Mr. Bob Benson was admitted to the Uxbridge Hospital on Saturday night after his careered off the Brock Road and overturned near the 7th cone.

Mr. and Mrs. Clare Keewill visited at the home of Mr. and Mrs. Malcolm Lewis at Bradford on Sunday.

Terror makes the blood vessels in our faces tighten, causing us to become white-faced. But when we are embarrassed the reverse happens—the blood vessels relax, making us blush. No one knows why the blush is restricted to the face and neck.

Dymond

Party standardbearer Thomas Edwards.

Takes Early Lead

Ten minutes after the polls closed, Dr. Dymond's supporters had counted 418 votes in favour of their hero, Mr. Hollingsworth's vote count 10 minutes after the polls closed was 154 and Mr. Edwards had a 149 total vote count.

Twenty minutes later Dr. Dymond had collected more than 3,000 votes and his nearest opponent was Mr. Hollingsworth with 917 votes, giving the health minister a better than three to one lead.

Like his party leader, Mr. Hollingsworth went down to defeat in his own polling area to the Progressive Conservative candidate.

Shortly after 10 p.m., Dr. Dymond's win was plainly obvious and among the first callers at his Port Perry home to congratulate the successful candidate were Liberal Sam Hollingsworth with his campaign manager Godfrey Schilling, followed by Tommy Edwards in company with his campaign manager Adrian Goverde.

But, by this time Dr. Dymond and his supporters were enroute to the northern hustings to be greeted by cheering supporters.

Knocks Smear Tactics

The smiling, successful candidate told a cheering crowd assembled in his home town committee rooms "the past smear campaign conducted by the Liberals was "most reminiscent of the campaign of former Liberal Leader Walter Thompson, in 1951."

Mr. Thompson, Dr. Dymond said, attempted to win an election using the same tactics and suffered the same fate.

The Health Minister said he was "tremendously happy" with the results of yesterday's vote, not only in his home riding, but in the province itself.

He pledged himself to continue to work in the best interests of Ontario and said he will be ever-mindful of the needs of the people in his own riding.

In Whitby, Dr. Dymond collected 1,984 votes as compared to 1,028 by Mr. Edwards and 977 for Mr. Hollingsworth.

The Health Minister claimed a seven to one victory in Port Perry polling 825 votes. Mr. Hollingsworth collected 151 votes in Dr. Dymond's home town and Mr. Edwards 49.

In Uxbridge, Dr. Dymond polled 613 votes as compared to 192 for Mr. Hollingsworth and 58 for Mr. Edwards.

In Beaverton, the health minister netted 375 votes. Mr. Hollingsworth 178 and Mr. Edwards 28.

Edwards Lauds Backers

Defeated NDP candidate Thomas Edwards stated:

"I congratulate Dr. Dymond on his popular and resounding victory. He certainly received the confidence of the people of Ontario Riding.

"There is no sour-grapes in this corner. In fact, we travelled to Port Perry last night to tell him this.

"As far as the results in the riding are concerned, I am completely satisfied.

"We took several polls in Whitby and Whitby Township which is a novel and enjoyable experience for us.

"The narrowness of PC gains in many of the polls is a source of deep satisfaction. This can be attributed to the efforts of our supporters who gave unstintingly of their efforts as a principal.

"We, as a group, are a functioning concern in Ontario Riding and will be holding a watching brief upon affairs."

Balsam & Mt. Zion

Several from here attended funeral services on Saturday at Uxbridge for the late Joe Jones of Glen Major who passed away on Thursday at his home. The sympathy of this community goes to the family.

Several friends and relatives from Mt. Zion attended the Jones - Dunkeld wedding at Stouffville, Saturday evening. Anniversary services on Sunday were well attended.

"Don't be Ashamea" Voluntary Home Check Is Wise Plan For Safety

YOUR HOME is your castle! This tradition is sacred to the program of voluntary home inspection by the fire service. That is why the inspection of a home is subject to the friendly wish of the householder, without involvement of any kind.

If an authorized uniformed fire fighter "knocks at your door, let him in. His aim is to help you uncover fire hazards.

If you're wise, you will accept his suggestions, as have hundreds of thousands of Canadians.

What he has to say concerns the safety of your home, perhaps your own life. There's no expense to you and it doesn't add to your taxes and it will help your peace of mind.

He is at your door either under a planned municipal program — or at your own invitation.

HOME FIRES OFTEN TRAGIC

While public and commercial buildings in Canada must submit to a rigid fire inspection, the home and the owner's privacy are respected. Nevertheless, it is in the home that three-quarters of all fires occur so often with tragic loss of life.

More and more across Canada, voluntary or courtesy home inspection has been established as a public service.

