

Council Allows Shift In Woodworking Shop Despite Protest

Pickering Twp. Council has refused to alter a previous Planning Board decision and will permit a Claremont district woodworking shop to be moved to a new 2-acre site on the Brock Road in spite of verbal and written protests.

In a lengthy presentation on Monday night, Mrs. C. R. Bishop voiced strong objections to a change in location of a building owned by Mr. Howard Burton. She spoke both for herself and for neighbours Mr. and Mrs. R. Whittington.

The Burton farm has been sold and a cash and frame manufacturing plant situated on the property will be re-located on a lot near the south boundary and across from the Bishop and Whittington homes.

Mrs. Bishop outlined her points of protest. She charged that the new entrance would constitute a traffic hazard and the building would lower the value of surrounding properties. She said that neither she nor the Whittingtons had been formally notified of the pending site change.

Visited Site
Reeve Clifford Laycox said that he had visited the Bishop home for a first-hand view of the situation. He said he could understand the owner's complaint and had also been advised that Mr. Burton planned to co-operate and make his building as presentable in appearance as possible.

Councillor Wm. Newman said that the Planning Board had already dealt with the application and he would be opposed to altering the decision.

"It's a case of this council saying yes or no," said councillor Harvey Spang. He objected to any further discussion of the matter in committee. He said he couldn't see the reasons for the objections and suggested it be a "dispute" between neighbours. "If you want to go that far," he said, "bylaws are being broken every day."

"I believe that the decision was made in good faith and should remain unchanged," said councillor Newman.

Increase in Unwed Mothers Prompts Panel Discussion

The dramatic increase in unwed mothers (over 11% since 1960) seeking assistance from the Children's Aid Society of Ontario County and the City of Oshawa has prompted the Society to plan its Annual Meeting around this problem. In 1964, 145 unmarried mothers made use of the services, available through the Children's Aid Society, to help them plan for their babies and for themselves. These mothers ranged in age from 14 to 42 years. They came from all walks of life and from all strata of society. Thirty-three of them were students.

A panel discussion of the problems associated with out-of-wedlock families will be featured at the Children's Aid Society Annual Meeting at St. Gregory's Auditorium in Oshawa. The date is April 29th and the time 8:00 p.m.

Moderating the panel will be Judge Terry Moore, Q.C. of Whitchurch who recently became a Family and Juvenile Court Judge for Metropolitan Toronto. Panelists will be: Sister St. Augustine, Superintendent of Rosalie Hall, a maternity home for unmarried mothers in Toronto; Mr. Angus Dixon, Principal of O'Neill Collegiate; Mr. Cyril Greenland, Social Work Adviser, Ontario Department of Health; Dr. R. D. W. Guselle, Oshawa Physician and a Director of the Children's Aid Society; and Rev. John Porter of Westminster United Church, Oshawa.

The general public is invited to attend the meeting both to hear and participate in the discussion.

Happy Hour will be held next Saturday, April 10, at the usual time of 1:30 p.m. in the Sunday School room. All children are welcome.

An Easter sunrise service has been planned for Easter Sunday at Trinity Church, Whitevale. More details next week.

Ratepayer Urges Hold-up In New Municipal Building

Mr. Walter Bergman of West Rouge, attended a regular meeting of Pickering Twp. Council on Monday night and urged the members to re-consider their plans for the immediate erection of a new Municipal Building. The ratepayer suggested that the trend toward regional government and the pending release of the Goldenberg Report could have a major effect on the proposed project. He asked for a delay of at least two months "before any more of the taxpayers' money is spent." Mr. Bergman charged that new legislation could alter the whole building plan. "It's entirely too costly and the council could regret the move," he said. He said that many others in the township shared the same opinion.

Proceeding Shortly
Councillor Wm. Newman said that he was in agreement with the spokesman but he had no intention of re-opening the issue for discussion again. He agreed that the Goldenberg Report would likely have a great bearing on the township. With reference to the proposed building project, Mr. Newman said that the current rate of progress it would be more than two months before any major work is started.

Nothing Concrete
Councillor Herb Wank agreed

Fire Agreement Is Approved

A new fire agreement between Pickering Twp. and Stouffville has been approved. The bylaw was passed and signed by council on Monday night. The Stouffville brigade covers the north-west corner of the municipality. The township chief, Donald Lynd is checking on the possibility that this section could be serviced by the Claremont unit but his report has not been finalized. The Stouffville contract can be cancelled within 60 days of notification.

New Brougham Truck
The purchase of a new fire truck to be stationed at Brougham has been placed on the priority list for E.M.O. subsidy in 1965. It was also included in the requests for 1964 but there were not sufficient funds to cover this expenditure. Four tenders were received by the council on Monday night, ranging in price from \$15,985 to \$19,224. Three of the trucks were G.M. models and one was a Dodge.

