Frozen Silage Corn Is False Economy — Agricultural Rep.

A. A. Wall)
This is one year when we really needed a nice open fall without an early frost. The corn crop especially, needed a few more weeks to mature, even for good silage. The frost on the night of September 13th caught a lot of corn fields much too soon.

The grain on the corn is the part that loses out. When the leaves are frozen, the kernels don't fill properly. They just dry up and shrivel, far short of their full feed value.

The answer to this problem of course, is to use earlier maturing varieties. The old idea that a late maturing silage strain must be used for silage, just doesn't make sense. The real feed is in the grain, and not in the stalks and leaves. I was in one field last week where stalks were about 10 feet high, but the ears were just beginning to form. This will fill the silo alright, but it won't put much milk in the tank.

Some people like to wait until the corn is well frozen and dried out before putting it in the silo. This avoids juice running from the silo, but it's false economy. More nutrients are lost by drying in the field than from "running" silos.

With lots of tonnage this year, many people are wondering about temporary silos. Bunker silos and stacks can all be considered. I think a snowfence silo is the best answer.

Soil and drainage conditions are rarely suitable for trench silos. They usually can't be located for convenient feeding either. Bunker silos are rather expensive for emergency storage and spoilage is too high in stacks.

A wide diameter snowfence silo, can be erected in the feeding yard, with a bunk feeder running out from it. Two or three tiers of snowfence can be used, and it's possible to do some tramping. It can be fed out early in the season, keeping losses fairly low. A plastic lining could be used too, to keep down spoilage, and even plastic fertilizer bags draped on the inside of the fence might help. A few cedar poles stuck in the ground would support the fence while it is being filled.

Beef feeders do lots of head scratching at this time of year, about prices to pay for feeder cattle. Prices so far this fall have been high, but many are looking for lower prices late in the season. Cattle numbers are up in the West, and exports so far have been down. The recent grain sales to Russia should also put more Western feeders on the market. These sales will likely mean higher grain prices here too, so that as usual, feeder cattle will have to be brought carefully this fall.

PINE ORCHARD

Mr. and Mrs. W. McColman of Detroit visited recently at the Rae McClure home. Mr. Whitfield also visited with his daughter and family.

Mr. R. McGee of Montreal was a recent visitor with his parents here.

The home of Mr. and Mrs. White was the scene of a family gathering recently. Present were Harold, Walter, Ed and Elwood Johnston and families, Miss Jean Johnston, Mrs. Everleigh, Mr. Chapman and Mr. and Mrs. English.

Mrs. Benson spent a few days recently with her sister, Mrs. G. Sproston.

The community was deeply saddened when it learned of the recent death of Mr. Chas. Brandon of Uxbridge. Mr. Brandon lived all his life here until opening his business in Uxbridge several years ago. Sympathy is extended to his wife, Phyllis and family, Doris and Bruce and to his brothers and sisters.

Mr. and Mrs. G. McGee were the guests at a dinner party at their daughter's home in Willowdale on the occasion of Mr. McGee's birthday.

Mrs. Harold Everleigh was a recent visitor with her father, Mr. R. Chapman.

Thirty members were present at the W.I. meeting at the home of Mrs. Allan Cody. The guest speaker was Miss Mildridge, Supervisor of Nurses at York County Hospital. Mrs. Seldon and Mrs. Ballard of the hospital auxiliary also spoke to the gathering.

SNOB: A person who chills you with a few well-frozen phrases...

AUDLEY

Mr. and Mrs. Bert Guthrie, Harold and Eileen and Mr. Len Waltham attended the wedding on Saturday, Sept. 14th of Miss Gloria Dugan in Lochlin.

Little Melany Winter is recovering from a tonsil operation performed recently in the Oshawa General Hospital.

Linda Seto and Anne Guthrie joined the grade 12 students from Anderson High School, Whitby recently, to see two plays at Stratford.

Mr. A.W. Betson spent a few days recently with her daughter and son-in-law, Mr. and Mrs. Frank McCowatt in Toronto.

