Lady Motorist Killed On Conc. 3 Whitchurch

A Queensville woman was killed on Sunday when her southbound car went out of control and hit a tree on conc. 3, Whitchurch Twp. Mrs. Doris Esther Murgford, an employee on the staff of the Buttonville Restaurant at Buttonville was on her way to work when the accident happened. It was raining hard at the time and visibility was poor.

She is survived by two daughters, Mrs. D. Himes and Mrs. D. Holt and one son, Ross.

Market Street Accident Causes \$800 Damage

A collision between two cars on Market Street in Stouffville on Friday morning caused damage estimated at \$800.

A parked 1963 Studebaker Lark, owned by Hugh Myron Anderson of Edward Street was rammed by a southbound '63, hand-controlled Chevrolet, Elm Road.

The Anderson auto bore the brunt of the crash and suffered about \$650 damage. Minor damage was also caused to the siding of the Stouffville Post Office. No one was injured. Police Chief Orland Keating of Stouffville conducted the investigation.

Ring Lost A gold wedding ring with an engraved platinum band, the property of Minnie Miller, 60 Montreal Street was lost on Friday. This item is a valued keepsake and it found, the owner would appreciate very much its return. The phone number is 640-1566.

registration of over 75. A wonderful program is in progress for all ages.

Marie Jose Raes received her first communion at St. Patrick's Church, Markham on Saturday, July 13. Mr. and Mrs. Raes held open house on the weekend.

LEMONVILLE

The Lemonville Public School report published last week should have included the names of Brendon St. George and Christine Wells, promoted from Grade 1 to Grade 2.

A lovely shower was given in honour of Miss Betty MacLean and Mr. W. Sanders in the church basement Saturday evening. The happy couple received many beautiful and useful gifts. Mrs. R. Fiewell and Mrs. Rose were hostesses for the occasion and Mrs. J. Keeler presented several games and contests to the group.

Miss Christine Wells enjoyed a weekend holiday with her cousin, Miss Barbara Kerr at a cottage on Skeleton Lake.

Miss Colleen Beach and Mr. Larry Beach are spending some holidays with Mr. and Mrs. J. Rae and family.

Miss Jean Anderson is at present on holidays from the nursing staff of the Queen Elizabeth Hospital in Toronto staying with her parents, Mr. and Mrs. J. Anderson.

The Lemonville U.C.W. held their July meeting in the church. Mrs. J. Lloyd and Mrs. M. MacFarlane were in charge of the program. Dr. S. S. Crouch gave a very inspiring talk on the Bible and the various translations now in circulation. A shower of kitchen necessities were received for the church and the group voted to add more dishes and silverware to the collection.

Mr. and Mrs. Norm Fairles and family of Gorrie called at Grant Wells' home Sunday evening.

Vacation Bible School is well under way with an opening day

ASHBURN

Mr. and Mrs. Nelson Ashton spent Sunday with Mr. and Mrs. Herman Kerry, at Epsom. Recent visitors at the home of Mr. and Mrs. C. Harrison were: Mr. and Mrs. Chas. Boothby, of Mission City, BC, and Mr. and Mrs. Edgar Peckover, of New Liskeard, Ont.

Mr. and Mrs. Wes. Armstrong and family of Toronto, Mrs. A. Peddie of Claremont, Mrs. J. Forsythe and daughter, Donna of Balsam were Sunday visitors at the home of Mrs. Wm. Hopkins, Sr.

Rev. K. and Mrs. Heron and sons left for Stanley, New Brunswick, on Wednesday morning after spending a few weeks with Mr. and Mrs. Edgar Heron.

The annual Lynde picnic was held at Pine Ridge Park on Sunday.

Mrs. Bertha Adams of Edmonton, Alta., spent a few days last week with Mr. and Mrs. W. Hopkins.

Vacation Bible School will be held in Burn's Church, July 22nd to July 25th from 9 a.m. to 11:30 a.m. daily.

EDITOR'S MAIL...

Stouffville, Ontario. July 15th, 1963.

The Editor, Stouffville Tribune, Stouffville, Ontario.

Dear Sir: Re: Mr. Atkinson's reasons for water restrictions in Stouffville.

"Lack of co-operation has cost the citizens of Stouffville thousands and thousands of dollars."

Since the above statement by the P.U.C. Commissioner, Mr. Atkinson, was published by your newspaper two weeks ago, the executive of the Stouffville Ratepayers' Association has been waiting for some comment from our elected administrators. Their silence to date on this subject is ominous.

"This type of thing can only have a tendency to create a lack of confidence in those who have been elected to guide the destiny of our town." Believe it or not, this second statement is also a quotation from the same letter written by the same Mr. Atkinson.

All we wanted to hear Mr. Atkinson, were the reasons for the water restrictions. WHAT WE HEARD was a combination of ideological platitudes and statements irrelevant to the main issue. Out of this one thousand word diatribe, in "FACT" number three emerges the true reason for the water restrictions, "... to relieve our east end water problem which has existed for years and is worsening." Mr. Atkinson recognizes three important facts in this short sentence, namely:

(1) A water problem exists in the East End

(2) It is worsening

(3) It is existing

The fact that a lack of communication, co-operation, or both exists between our various boards, committees, commissions, and administrators is apparent. We have a planning board and council who approve the residential subdivisions in the east despite the fact that this is further aggravating the water problem in that particular area. We have a P.U.C. who impose water restrictions with an apparent disregard for the adverse effect this has on the efforts of our industrial committee which is spending its time and the town's money in advertising, "fully serviced and prestige industrial sites available." This points up a lack of co-ordination that must sooner or later be either remedied or come to the surface in the form of this destructive backbiting that we are now witnessing.

