ON KEEPING HORSES IN TOP CONDITION!

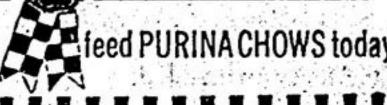

Whether you keep horses for riding pleasure, for the show ring, or if you know the pride and satisfaction that comes from following a team and plow, remember that one of the most important parts of keeping a horse in good condition is a good ration.

For over 40 years, horse owners throughout North America have been favouring Purina Omolene. Here's the reason why: Omolene's eight carefully selected and blended ingredients supply the vital nutrients horses need for sound condition. Vitamin oils and minerals help keep your mount "rarin' to go. Molasses, in Purina Omolene, makes it palatable so that they'll clean up their share and ask for more.

Omolene is a concentrate that you feed with your own good-quality hay. Next time you're near our Store with the Checkerboard Sign why not stop in and let's talk about your horse, and what Omolene can do for it.

For fast, efficient feed service call
