Markham Carnival

Karen's efforts at Markham will come to a climax April 3rd when the club presents its first carnival. A full cast, from toddlers right up to Karen herself. will partake in the colourful event.

She is somewhat concerned with the outcome of the event. She realizes that if the carnival is a success, then the Club will profit. Therefore, Karen and her two fellow instructors. Peggy Jakeman and Karl Benzing, have been going full steam for the last six weeks in order to shape up the program for the public. She puts her students, through two vigorous practises a week, and in her spare time, must fit music to go with eight numbers.

"The hard part of the Carnival is picking the music to fit the skaters" Karen said.

One of her musical choices was the theme from "The Addams Family," a catchy instrmental number that would make anyone listen.

In the winter, Karen finds little time for other activities and any spare time she does have. she uses for sewing. Karen is an avid hockey fan and attended as many games as her schedule would permit. In the summer, Karen enjoys swimming. She also makes it a

point to catch up in her social activities.
