 Saturday, June 13, 9.00 A.M. - 5.00 P.M.

J. E. Foskett, Tax Collector,
 Goodwood, Ontario.

Markham Man Vice Chairman Of New Mennonite Comm.

The Mennonites of Canada, who have gained recognition through the years for their charitable deeds and benevolences, are reorganizing their numerous relief and service committees to form one national, inter-Mennonite agency.

This new organization, which is to be called the Mennonite Central Committee of Canada, or MCC (Canada), will have its central office at 104 Princess St., Winnipeg. It will do the work formerly done by six regional inter-Mennonite bodies.

MCC (Canada) was officially begun in December, 1963, when representatives of the various Mennonite groups from Ontario to B.C. met to work out an organizational structure which would eliminate some of the overlapping, inefficiency, and confusion which was resulting from the multiplicity of organizations.

The transition from the existing agencies to MCC (Canada) is to be completed by November 30, 1964. Two groups, the Historic Peace Church Council of Canada and the Canadian Mennonite Disaster Service organization have already turned their functions over to MCC (Can.).

The Canadian Mennonite Relief and Immigration Council, which is the largest inter-Mennonite relief committee in Canada, is planning to turn its activities over to the new organization on June 1. The three other committees are expected to follow this example soon.

Nine Mennonite and Brethren in Christ conferences and several smaller groups will work through MCC (Canada). They have a total membership of approximately 60,000.

During the period between 1950-63 these conferences gave a total of well over \$1,000,000 in cash to the various relief committees for overseas services. They also sent hundreds of volunteers, mostly young people, and tons of food and clothing to relief and rehabilitation projects at home and abroad. It is hoped that the new organization will strengthen these efforts.

MCC (Canada) will do its overseas work through an international Mennonite Central Committee which has projects in 31 countries in Latin America, Africa, Asia, and Europe. This organization distributes food, clothing, bedding, and school and medical supplies to thousands of needy people in underdeveloped areas. It also places a strong emphasis on community development and self-help projects which enable people to help themselves. Agricultural extension units, for example, are located in a number of countries. Workers are also supplied to schools, hospitals, and other institutions which need qualified, highly motivated volunteers. At present 300 MCC workers are serving overseas. Approximately one third of these are Canadians.

MCC (Canada) will also administer a disaster service which has units in each of the five western provinces standing ready to serve in times of emergency. These units consist of skilled and unskilled workers who are prepared to move into an area to help cleanup and rebuild a community or a house, whenever the case may be, after a disaster has occurred. At present volunteers are being recruited in western Canada to go to Alaska for six weeks to help build 23 homes on an island 200 miles southwest of Anchorage. These houses are being built for families who were left homeless after the recent earthquake in Alaska.

The Mennonites are one of the historic peace churches. Throughout their 400-year history they have always been opposed to war and violence and have tried to live up to the standards of the Sermon on the Mount. This peace interest has been nurtured in a variety of ways in the past. A Canada-wide peace council was formed in 1959 to give a united witness to the government and to other churches and to give the various branches of the Mennonite and Brethren in Christ churches an opportunity to discuss the subject of love and non-violence together. The work of this council will now also be taken over by MCC (Canada). It is likely that a subcommittee will be appointed to be responsible for this special area of concern.

Material aid centers and collection depots are located in each province for the purpose of receiving contributions of new and used clothing, blankets, and other supplies which are needed for overseas distribution. The processing and packing of these supplies is done at centers in Yarrow, B.C. and at 50 Kent Ave., Kitchener, Ontario. These two centers bale the supplies and ship them to overseas projects designated by the international MCC.

A seven-man executive committee is guiding the operations of MCC (Canada). The members are David P. Neufeld, Winnipeg, chairman; Newton Gingrich, Markham, Ontario, vice-chairman; C. J. Rempel, Kitchener, Ont., secretary-treasurer; J. J. Thiesse, Saskatoon, Sask.; E. J. Swalm, Duntroon, Ont.; T. E. Friesen, Altona, Man.; and Harvey Plett, Steinbach, Man.

J. M. Klassen is the executive secretary. His office is at 104 Princess St., Winnipeg. He has had six years experience in administrative relief and service projects. Three of these years he spent as director of the MCC program in Korea.

