LEN and DAVID KEEPING

GOODWOOD

(Sept. 5)
Sunday, Sept. 1st was a day of mixed feelings at the Baptist Church. It was a day of anticipation as the congregation welcomed Rev. Mervyn F. Dolan as Pastor and a day of reminiscence when Rev. and Mrs. Geo. Gorman worshipped with the members. Mr. Gorman was the pastor twelve years ago. Mr. and Mrs. Gorman enjoyed Sunday supper at the home of Mr.

and Mrs. Harry Woodland. We are sorry to report that Miss Gail Williamson has not been feeling well lately. Mrs. Robt. Dawson has returned home from hospital and is regaining her strength. Mrs. Dalton Alderson enjoyed Sunday supper recently at the home of Mrs. F. Baldwin. Mr. Geo. Jones visited recently in Uxbridge with his daughter and son-in-law, Mr. and Mrs. Everett Hockley. An old fashioned hay ride was enjoyed recently by a number of young people at the home of Ken and Ron May. Mr. and Mrs. Stan Noble and family are now residing in the Stan Slack apartment. Mr. and Mrs. John Thompson and three of their grandchildren were recent visitors with Mrs. R. May and girls. Mr. and Mrs. Stan Slack enjoyed Sunday supper last week with his aunt, Mrs. Wm. Eckhardt.

The Stouffville Tribune

Appoint Jas. O'Donah Mgr. of Credit Union

The Stouffville District Credit Union has engaged Mr. Jim O'Donah as Manager. The steady growth of the Credit Union has continued and by July 31st, 1963 assets have totalled over \$253,000 with more than 400 to render more Credit Union services to the members. The Credit Union Office is located in the Stouffville Co-operative Store, phone 640-1350.

The Credit Union Annual meeting will be held in the Veterans' Hall on Monday, Sept. 30th. A turkey supper will be provided by the Ladies of the Stouffville Legion at 7 p.m. and the Annual Business meeting following at 8:15 p.m. Guest speaker for the Banquet will be Mrs. Edith Storr, Sec. Manager Ontario Farm Radio Forum. Mrs. Storr has travelled extensively and has had close connections with the Co-ops and farm organizations. Tickets for the supper are \$1.50 each and each member staying for the business meeting will receive a 50c rebate. Tickets can be picked up now at the Office in the Co-op.

AUDLEY

(Sept. 5)
Church will continue at 9:45 followed by Sunday School at 10:45 a.m. School opened last week with Mrs. G.K. Pratt in the senior room and Miss Hardy in the junior room. Brian Rapsey has taken a teaching with the Norwich District High School. John Rapsey has left to begin his second year at Bishop's College, Lennoxville, Quebec. Mrs. Conrad Landry, Magdalen Island, near Prince Edward Island, spent a few days last week at the home of Mr. and Mrs. Mac Hedge.

A PLACE FOR FARMERS

The last application of lawn fertilizer should be put on no later than the 15th of September say horticulturists with the Ontario Department of Agriculture. This enables the grass to develop a good root system and harden off before winter sets in.

Apply a complete turf fertilizer with a 2-1-1 ratio such as a 10-6-4 at the rate of 15-20 lbs. per 1,000 square feet. To avoid burning apply when the grass is dry and water in.

September is one of the best months for weed control in lawns. Fall spraying has an additional safety advantage since most cultivated plants in gardens and borders are less sensitive to sprays than in spring.

Horticulturists with the Ontario Department of Agriculture recommend using 2-4-D on most annual broad-leaved weeds such as dandelion and plantain.

For "hard-to-kill" weeds such as black medic and common chickweed use Silvex or mecoprop. Do not use 2-4-D or silvex on bent grass lawns. Mecoprop is safer to use on this type of lawn. All the above chemicals should be applied at rates recommended by the manufacturer.

