W. HOOD MARKHAM

### OK Road Pattern

The road pattern for a new industrial area of Markham Township, was approved by

council on Monday night. The new area lies south of 14th avenue and east of the Don Mills Rd. The new area, approximately 200 acres is to be developed by West Markham Industrial

Estates Ltd., understood to be Miller Paving Co.  
Deputy-reeve Rumble objected to the approval. He claimed that concessions had been agreed upon along 14th avenue that were not included in the written agreement which council was being asked to approve.  
Councillor Sloane said, "a majority of council agreed with these terms a few days ago and now you want to tear it all apart." "You know it's only half here," continued the deputy-reeve. The agreement passed with the deputy-reve being opposed.  
No weekend ever is long enough to do all the things you planned to do during the week.

### DICKSON HILL

There was a splendid attendance at the W.M.S. meeting at the home of Mrs. Willard Moyer on Monday evening. Mrs. Sloss presided and welcomed everyone including a few visiting friends. Mrs. Mallet and a neighbour from Little Britain R.R., Mrs. Des Rosiers and Mrs. Gilbert provided a profitable and unique program.

Mr. and Mrs. Lorne Johnson and Helen of Claremont and the Willard Moyer family visited Mr. and Mrs. John Johnson, Mary Ellen and the new baby boy at Atwood. On their return they called on Mrs. Irwin and Miss Edna of Orangeville.

Several of our families entertained guests from a distance. Friends from British Columbia visited the Boettger family; Mr. and Mrs. Art Steckley surprised the Warren Moyers; Mr. and Mrs. Harbron of the Lakehead who had attended the Gideon conference at London renewed acquaintance with Mr. and Mrs. R. Moyer.

Vacation Bible School which was held in the Wideman Church closed Friday evening. This is always an exciting experience for the children when they take part in a program for visiting friends and parents. This and adjoining communities have been privileged to have a member since 1935 to have children transported to the classes for instruction. For the past few years evening classes have proved successful. Considerable planning and work is involved in providing this fine facility for children of varying ages and commendation in order. Continued courses of bible teaching and diplomas presented are appreciated by the children and in some cases the second generation is being taught by the same teacher.

With regret we hear that our aged neighbour to the south, Mrs. J. L. Byer has suffered a stroke.

Daughters and sons-in-law of the late Mr. and Mrs. Simeon Hoover, Mrs. Ken Walker, The Constable family of Hamilton and the Lloyd Grose family of Vivian spent a pleasant evening with Mrs. George W. Hoover of Markham. Mr. and Mrs. Charlie Finckham and son Ronald with his bride-to-be Miss JoAnne Jackson completed the company. Gifts of linen were given to the couple whose marriage took place on Saturday in the United Missionary Church in Markham. Some of their Dickson Hill friends were present at the wedding ceremony conducted by Pastor Sloss.

Copious and continued showers of rain are bringing renewal of life to lawns, gardens and fields. The high wind has flattened many fields of grain.

### AUDLEY

(Mrs. Fred Puckrin)  
Vacation Church School was held at the church last week with a closing program on Friday afternoon. The juniors, led by Mrs. Bert Guthrie, gave the worship service, which included hymns, scripture, prayer and a litany. The primary children were led by Mrs. Fred Puckrin. The kindergarten children were led by Mrs. Bill Guthrie. The leaders were assisted by Mrs. John Puckrin, Mrs. N. Kinsman, Joyce Smith, Shirley Smith, Susan Richards, Tanla Woods, Anne Guthrie, and two girls, Peggy Squire and Lynda Puckrin as

## Urges Council Act On By-law Abuses In Markham Township

### BETHESDA

Haying was completed in Bethesda just before the heavy downpour on Saturday night & Sunday. Although garden and field crops are flattened and debris from trees scattered about, the rain will be a great boon to farmers and gardeners.

Those having short holidays lately have been: Mrs. Russell Hunt and Mrs. Fred Allen at Rice Lake where they took in the "Hearthstone Circle" picnic at Serpent Mound Park; Mr. and Mrs. Allan Empringham and Sheila at Stayner; Mr. and Mrs. Wm. Empringham at Tory Hill Halliburton; Mr. and Mrs. Len Brillinger, Harold and Doris at Wasaga Beach; Mr. and Mrs. Cliff Burkholder at Donarvan Beach, Boshkung Lake.

