oil changes, it is better to err on the liberal side.

WEDDINGS
FERGUSON—OLDHAM
At Brooklin United Church on Saturday, September 8th, Anne Marie Oldham, daughter of Mrs Andrew Davidson, Brooklin, and the late Mr Nathan J. Oldham, was united in marriage in a double ring ceremony to Vernon William Ferguson, son of Mr and Mrs Douglas Ferguson, Uxbridge.

The Rev. S. J. Hillier officiated. The wedding music was played by Mr E. A. Winkler of Oshawa, and Mr Allan Clark of Greenwood sang.

Given in marriage by her uncle, Mr Ernest Oldham, the bride wore a floor-length gown of blue taffeta with a petal over-skirt. A blue velvet bow with attached net adorned her hair. She carried a nosegay of pink and white mums.

The bridesmaids were Miss Anna Cooper, cousin of the bride, and Miss Eileen Moore, sister of the bride. They wore matching bouffant ballet-length dresses of blue nylon chiffon over taffeta. Their headdresses were blue nylon flowers with attached veils. They carried nosegays of pink and white mums.

Mr Bruce Holborn, friend of the groom was best man. Mr James Smalley, cousin of the groom and Mr Melville Whitnell, cousin of the bride, were ushers.

Mr James Murby, operator of the duck farm claims that about 75 gallons of water per minute is directed from the stream through a man-made channel. A pressure pump carries the water almost one mile to the duck premises.

60,000 Ducks Out of Water
A flock of 60,000 ducks require plenty of water but a six inch transit pipe leading from a nearby stream to the King Cole Duck Farm, conc. 5, Whitchurch Twp. has caused some concern among farm residents in the area. They have complained that too much water is being removed from the creek and that the level has dipped to an all-time low. —Staff Photo.