Plaza Deal Is Dropped

Reeve Clifford Laycox has blazed "bad publicity" for the withdrawal plans on the location of several stores at the intersection of No. 2 Hwy. and the Liverpool Road in Pickering Twp.

The reeve had established a price of \$25,000 for the site that had included 4.9 acres of land. He later agreed to have the property appraised.

One appraisal came in at \$7,500 per acre or approximately \$37,500. Another totalled \$22,500. Mr. Laycox said that the value estimates "had cost a great deal of money" but the total was not revealed.

"Adverse publicity lost us some valuable commercial assessment," said the reeve.

"May I suggest that the issue be closed," suggested councillor Wm. Newman.

"The issue is closed, unfortunately," said the reeve.

It was one of Mother's busiest days, and when her small son came in with his pants torn, she angrily yelled: "You march right to your room and take those pants off."

Some time later she found the torn pants lying on a chair and the boy nowhere in sight. The door to the cellar was open, however, and she called down loudly and sternly: "Are you running around down there with your pants off?"

A deep voice answered: "No ma'am, I'm just reading the gas meter."

Charge Was Against Company

Last week, The Tribune carried a brief item concerning a court case involving a Claremont district farmer, Ross Heron. It was alleged that Mr. Heron had neglected to file a tax form.

A spokesman for the Heron Paving Co. has indicated that the charge was against that firm as a limited company and not against Mr. Heron as an individual.

Charge Youths Set House Afire

Two Uxbridge boys were placed on probation for one year following a conviction in Whitby Court last week on a charge of public mischief. Alan Roy Long and Scott Clifford Arjan. Graves both pleaded guilty to getting fire to an Uxbridge house that resulted in a loss estimated at over \$4,000.

The blaze was investigated by the Ontario Fire Marshall's Dept. Inspector Raymond Simmons told Magistrate Harry Jermyn that the boys smashed a window and set fire to the curtains. The residence was owned by Roy Malcolm and many items of antiques and jewelry, though unused, it contained masonry. The loss was covered by insurance.

The Magistrate ordered both boys to report to the probation officer once each month and be home by 10 o'clock every night.

Careless Driving
A charge of dangerous driving, filed against John Brian St. John, 19 of Uxbridge, was reduced to careless driving in Whitby Court. The youth was fined \$100 and costs and his licence was suspended for one year.

Solicitor T. V. Kelly, speaking for St. John said that the lad had taken out two girls and feared that the car following him was a boyfriend of one of the young ladies. He later learned that it was a police cruiser.

In the chase that followed, St. John's speed was clocked at 110 miles per hour on the Brock Road in Uxbridge Twp.

The prizefighter staggered back to his corner after taking a terrific one-sided beating for seven rounds. "Don't give up now, boy," his manager whispered in his ear, "you've got a no-bitter going!"

Pastor Fred Nighswander Of Altona To Work Among Indians in N. Ont.

Fred Nighswander is a "Missionary In Overalls." "That's how I'm dressed now, and that's likely how I'll dress out there."

"Out there" is a remote area deep in north western Ontario; an area where Christianity is a word and not a way of life. It is a place where a tribe of Indians run a reserve but do it without the help of God. It is a place that needs changing... and if all goes according to Fred Nighswander's plans... it is a place that is going to undergo some changes.

He, his wife, and family are moving from their Altona farm on April 12th and going to a spot that should be another beneficial part of Ontario, but isn't quite up to standards.

This Indian reserve, on which a tribe of Ojibwas do little more than exist, is located near the towns of Barwick and Emo, in the Rainy River area. The Trans-Canada Highway runs directly through the middle of this reserve.

From the community of Barwick, Mr. Nighswander has received all the co-operation he could ask for. The residents of Barwick erected a new church and gave for it one for the reserve. The old church has since been moved onto the reservation.

Mr. Nighswander does not expect miracles as the changing of these Indians from heathens to Christians will not occur overnight. It will be a long, hard struggle, and one that will require perseverance and faith.

As well as spiritual help, Mr. Nighswander also plans to instruct the Indians in the economical and social aspects of life.

Bible School, the girl will also join the mission in the near future.

Pastor Nighswander plans to open a summer Bible School for the Indian instruction and he hopes to start singing classes. "They love to sing," he explained. "But they don't know any hymns."

Other plans include demon-

strations in agriculture, gardening and crafts.

Mr. Nighswander has heard of the Indians in Saskatchewan forming a Co-op plant, and he hopes a similar operation may be started on this reserve.

Pastor Nighswander is 52 years old and has been preaching in the Altona Mennonite Church for 27 years.
