CEDAR GROVE

(June 6)

No matter what his religious preference, man the world over joins his Roman-Catholic brother to mourn the passing of Pope John the twenty-third. His concern for humanity and his sincere efforts toward the peace and understanding we all desire spread his greatness well outside the bonds of his realm.

The film shown Sunday afternoon and made in Cedar Grove by Chris Chapman proved to be a most entertaining educational approach to summer holidays and recreation generally. It is hardly likely that anyone missed Time of Your Life but in case you were not near a TV set, you were not near a TV set, Chris will probably be showing the film in the school at a later date. The recreational

activity of country children proved to be quite a contrast to city children; there was much to be gained by children whose interest was stirred by this fine short film of carving owls. There has been a slight extension on the ordering of Cedar Grove sweatshirts. If you call Joyce Lapp no later than Friday of this week, you can still order. But this is the last call.

Mr. and Mrs. Heatwole, Margaret Reesor, welcomed a baby girl last week.

We have two big winners in the community this week. Our hill climber, John Williams, took his bike to Washington PA over the weekend and came 1st in a very difficult climb competing against extremely able riders in the US including a National Champion.

Curtis Tompkins remains the undefeated Champion in the Oshawa Wholesale Truck Rodeo, which was held on Sunday. This time, however, he was driving a tandem-tandem which to the uninitiated means there is 60 ft. on the road when Curtis is driving. This makes him the Grand Champion and he is still the Toronto Champion. This title will be defended later in the year. Congratulations to

our skillful drivers.

The school bus reporter reports an overturned gravel truck on Steele's Avenue at about Murray Milroy's on Monday, which surprises no one. The car-pool reporter brings in an account of two overturned earth movers on the same day, one on Bayview and one on Kingston Road.

Ida Tapscott was hostess at a personal shower last Friday evening in honour of Mrs. Velma Jackson whose marriage to William Maynard of Brampton takes place on June 15th. Warmest good wishes go with Mrs. Jackson when she leaves Cedar Grove to begin a new life; she is the kind of a neighbour who will be very much missed.

Congratulations to Bruce Petrie who received word of a successful year at Queen's this week.

Canada's first doctor was Michel Serrazin, who came out from France in 1685 as chief surgeon to troops at Quebec.

Of Canada's 4,592,000 households, at May 1962, 71 per cent were equipped with automobiles.