French Next Fall At TSA No. 3 Markham

There will be French instruction for grades 6, 7 and 8 children in TSA No. 3 Markham beginning next September according to Mr. Arnold Mortonson, chairman of the school board. TSA No. 3 includes Buttonville, Headford, Gormley and Victoria Square and the senior school where Oral French will be taught is on the 3rd concession north of 18th Ave.

Mr. Mortonson told the Board members and it has since been confirmed when they met last week that negotiations were underway with TSA No. 1 and the Unionville Public School Board to engage such a teacher for shared instruction. She will spend 50% of her time in the Thornhill area, 25% at TSA No. 3 and 25% at Unionville. This will allow three twenty minute periods a day for TSA No. 3 children.

Cost will be apportioned among the three school boards and Mr. Mortonson said this would be \$1200 plus mileage for TSA No. 3. Formerly this board has hired a supply teacher at \$800 per year but with the French teacher coming in, this will not be necessary. Board members Melvin Wellman, Douglas Melvin and William Hibbard agreed that Oral French is a necessity in their areas. Otherwise children attending York Central District High School would be at a distinct disadvantage when placed with children from other areas who have had such instruction.

Good Report for #6 School
 An Inspector's Report has been received on No. 6 School at Victoria Square where the Board inaugurated a January class for grade 1 pupils this year. There are 23 children enrolled in this special class and the Inspector states that most of these will complete the first two levels and be ready for grade 2 in September. The rest will make better progress next year if started in the fall.

Reporting on finances Secretary Harold Hill said costs in the first four months of 1964 were \$32,048.25 as compared to \$31,531.41 in 1963, an increase of \$516.84.

Cachet Club School Site
 The Board has been offered a 5 acre school site in the Cachet Club area for \$4,000 plus return of a 2 acre site formerly deeded to the Township for school purposes. The secretary was instructed to contact the Department of Highway for their approval in the matter.

Other business included agreement to tender for painting at No. 7 and No. 4 schools.

The TSA No. 3 Field Day, sponsored by the Victoria Sq. and District Lions will be held at the Community Centre on Friday, June 19.

The Canadian Cancer Society estimates that about 48,000 cancer cases will be diagnosed for the first time this year. This will bring the total number of Canadians under medical care for cancer to some 70,000.

Two Hillbillies were on a train for the first time. A man came through selling bananas, which neither mountaineer had ever seen before. Each of them bought one. As one of them bit into his banana the train entered a tunnel. His voice came to his companion through the darkness.

"Have you et yours yet?"

"Not yet, Why?"

"Well, don't touch it. I've et one bite and gone blind."

CO-OPERATIVE

CO-OP Agricultural Chemical HEADQUARTERS

One Stop Weed Killer Shop

Your complete line of agricultural chemicals is on display at your Co-operative. Manufactured in Canada to meet Canadian conditions, CO-OP Weed Killers and Pesticides are your most effective means of crop protection. Where required, your CO-OP salesman will offer expert advice and guidance on any control problems.

For bigger yields... more profitable crops use CO-OP agricultural chemicals... at your CO-OP Store now.

W. HOOD — MARKHAM

York Presbyterian Rally

In Mt. Albert United Church Tuesday, May 19, the United Church Women met for their Spring Rally. Mrs. S. Jones presided in the absence of Mrs. W. Shillington. After greetings from Mrs. Jones and a warm welcome from Mrs. Mitt, the Epsom United Church Women conducted a worship service. The group then divided into 4 conferences; Program taken by Mrs. H. Sanders, Stewardship by Mrs. A. M. Wood, Leadership Mrs. Turner and president was Mrs. Jones. A most informative and helpful discussion in each case provided the members with ideas to go forth. Mrs. Hodgson displayed a large selection of books now available. A buffet supper was served by the Mt. Albert group.

The evening program opened with an enthusiastic sing-song led by Mrs. Turner. Dr. Margaret Arkinstall opened a discussion on rallies, their need and usefulness. The address was given by Mr. Narendra Sharma, a gentleman from India who is at present a social worker at Newmarket. He gave a brief outline of the Indian cast system and what it means to an individual. Mr. Sharma's greatest ambition in life is to enjoy good health and raise the present standard of living; he has had the privilege of studying under Dr. Winifred Bryce. A day of fellowship and learning ended with evening vesper.