Mr. and Mrs. Arthur Steckley have visited with several of their former neighbours in Bethesda during this last week.

Saturday night supper guests with Mr. and Mrs. Len Brillinger and family were Mr. and Mrs. Albert Scott, Miss Barbara Brooks and Mr. and Mrs. Henry Ford and family.

The Sunday School and Community Picnic has been arranged for Tuesday evening, July 28 at Stouffville Park.

Owing to the storm and drenching rain the Tent Meeting at Pike's Peak has been going on at the Youth Centre last Sunday, Monday and Tuesday evenings services.

Council To Have A Look Council members agreed to visit the area on Wednesday morning and would be accompanied by Mrs. James on a tour of the various contentious sites. She also complained of the burning of garbage. "You've been holding up a garbage-burning bylaw here since 1961, what's wrong?"

Reeve Hooper said that it was a most difficult matter to enforce as well as to get proper bylaw wording.

Deputy-reve Rumble said council didn't know how far it could go and didn't want to be restrictive. The clerk advised that a copy of the Toronto bylaw was being obtained.

On Monday morning, the Rev. M. Buttars led the worship service and told a missionary story on the need for Bibles and pictures for Africa. Refreshments were served in the basement.

A painting bee was held at the church on Thursday afternoon and Saturday morning, when several men painted the outside of the church.

Church continues in the morning, followed by Sunday School at 10:45. There will be no church or Sunday School on August 23, and September 6. Miss Sandra Schield, of Don Mills will speak on July 28.

The community club picnic will be held on July 24 at Lynbrook Park. Supper will be at 6:30 p.m.

Best wishes of the community is extended to Bill Puckrin and Barbara Jones who were married on Saturday in St. Paul's United Church, Ajax. They will live in Oshawa.

Mr. and Mrs. Alan Westbrook Thompson, Manitoba, have been visiting at the home of Mrs. Westbrook's parents, Mr. and Mrs. Charlie Bell.

Mr. and Mrs. Bob Pardon attended the wedding on Friday evening of Mrs. Gordon's sister, Miss Myrna Robb to Mr. Donald White, in St. Andrew's United Church, Markham.

Cindy and Craig Shibley, Rexdale spent this week visiting with their cousin, Diane Puckrin.

Mr. and Mrs. H. Slade, Unity, Saskatchewan, Mrs. W. Dent, Vancouver, B.C. are visiting with Mr. and Mrs. Dalton Rummy. Mrs. Slade and Mrs. Dent are sisters of Mrs. Rummy. On Friday evening of last week a Family Gathering was held at Mr. and Mrs. Dalton Rummy's in honour of the visitors from Western Canada.

Mr. and Mrs. Wm. Orr attended the wedding of their niece, Miss Anne Thomas to Mr. Michael Fitzsimmons at Sacred Heart Church, Kinghorn on Saturday morning. The reception followed at the Aurora Golf Club.

Master Jimmy Boyd entertained a number of his little friends last week, the occasion being in honour of his eighth birthday.

ing Service, outlining such necessities as temperature and humidity control, electrical requirements for light, water requirements and waste disposal, and (4) Health and Sanitation, involving the maintenance of conditions favoring good animal health and suitable sanitation for other agricultural products.

By following the recommen-

dations outlined in the booklet, safe, efficient building standards may be obtained. Those interested in the publication can obtain it through the National Research Council, Ottawa.

A good stand of grasses and legumes is over 300 times as effective in saving soil, and 6 times as effective in reducing run-off, as a clean-tilled crop on the same kind of land.

D. Singer, manager of product research and development department and L. Purdy, feed nutritionist, check results of lab analysis as lab technician does a nitrogen determination on the Kjeldahl apparatus.

## HERE'S WHY CO-OP FEEDS ARE YOUR BEST BUY!

Recommended formulas, feeding programs and management practices are tested under actual farm conditions at our six Co-op research farms.

Information obtained at these farms is passed on to your Co-op Product Research and Development Department where it is carefully evaluated for possible application to the CO-OP feed program. Recommended feed programs are regularly tested and checked for optimum performance. The benefits of this research are passed on to you through your CO-OP feed mill.

Quality control is also an important part of your CO-OP feed program. To be sure that you, the customer, are getting high efficiency, top quality feeds; continual checks are made on the farm and at local feed mills. Samples from the mills are sent to the Co-op laboratory for further quality control checks.

Research and Quality Control are your Assurance of Best Value