Besides trash, inspectors are alert to storage of flammable liquids and stove ashes, smoke pipes and chimneys, and faulty wiring. Don't be ashamed if they point out danger spots. No home is perfectly free from hazards.

Here for parent and for babysitter are standard rules:

The sitter should have a sense of responsibility, should like children and preferably live in the neighbourhood.

Instructions should be given in writing as well as orally—Where you are going and telephone number, or the name and number of someone to call in an emergency. Your telephone number and location of telephone.

Emergency telephone numbers for FIRE, POLICE, DOCTOR.

How to call the fire department. Location of exits. How to control the furnace or stove.

Leave a flashlight in case of power failure.

In emergency: Get the children out. Don't wait to dress them. Wrap them in a blanket. Even the smell of smoke or gas is enough warning to summon help. Say exactly where you are. If you can, turn on the front lights, to attract attention. Don't re-enter the house.

Baby Sitting Rules

Here for parent and for babysitter are standard rules:

The sitter should have a sense of responsibility, should like children and preferably live in the neighbourhood.

Instructions should be given in writing as well as orally—Where you are going and telephone number, or the name and number of someone to call in an emergency. Your telephone number and location of telephone.

Emergency telephone numbers for FIRE, POLICE, DOCTOR.

How to call the fire department. Location of exits. How to control the furnace or stove.

Leave a flashlight in case of power failure.

For Fire Safety

- | | True | False |
|--|-------|-------|
| 1. It is safe to smoke in bed, if you have an exciting book to read. | | |
| 2. Frayed electric cords are safe, provided they are well taped. | | |
| 3. Gasoline can be safely stored in the basement, if well contained. | | |
| 4. If the emergency period does not exceed a day, it is alright to put a coin in a fuse box. | | |
| 5. Newspapers can be safely stored in a damp basement, if they are not more than a year old. | | |
| 6. If there are not more than five appliances, it is safe to put them all on one circuit. | | |
| 7. If there's water handy, don't worry about being able to put out a grease fire in a skillet. | | |
| 8. If the stove pilot light is more than 10 feet away, it is safe to use gasoline as a cleaner. | | |
| 9. If electric cords are put under rugs not getting great wear, they present no hazard. | | |
| 10. If the wind is blowing away from you, there is no chance of certain insect sprays exploding from your lighted cigarette. | | |
| 11. Stove ashes can be safely put in a wooden box, if it is sturdy enough. | | |
| 12. Kerosene can be safely used to quicken a fire, if it is slowly poured from a good container. | | |
| 13. Provided that you don't touch clothing, a lighted match or candle can be safely used when looking for something in a closet. | | |

Fire Safety Quiz My Pledge

If your answers are all "false", you have done your homework. If any of your answers are "true", please read the paper again.

I pledge to remove fire hazards from my home daily.

I will not smoke in bed or be careless when I do smoke.

I will not clean clothes or start fires with gasoline or other flammable liquids.

I will not throw away matches without first being sure they are out.

I will check my heating appliances and chimneys at regular intervals.

I will not place hot ashes and coals in anything but a metal container and will not leave these containers sitting on a wooden floor.

