BALLANTRAE (Continued from Front Page) whenever he finds a pupil disrupting the unity of a class, he is removed. He expressed regret at a recent incident where a non-student had entered the playground after school hours and had injured another boy in an argument over a girl. The lad was later arrested by police. Mr. Grove said that a teacher, usually himself, is always out on yard duty. "It is pretty hard to watch 200 children all at one time," he said. One ratepayer said that his girl, who had witnessed the fight was very upset when she returned home. "We shouldn't have to put up with such things," he said. "We won't," replied trustee Rodgers. "we'll close the school first." Mr. Rodgers said that the board was 100% behind the Principal and his staff with respect to both scholastic progress and discipline. "The board is to be complimented for its action," said ratepayer Vern Davies, "it's time we called a halt to the plan of pushing kids on in order to let more in." "When they advance into high school they are completely lost." At the conclusion of the meeting the majority of the parents came forward to discuss individual problems with the Principal and the teachers. "He's an amazing man," commented one mother.