Garden Hints

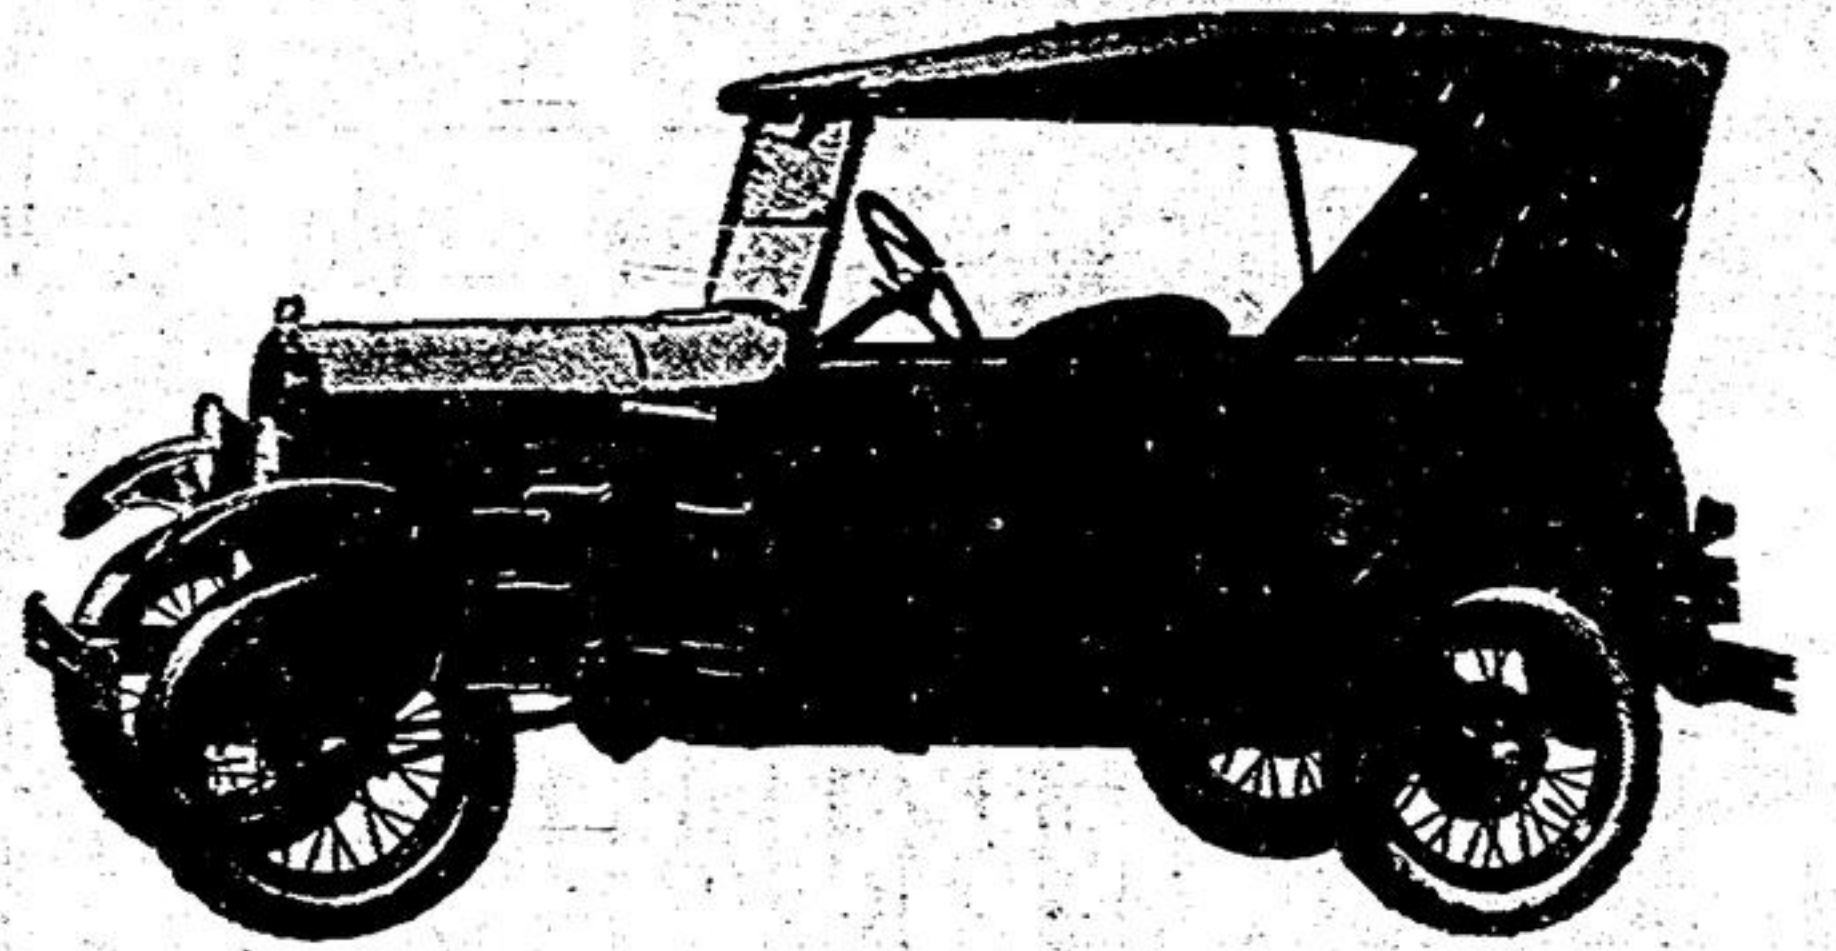

(A. A. Wall, Agricultural Representative, York County).

