

DICKSON HILL

Following funeral services at the Missionary Alliance Church at Unionville, conducted by former pastor Barley, Mrs. Roberts was laid to rest in the local cemetery.

Mr. and Mrs. Birch and daughter of Port Arthur on furlough from India, were guests at the R. Moyer home. At the missionary prayer meeting on Wednesday evening, coloured slides were shown and informative comments made.

The June meeting of the W.M.S. was held at the home of Mrs. Carl Timbers. Mrs. M. Eby and Mrs. D. Fintelman were in charge of the program, and reports of the Convention held at New Dundee were given. Mrs. Boettger sang a solo, "He is Coming" a favourite of the late missionary Emma Hostetter, the finishing worker to be buried in Nigerian soil. The speaker of the evening was

Mr. and Mrs. Maurice Eby over the weekend.

Mrs. Clarke (Doris Lott) visited her mother and sister, Mrs. Ward Hallman and renewed friendships after church service Sunday afternoon.

Roberts To Open Plowing Match

Judging from applications for space that are being received, there is every indication that every foot of Tented City space will be occupied when the International Plowing Match is opened by Premier John Roberts on October 7th.

This year's match will be held on the farm of Henry Batten and neighboring farms on the western outskirts of Peterborough and will run through to October 10th.

The local committee of Peterborough County has been active in formulating plans in preparation for the event that is expected to have an attendance of 150,000 people. Over 200 farm families in the county have joined in an extensive program of farmstead beautification in readiness to receive their guests.

Lions Plan Big Barbeque June 24

Stouffville Lions Club will hold its big annual Barbeque in Memorial Park on Wednesday, June 24th. This has become one of the club's most successful fund-raising events, and it is hoped the public will lend support again this year to keep it so.

In addition to the big "feed" at supper time, there'll be all types of games, bingo, etc., a pie & watermelon eating contest and dancing. For those who can swing a golf club, have never tried but would like to, there's a big chance for someone to win a real pot of gold. There's a "hole-in-one" contest with a \$250 prize.

Brownies

The 13th Richmond Hill Brownie Pack invited the 1st Gormley Brownie Pack for supper at the St. Matthews United Church, Richmond Hill on Tuesday June 2. Following the supper games were played, and the evening ended with songs, Taps and prayer.

The 1st Gormley Brownie Pack and Marilyn Watson of the 1st Gormley Guide Company with Brown Owl, Mrs. G. Hardie joined with the Unionville Brownie Pack and Guide Unionville on Sunday morning.

Sympathy is extended to Mr. Warren Collins, in the passing of his wife Myrtle (McCauley). Funeral services were held from the Piper Funeral Home Richmond Hill, on Wednesday afternoon, with interment following in the Victoria Square Cemetery.

Farmers Weed Spraying Program Often Too Late Says Ag. Rep.

(A. A. Wall, Agricultural Representative, York County)

The 1964 crop season seems to be off to a good start. We may be a week or ten days later than we would like to be but everything so far seems to be doing well. The weather was good for seeding. Rain didn't hold up the job too much and yet we got enough to insure good germination.

Sod crops are growing very well now and wheat is off to a good start. Winterkill hasn't been serious in either wheat or sod. Best of all, the weather made it possible for a lot of the grain corn acreage to be planted in reasonably good time. A delay in spring grain seeding can be tolerated, but it seriously limits yields of grain corn. We will have problems to worry with this year for sure but at least we are off to a good start.

The worst break for farmers in York County this year happened on the marsh at Bradford. The big blow on May 9th caused extensive damage to crops already planted. We are hoping that recovery will be good enough for at least part of a crop, but at the moment many growers are just keeping their fingers crossed. It's a little late for replanting onions and seed shortages for some crops are a problem too. This year's crops will certainly be affected and

its always serious to lose good topsoil from the marsh.

When the seed drills are finished, the next machine that should go into action is the weed sprayer. In weed spraying we are too often locking the stable after the horse has been stolen. We kill the weeds after they have taken about 90% of the moisture and fertility they need.

Most of the inquiries I get about weeds come in midsummer. For instance, I have gone out to look at weed problems where chickory, thistles, stinkwood, pigweed and lamb's quarters are waist high. They are hard to kill at this stage and the worst of the damage has already been done.

It may be a little too early to spray grain now, but it is an ideal time to do pastures, fence rows and roughlands. I think a few gallons of 24-D on these areas will pay good dividends.

Time of spraying is crucially important with atrazine on corn. Many failures are caused by being too late. Those who depend on custom sprayers would be better to spray before the weeds are up, instead of waiting and taking the risk of being late.
