(Mrs. M. Hollinger)  
The United Church Women held their regular meeting last week in the Church Hall, with Mrs. E. Taylor presiding. Mrs. J. Shields conducted a very impressive devotional period. Her message was followed with an appropriate solo by Mrs. D. Milne entitled, "Give Thanks." Mrs. E. Taylor was called on for a report of the Turkey Supper which was most gratifying. Invitations were read from Brougham, Pickering and Zion, Cedar Grove to attend their bazaars. A letter from Fred Victor Mission was read requesting articles of used clothing, appliances, etc. Each group is to arrange the collection of these articles and bring it to the church Hall. A delicious lunch was served by the hostesses, Mrs. Shields, Mrs. A. Taylor, Mrs. Milne and Mrs. Harding.  
Mr. and Mrs. Murray Hollinger and family attended the Ayrshire Sale at Annbrae Farms at Ashburn on Saturday. Mr. and Mrs. K. Gaston had their son christened on Sunday.

**EDITOR'S MAIL**

Stouffville, Ont. Oct. 29, 1963.  
To Editor of Stouffville Tribune Dear Sir,  
I would like to make a correction to a statement, found in the report last week, under the heading "Local Council O.K.'s Two Year Term, 64-65." It stated "No One Expressed Opposition to the Move." This statement is not correct. I am aware there was no reporter present, therefore the information you received would be hearsay, and this could be the reason for the error.  
On Oct. 15, the council invited the school board and P.U.C. to a joint meeting held in the committee room at the council chambers. There were 2 members from the school board, 2 members from the P.U.C. and the town clerk, along with the council, with the exception of one member absent through illness.  
The purpose of the meeting was to discuss the possibility and the advisability of a 2 year term for all elected members of the various departments. There was some discussion on the advantages and disadvantages of a 2 year term in lieu of the one year term at present. The clerk was requested by the promoter of this 2 year idea to read certain parts from the municipal act, which definitely states, a council can pass a by-law authorizing a 2 year term without a vote of the people, but the act does not say it has to be done this way, before the voters have an opportunity to say whether or not they want a 2 year term for their elected members.  
Our neighbours in Markham Village are dealing with the same question, but have taken a more sane and sensible attitude and are preparing to take a vote on the question at this fall election.  
During the meeting each member present was asked to express his own personal opinion on the question. I suggested we make preparations for a vote on the 2 year question this fall, rather than adopt such a dictatorial attitude.  
My suggestions were referred to as a mild objection. I'm wondering how violent one must get to be considered more than a mild objection?  
The promoter of this 2 year idea asked the clerk for a resolution that had been previously prepared and it was just a formal matter of moving the resolution and getting a seconder, which was done.  
The resolution authorized the clerk to prepare a by-law to permit elections biennial, and all elected members would be in office for a 2 year period instead of one year as at present.  
The whole thing reminded me of those elections where there is only one name on the ballot, and the taxpayer has little or no rights and privileges by not having an opportunity to express an opinion by the ballot method. There is an old adage that says, "He who pays the fiddler calls the tune," I am afraid the taxpayer is fast coming to the place where he pays for the fiddling and someone else calls the tune, and he simply becomes a bill-payer, rather than a taxpayer.

I stated at the meeting I would support a 2 year term only after it had been brought to a vote of the people, but I objected (and still do) to the dictatorial method shown by taking advantage of the powers given in the municipal act, by showing disregard for the rights and privileges belonging to our citizens, whose servants we are.  
Signed,  
W. D. Atkinson.
