Outstanding Youth Leader To Hold Series of Meetings

Beginning on Sunday evening April 5th at 7:36 p.m. the Rev. Wes Aarum, B.A., B.A. Director of Canadian Youth for Christ will conduct a Gospel Crusade in the Markham U. M. Church. These services will continue through the following week with a service each evening at 8 p.m. except Saturday. He will be speaking in both the morning and evening services on Sunday, April 12th.

Mr. Aarum has attended Houghton College Buffalo Bible Institute and Bob Jones Univerpacker bottom, 12 ft. width, sity, where he majored in Theology and Sacred Music. After graduation he went into field of "Ministry among Youth." God blessed his ministry to such a degree that one high school was completely changed because of the Bible Club that was meeting two doors from the school. From the work, God led him into the pastorate where he spent two years and saw a church built and a town moved for God.

Upon leaving the pastorate, he went into the field of evangelism and worked as Music Director in city wide crusades with such men as Rev. Leighton Ford of the Billy Graham team. The Lord then led him into Youth Crusades and he became an evangelist for Eastern Canada Youth for Christ. He joined the Crusade Staff of YFC International two years later and worked in this capacity until God led him into the position of Vice President for Western Canada YFC. After one year in this position he was given his present responsibility as Director of Canadian Youth for Christ. He is also Director of Toronto Youth for Christ.

Wes is an excertent planist and has made records which are being used extensively to raise money for India Youth for Christ. He will be playing in the services of this coming week. Both young and old will enjoy hearing this outstanding evangelist as he ministers in the Markham U. M. Church this coming week. All are invited to

Their Heads are Green and the Hands are Blue by Paul Bowles is a collection of nine travel essays dealing largely with areas of the world that few Westerners have ever heard of, much less seen. With the exception of one essay on Central America, all of these pieces are concerned with remote spots in the Hindu, Buddhist or Mohammed worlds. The author is a sympathetic and discerning interpreter of these alian cultures and his eyes and ears are especially alert both to what is bizarre and wise in the civilizations in which he settles. Paul Bowles is a superb and observant traveller.
