# Over 700 Skaters Visit "Winter Wonderland" in One Week

Last week, more than 700 skaters enjoyed the open-air facilities of the "Winter Wonderland" arena on the premises of Mr. Walter D. Atkinson, north of the Sales Arena on No. 47 Hwy. Ideal weather conditions has provided the huge rink with a thick layer of ice. It is flooded daily with hot water.

"for the kids"

"It's a great thing for the kids," commented Mr. Atkinson this week. The rink is booked almost solid every night and minor hockey teams from Stouffville are using it to good advantage. One Toronto team (L.B.M.) had a bunch of young lads out for a practice in temperatures of ten degrees below zero. "They didn't seem to mind it," said Mr. Atkinson.

ule does not conflict with the skating program in the Stouffville Arena, there is no public skating on Saturday nights. The regular admission fee is 25 cents and 15c. Snow is cleared from the ice surface with a tractor and shovel. A 12 foot high fence is now under construction and will surround the ice area and provide an additional wind-break. Bookings are being taken for skating parties and on Friday evening, Feb. 15th, a full-dress Valentine Party is planned.

Mr. Atkinson admits that the projects has become almost too big for him to handle alone. He expects that next winter he will acquire more help.

## Once No. 1 Killer

Tuberculosis was once the killer of thousands of Canadians and even today, although medical science has developed ways of treating the disease, there are still too many cases for comfort. There could be a complete wiping-out of this disease if all cases could be discovered. This could happen if everyone would take the skin tests and chest x-rays that are available free of charge. Every case discovered could be treated and in almost all cases, cured.
