By **JOHN ADDISON**

Parliament is back in session after the seasonal recess but the recess was not quite so carefree as for youngsters in school. When the holiday part of it was over, I had the distinct impression that Canada was standing still when other parts of North America and the world were taking vital steps ahead.

INCOME TAX CUT
 Nobody could have escaped the important news which came out of Washington in President Kennedy's recent cut announcement. What it did, as the Eurymart codex has been doing for some time, is to show us our Canada as being definitely out of step.

The President's proposal to give people in the lower income brackets a major break by recommending \$11 billions in income tax cuts is a tremendous investment in his country's future. His message also recommended \$2.5 billions cut from corporation tax and this too will prove a vital incentive in stimulating his nation's prosperity.

CANADA SHOULD FOLLOW
 Some readers may recall that in my maiden speech to Parliament last October, I urged that the Government of Canada do just this kind of thing to get our stagnant economy back into high gear. It is a proposition I must continue to urge, and I want to explain just why.

By reducing the direct income tax, specially for the millions of people in the lower income scale, the economy is immediately benefited. The money which would go to the government in tax payments is left instead to be spent on goods and services. This means more money in circulation, more jobs, more buying — a genuine boost to the country's welfare.

HELPS EVERYONE
 Properly handled, income tax cuts could enliven the economy and increase national spending. Indeed, this should be the purpose of income tax cutting. Purchasing by the masses of people is encouraged more money goes into circulation, thus, works for everybody. Income tax cuts also add to the saving power of the people.

IN OUR RIDING
 In the few weeks away from Ottawa, I have made a determined effort to get all around the riding and have seen a great many people. I want to say how much I appreciate their welcome and greeting.

It was an honour to attend and be invited to address the 1963 inaugural meeting of the York County Council and to see Mr. Clarence Davies elected and installed as the new warden. He has my best wishes for a very prosperous and progressive term.

AURORA CENTENARY
 Another pleasant and important event during the month was the 1963 Inaugural of the Aurora Town Council. It is a hundred years since Aurora became a town and it is now at the height of a developing career. The expansion of recent years has changed the town tremendously, but the spirit and character which have marked Aurora from the beginning carry it adventurously into the new era.

EXCELLENT RESPONSE
 In order to gather information which will assist in the establishment of a rail commuter service between York North and Toronto, a questionnaire has been sent to every home in the constituency during January. The response to this has been most helpful and I want to thank those who have returned the filled-in questionnaire. There is no postage required for mail to your M.P.

In Ottawa and I would encourage those who have not yet sent in the answers to do so as soon as possible. The information will be co-ordinated and sent along to the appropriate authorities. This will further our campaign for the service which Donald Gordon, president of the C.N.R., has said could be started within two years.

NEXT FROM OTTAWA
 Now that we are back in business on Parliament Hill, I shall be sending my next report on what goes on here... on the nation's business, the most important business in Canada. Sincerely,

John Addison

Late Walter Milne Active At Green River

The Green River community and the Twp. of Pickering lost a well-known and highly respected resident on Monday in the passing of Mr. Walter E. Milne.

The late Mr. Milne made a success of his every venture and his pleasant personality had gained him a wide circle of friends. A Past President of the Markham Fair Board, he was an astute judge of horses that took him to many shows throughout Ontario. He was a member of the South Ontario Plowman's Association and also served on the St. John's Cemetery Board. Only recently, he was re-appointed to the committee of fenceviewers in the Twp. of Pickering. Mr. Milne was a member of St. Andrew's Presbyterian Church, Markham.

Surviving is one brother, Arthur of Dunbarton, three nieces, Mrs. Hilliard Bedare of Maberley; Mrs. Sydney Beare of Cedar Grove; Mrs. Earl Shirik, Green River and a nephew, Donald of Cherrywood.

Rev. Gordon Hamill conducted the service from the Dixon Funeral Home, Markham, on Wednesday afternoon with interment in Erskine Cemetery. The pall bearers were Messrs. David Pugh, Robt. Jackson, Clifford Wright, Robt. Malcolm, Robt. Milne and Charles Hutchings.

A Thought for Retailers

Did You Just Lose A Customer?

Every year (on the average) 18 per cent of a store's customers move away or die.

Many others shift their buying from one store to another, perhaps because of a grievance, perhaps because they think they're getting better merchandise, or lower prices, or perhaps because of one store's apparent indifference, and the other's aggressive promotion.

On The Other Hand...

Many new families move into the community each year, replacing those who move out.

Many young people become adults annually. They marry, and create new families, which require food, clothing, homes, cars and a multitude of other things.

The Point Is...

A retailer isn't dealing with a fixed group. He is selling a passing parade, an ever-changing market.

That is why advertising — consistent advertising — which reaches all the potential customers is an essential part of successful merchandising today.

In this area, nearly all your potential customers are Tribune readers. New residents or natives, young or old, they need the newspaper. Its thorough coverage of the market, week in, week out, is another strong reason why the newspaper is the basic retail advertising medium.
