**W. I. Displays Block Printing At Victoria Square**

A beautiful display of Block Printing by sixteen classes from Women's Institute branches of York County made an attractive setting for a meeting in Victoria Square on April 27th.

This was Summary Day when the women who had taken the course on Block Printing under the Local Leader Training plan of the Dept. of Agriculture exhibited the finished articles they had made during the course.

The meeting was opened by Miss Austria Janitz, York City Home Economist and Mrs. R. Brumwell of Victoria Square welcomed the 150 ladies to the new hall. Mrs. Wm. Miller of Highland Creek was chairman for the program. Reports of the classes were given by the local leaders and Miss Judy Gum of the Ontario Dept. of Agriculture who had been instructor for the course made helpful comments and complimented the groups on their fine work and original ideas.

Mr. M. R. Bolton assistant Agricultural Rep. for York County showed a film, "Craftsmen of Canada", depicting the handicrafts carried on in homes throughout the country.

Mrs. Garnet Francy of Gormley, F.WIO Board member for York and Ontario counties spoke briefly and Miss Janitz made a final announcement that the choice for next year's course of this increasingly popular Local Leader's Training School would be known and reported at the District Annual in May.

**Ont. Riding Residents Seek More Income Tax Exemptions**

(Michael Starr, J.L.P.)

On April 9th the Speaker of the House of Commons brought to the attention of the Members the presence in the galleries of Commissioner Edgar Grinstead and Mrs. Grinstead and other senior officers of the Salvation Army. This was an occasion to mark the 100th year since its founder, William Booth, first stood on Mile End Waste in the east end of London, England, in the midst of the degradation and disorganization of the industrial revolution, and proclaimed the age-old message that gave birth to the Salvation Army. Tributes by the Prime Minister and all leaders were made to the Salvation Army for the work they have performed over these many years.

The C.B.C. is planning to spend ten million dollars for a project at the 1967 Exposition in Montreal. Questions are being asked as to whether tenders have been called and whether the C.B.C. is able to make such a commitment when there has been no appropriation by Parliament for such an expenditure. At the time of writing this column no replies to the questions have as yet been received. The C.B.C. has now an annual budget of some ninety million dollars and growing each and every year.

The Budget will be brought down by the Minister of Finance on Monday, April 26th.

I have received many letters from residents of Ontario Riding, urging that the exemptions for income tax purposes be increased from \$1,000 to \$2,000 for single persons and from \$2,000 to \$3,000 for married couples. These communications have been brought to the attention of the Minister of Finance, who has advised me by letter that these representations are being given careful consideration in his preparation of the Budget. We will have to wait and hope that these pleas will have an effect on the Minister of Finance.

The cost of living index, released for March, 1965, stands at 137.3 as compared with 134.6 a year ago. This is an increase of 2.7 percentage points. In their recently published report, the Economic Council of Canada recommended that we hold any increase in the cost of living to two percentage points. This increase is .7 percentage points above the recommendation and the Government was immediately asked about this increase. The reply by the Minister of Finance was that the Government is doing its best to encourage everybody to keep down the cost of production and they are watching the situation carefully. This answer did not satisfy the Members and suggestions were made that the Government remove the 13% sales tax, which would help the situation a great deal. In the past year the Government imposed an 11% sales tax on building materials and production machinery. This naturally increased costs in both fields of activity and has contributed to the cost of living rise.

The B and B Commission is in trouble again. A questionnaire was drafted, directed at Members of Parliament, with which even the Prime Minister did not agree and they had to withdraw their activity from this area. The questions set out had nothing to do with biculturalism or bilingualism but with politics.