School opening has quite an impact on our farms. An important part of the summer labour suddenly disappears. Many farm boys fill a man's shoes at harvest time and the return to school upsets the work schedule badly.

In this situation, it's only natural that the decision to go back to school isn't automatic. Father can't help but think how much better the fall work would go with his own 17 and 18 year old son on the job. The son, in the back of his mind, weighs his desk at school against working out in the open during the pleasant, sunny autumn season. Add to this thinking the idea that reading, writing and arithmetic are only vaguely connected to farm work and it is not surprising that farm boys frequently leave school early.

Going back to school is a critical decision. I think it's very unwise to let short term problems over-ride the long picture. I thought of this the other day as I talked to a farmer who has had to put his farm up for sale. In his mid-forties, his doctor's story was that he was not physically fit for farm work. It isn't too hard to sell a farm for a good price, but what happens then. Think of how many opportunities there are these days first for people over 45 and secondly for those who haven't a high school graduation certificate.

Another point is that connection between reading, writing and arithmetic and managing a farm is getting a lot clearer than it used to be. Success in farming depends more on a strong mind than a strong back, even though good health is still a necessity. So, although future farmers who are behind school desks this week, are a little uncomfortable and find it hard to keep their minds off the tractors, combines and corn fields, I think they are in the right place. There are no unions, minimum wage laws or job security provisions for farmers. And if it makes sense to buy life insurance while you are young, it makes even better sense to obtain career insurance with the years spent in high school. The career, nine times out of ten, will be farming but for the tenth time, there will be a satisfactory alternative.

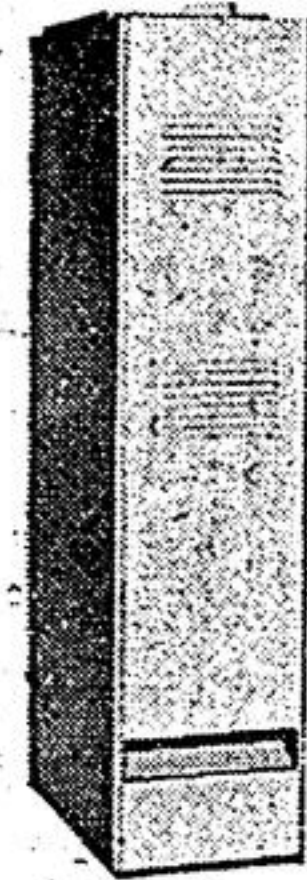

It takes more than a 'TUNE-UP' to run like new!

A car lasts only so long—and all the tune-ups in the world won't give it new performance. Old heating plants wear out, too.

Now is the time to change to NEW DEPENDABLE GAS HEATING

Only Gas Heating gives you all these advantages

- ▶ GAS HEATING EQUIPMENT COSTS LESS
- ▶ SPECIAL LOW RATES FOR HOME HEATING CUSTOMERS
- ▶ 24-HOUR-A-DAY SERVICE
- ▶ FREE BURNER ADJUSTMENT — ANY TIME
- ▶ LOW COST OPERATION
- ▶ NO FUEL STORAGE
- ▶ NO MONEY TIED UP IN STORED FUEL
- ▶ DEPENDABLE, AUTOMATIC FUEL SUPPLY—NO DELIVERY PROBLEMS
- ▶ SILENT, DEPENDABLE OPERATION
- ▶ CLEAN—NO FILM OR SMUDGE
- ▶ ODORLESS
- ▶ GAS RATES CONTINUE TO DROP — 16 RATE REDUCTIONS IN PAST 8 YEARS

YOU CAN HAVE A GAS FURNACE FOR AS **\$2.25** LITTLE AS **\$2** WEEKLY. WITH CONSUMERS' GAS ALLOWANCES NOW AVAILABLE

NO PAYMENTS TILL APRIL 1964

All Gas Heating equipment is safety-checked to meet the exacting standards of the Canadian Gas Association and is installed by government-licensed, trained technicians.