The Explorers have started their fall activities. Peggy Squire is the Chief Explorer. Beverly Smith is the keeper of the log. Barbara Smith is the treasurer. Last week, the group enjoyed a hike and a welner roast at Betson's Creek.

BROUGHAM

More than seventy friends and relatives called at the home of Mr. and Mrs. George Perry on Sunday on the occasion of their 45th wedding anniversary. The guests were from Cooksville, New Toronto, Humber Bay, Toronto, Langstaff, Markham, Pickering, Oshawa, Bowmanville, Burketon, Manchester, Derryville and Chalk Lake. Those pouring tea included — Mrs. Stanley Todron of Chalk Lake and Mrs. Douglas Davidson of Humber Bay. Serving were — Mrs. Alan Perry, Miss Esther Perry and Mrs. Davidson.

Miss Dorothy Willson and Miss Pat Gray have returned home after spending a week at Fenelon Falls.

Mr. and Mrs. Geo. Knox and family of Enniskillen visited with his mother, Mrs. W. A. Knox on the weekend.

The Boy Scouts held their regular meeting in the firehall on Monday evening. Mr. Ross Knox, the Fire Chief demonstrated the different pieces of fire equipment and their uses to the boys.

Mrs. Phillips of Kingston has returned home following a visit with Mrs. C. Burrows.

The Brougham Young People will meet on Sunday evening, Sept. 29th at the home of Miss Esther Perry.

Unit No. 3 of the Brougham U.C.W. met at the home of Mrs. J. Tweedie of Whitevale on Thursday afternoon, Sept. 19th with seventeen members present. Mrs. White opened the meeting with a reading and a few words of welcome. The program convener, Mrs. A. Ellicott spoke on "Seed Time and Harvest" which was enjoyed by everyone. A lovely lunch was served by the hostesses.

The Brougham U.C.W. will hold an "Old Time Country Fair" in the Township Hall on Oct. 19th at 2:30 p.m. Some of the ladies will be dressed in old-time clothes. There will be booths for home baking, aprons, a country store, a children's corner, a candy and miscellaneous booth.

Take it from me...

old heating plants aren't worth nursing

Almost any old furnace will coast along in the early Spring or the Fall with only a 'tune-up'. But in the dead of Winter when it's really pushed for extra heat an old furnace can let you down when you need it most.

Now is the time to change to NEW DEPENDABLE GAS HEATING

Only Gas Heating gives you all these advantages

- ▶ GAS HEATING EQUIPMENT COSTS LESS
- ▶ SPECIAL LOW RATES FOR HOME HEATING CUSTOMERS
- ▶ 24-HOUR-A-DAY SERVICE
- ▶ FREE BURNER ADJUSTMENT — ANY TIME
- ▶ LOW COST OPERATION
- ▶ NO FUEL STORAGE
- ▶ NO MONEY TIED UP IN STORED FUEL
- ▶ DEPENDABLE, AUTOMATIC FUEL SUPPLY—NO DELIVERY PROBLEMS
- ▶ SILENT, DEPENDABLE OPERATION
- ▶ CLEAN—NO FILM OR SMUDGE
- ▶ ODORLESS
- ▶ GAS RATES CONTINUE TO DROP—16 RATE REDUCTIONS IN PAST 8 YEARS

YOU CAN HAVE A GAS FURNACE INSTALLED FOR AS LITTLE AS \$225 WEEKLY WITH CONSUMERS' GAS ALLOWANCES NOW AVAILABLE

NO PAYMENTS TILL APRIL 1964

All Gas Heating equipment is safety-checked to meet the exacting standards of the Canadian Gas Association and is installed by government-licensed, trained technicians.

SEE YOUR LOCAL HEATING DEALER OR CALL **Consumers' Gas**
 16B YONGE ST. N. RICHMOND HILL — ZE-8-2500 (no charge)

No matter who you're having for dinner tonight, make sure they're warm enough. Use only safe, dependable longer burning 'blue coal'—the hard coal that is colour marked for your protection. It's a warm experience.