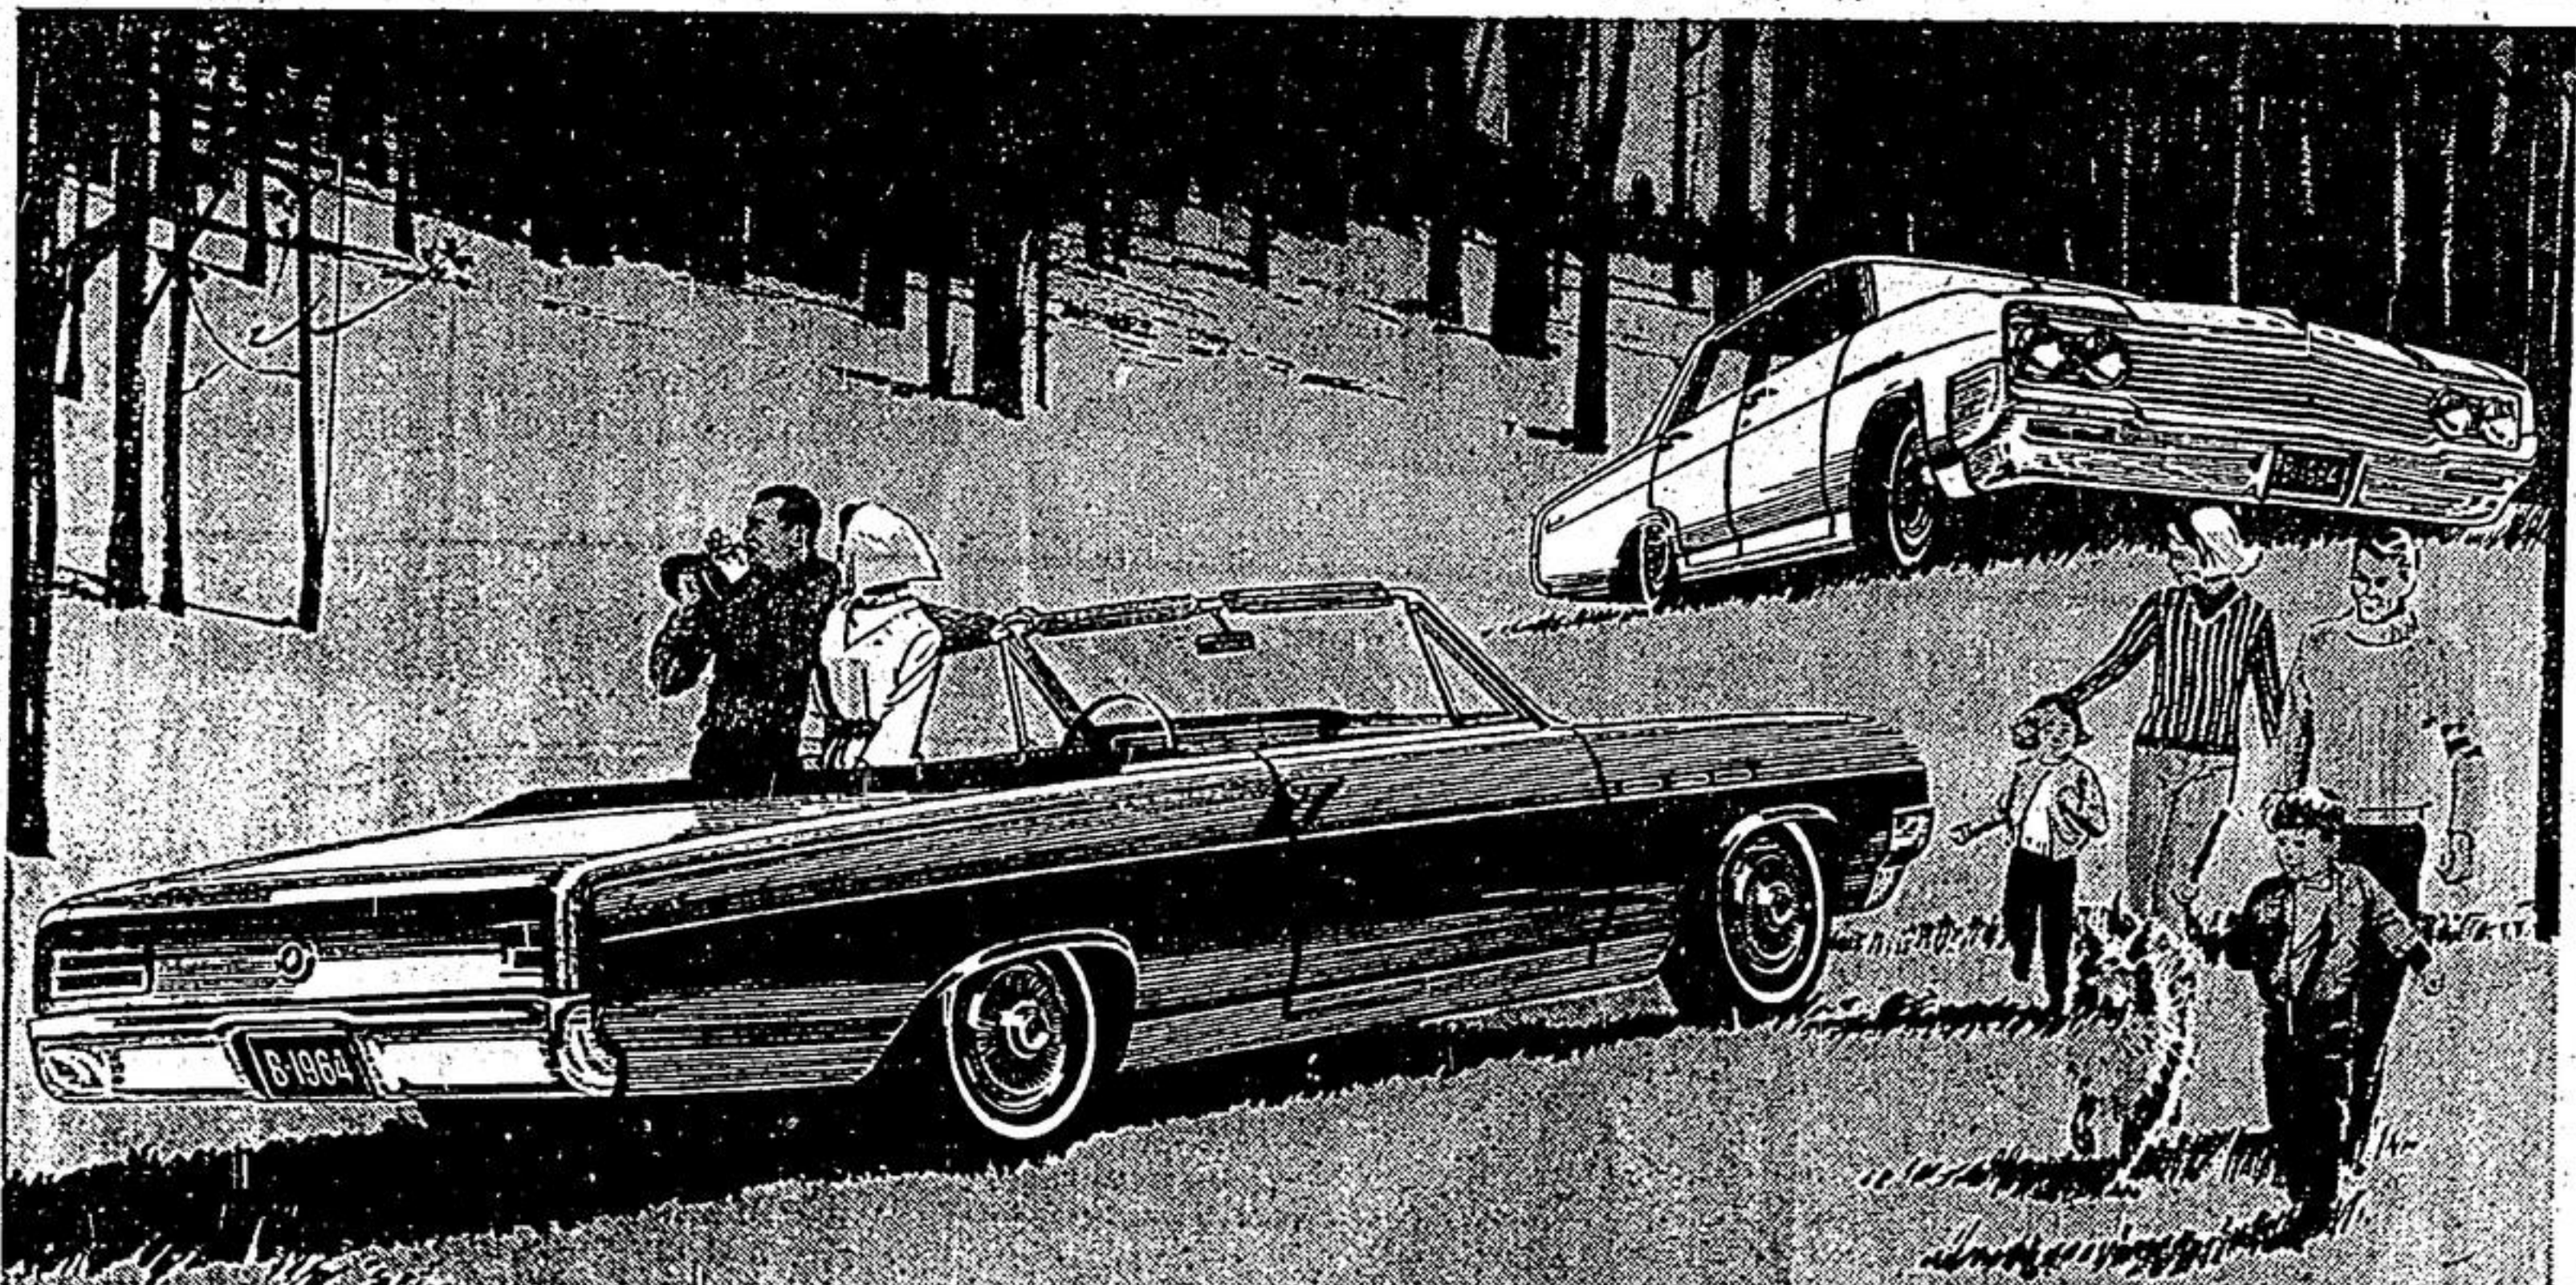

I will protect all woodwork close to smoke pipes with asbestos and metal, leaving an air space of at least two inches between this protection and the pipe.

I will not do electrical repairs unless I am a qualified electrician.

I will not use pennies, hairpins, foil and such as electric fuses.

I pledge to make Fire Prevention a year-round obligation by participating actively in the fight to reduce Canada's annual waste of property and life by fire.