It is obvious that we need more than an adequate water supply to attract industry to this community but it is also obvious that a lack of water does not enhance our qualifications. Our growing subdivisions in the east end must also be taken into consideration. The fact that a problem HAS EXISTED FOR YEARS IS NO EXCUSE for allowing it to deteriorate further. With costs increasing at the present rate, the longer it is put off, the more expensive it becomes.

Mr. Atkinson says, "let us face facts." Let us do just that! The strategy of putting one's head in the sand will only result in a few well placed boots at the other end of the anatomy.

With the blatant claim "there is no shortage of water" some of our East End residents have suggested the author of this claim is suffering from hydrocephalus. If Mr. Atkinson jumps into one of his wells, he'll find NO SHORTAGE OF WATER. However, if he lives in the East End and is taking a shower while in the basement he WILL find a definite shortage of water. Yet, let us face the facts. Our wells have a capacity of ONE MILLION GALLONS PER DAY; our AVERAGE CONSUMPTION IS TWO HUN-

DRED THOUSAND GALLONS! Irrespective of whether the shortage is caused by supply or distribution, any commodity that is not available as and when required is in short supply. When it is rationed it must be in short supply. Let us face the facts, THERE IS A SHORTAGE OF WATER.

As taxpayers, we are all vitally concerned with expenditures and apparently "we have a couple of large ones coming up." We are also concerned with the charges made by Mr. Atkinson that have as yet gone unanswered. Please, no more of this balderdash about "irrigation systems" and "melting snow-bourning towns." A solution is required. Water restrictions do not offer one nor would the imposition of meters. The recent rainfall may offer a temporary one.

Healthy discussion between our administrators would certainly be more beneficial than the present haranguing contest and might ultimately result in a satisfactory solution.

The situation does look different since hearing your "facts" Mr. Atkinson the picture is DRIER and BROWNER, but when can we expect to receive a qualified opinion on the best way to improve our services, together with an estimated cost of such improvements?

Your truly, R. Winfield, Executive, Stouffville Ratepayers' Association.

CEDAR GROVE

The senior pupils of Cedar Grove school presented Olive Reesor with a crystal rose bowl on Saturday at the Sunday picnic to show their appreciation of her work and to say good-bye. Next year's picnics will be at Locust Hill. Sharon Lapp made the presentation address.

Bible School got underway on Monday with what appeared to be a record enrolment. Colin Reesor and John Jonson left for Iowa this week to visit a college friend on a corn and hog farm. They drove down and expect to return sometime this week. Maurice and Helen Hamill, after attending a Camera Convention in Calgary, have taken in the Stamped, Banff and Alaska and are wending their way home. Joan Whittaker has had a few days in London and will join her continental group for a tour of 17 countries any day now. Yvonne Munroe, taking her first holiday in six years, loaded all three children aboard and took a bus tour of the sea-visit to Montreal. Her husband is going through to a United Church minister.

A very few ratepayers attended the Arbitration Board meeting held in the council chambers on July 10th. The purpose of the board is to be sure that ratepayers of both school sections receive an equitable distribution of assets in the merging of Locust Hill and Cedar Grove schools. School hours and bus routes have already been established and parents informed. Although the area does not come into effect until Jan 1st 1964, it will actually begin to operate in September to avoid juggling the children mid-term.

Mr. Ron. Mitchell, organist faithful at Zion Church for about eight years, is at present in the East General Hospital for an operation. We hope it will be successful and followed by good recovery.

Ball Games between High School and Ex-High School pupils from Markham and Cedar Grove have been played on Wednesday and Thursday nights recently. This week a game is scheduled for both Wednesday and Thursday and any cheering crowds would be welcome. They try to start about 7 o'clock.

How sad it is to hear of the dreadful loss of life in the building of the new railroad. A young boy killed last week on the Plug Hat Road and this week two men electrocuted at Steele's and Sewell Road. Three men within three or four days ... it is to be hoped this is the last we hear.

Am alone in mourning the untimely death of Alex Pavlini? His death broadcast from Windsor helped many a housewife through dreary chores. He was rare - a man who realized that a mother is an adult. It will take a long time to pass eleven o'clock without missing Alex Pavlini in our house.

Dates To Remember: Euchre series continues in Cedar Grove schoolhouse on Monday, July 22nd. All players welcome. The Annual J. Farmer's reunion will be held in Woodland Park on Sunday, July 21st. Supper will be at 6:30 p.m. All former J.R. Farmers welcome. Woodland Park Cottagers Association extend a welcome to Cedar Grove Euchre players to join in their big annual Euchre to be held on Saturday, July 20th at 8:30 p.m. Refreshments will be served and fine prizes available.

July 27th Zion U.C.W. will hold a Bake Sale at Woodland Park. Members are asked to have all bake goods at the park by 1:45.

To Install New Pump To Increase Water Pressure

The Stouffville Public Utilities Commission has taken steps to increase the water pressure in the east end of town. Chairman E. H. Neville told The Tribune this week that a pump, especially designed by himself, would be installed at the reservoir on the outskirts of the municipality. It is being built by local machinist Earl Hoover and should be completed within one month. The pump will be driven by a ten horsepower motor. The cost has been estimated at \$800.

Chairman Neville said that the pressure in the east end of the village would be raised from 38 to 63 lbs.

In commenting on the present restrictions, he said he did not personally favour the two hour evening period from 7 to 9 p.m. for watering. He said that it had only been about 75% successful. He denied, however, that there was any thought of withdrawing the ruling.

At a regular meeting on Wednesday evening of last week, the Ontario Water Resources Commission reported that the iron content in the water had shown an increase over the last test but said it was of good quality with an "A" rating.
